EDITORS NOTE

The school magazine is not merely a record of the events of the school year. It is a magazine that is to be kept and treasured for years after its publication. This, the third edition of the Waipu District High School magazine, we trust will serve the same purpose.

This year has seen many changes in the school. Perhaps the main change, or the one that will take place, is the transfer of the school to Ruakaka. We hope that the tradition of the school magazine will be continued at this new headquarters, and that the achievements and successes of the school will also carry on.

For 1971 the magazine has been largely compiled by senior pupils of the school. The school magazine committee of this year would like to wish its successors success in future publications. We hope that all who purchase this magazine will find something to their taste within its covers.

HEADTEACHERS REMARKS 1971

Our 1971 School Magazine is the last to be published in the name of the Waipu District High School; this will mean little to some but it will mean a great lot to many. Present pupils and past pupils, present teachers and past teachers, Committee members of today and yesterday, P.T.A. members and parents of several generations are all likely to associate memories of past successes and failures, of friends and of important occasions with their school - Waipu District High.

In our last year much that has happened gives cause for pride. There has been increasing willingness on the part of parents and pupils to become involved with the life of the school and to give something of their own - perhaps time or money, for the welfare of others. I think of the work done by Mr Phiskie and teams of volunteers who have given time and effort to improve the facilities available to our students and staff. I think of parents working for many hours to improve library facilities. I think of efforts made by students to help suffering children in Asia and Intellectually Handicapped children. I think of staff who gave up lunch and weekend times to the extra-curricular activities of the school. I think of the increasing involvement of primary children in planning and responsibility for class activities.

I wish also to record my appreciation of the efforts made in a difficult year by the School Committee members, Education Board officers, and Departmental officers.

Like many other District High Schools, we are about to close. Change will bring improved facilities and more generous staffing. I am sure that the values of the District High School, the personal relationships, the concern for individuals and the relationship between school and community will continue in the new school.

H.L. Baxter

HEAD PREFECTS' REPORT

During our term as Head Prefects of Waipu D.H.S. we have both learnt a lot about ourselves and other people. We are thankful for this experience and we would like to thank all the pupils in their attitude to us as their Prefects. We have been here for several years, and we have learnt that Waipu is not just a school for learning. It is a school which prepares everyone for what lies ahead, even though many of us find it hard to grasp this point. Waipu's success lies in the staff as well as the pupils. Remember Waipu is your school and you are the key to its success.

We would like to wish the 1972 prefects all the success that we ourselves have enjoyed, and even more if possible.

A special thanks to our Headmaster, Mr Aston, Mrs Challenger, and all members of the staff who have made our duties easier and fewer, and who have given us a wonderful year at Waipu.

Remember this Waipu! "If it's possible you will achieve it. If it's impossible you must achieve it."

* Left during the year		

Teacher Advisor : Mr C.J. Singleton
 Chairwoman: Jill McCathie
 Secretary: Meg Cochrane
 Treasurer: Tony Cochrane

The council has functioned well this year and has made recommendations on subjects as varied as the quality of school lunches, uniforms and pupil safety.

Another very successful visit was arranged when 10 pupils from Homai College for the Blind were billeted for two nights by pupils.

Later in the year the school voted to raise \$100 a year to sponsor a family in Asia. So far \$90 has been raised by various means so this very worthwhile project can go ahead.

SCHOOL COUNCIL

PRIMARY DEPARTMENT NOTES

A vigorous, stimulating and satisfying programme of projects and events highlighted the year. The completion of a School Scheme was the major staff achievement and the policy of exchange visits, together with experience units was undertaken successfully by several classes.

Lonsdale Park was used by Standard 4 who followed up with a night vigil and dawn hike about a local beach; apparently the creative language output was very, very colourful.

Along with an invitation to Takahiwhai and Freyberg School from Standard 1 and 4, the Form 1 class invited children from Ferguson Intermediate, Otara. All these visitors went back to Auckland convinced that farm life was rewarding.

The staff visit to Auckland schools was productive. Little is lost at our school in comparison in Mathematics and language development.

Junior classes had mini feasts, major local surveys and Play Centre visits.

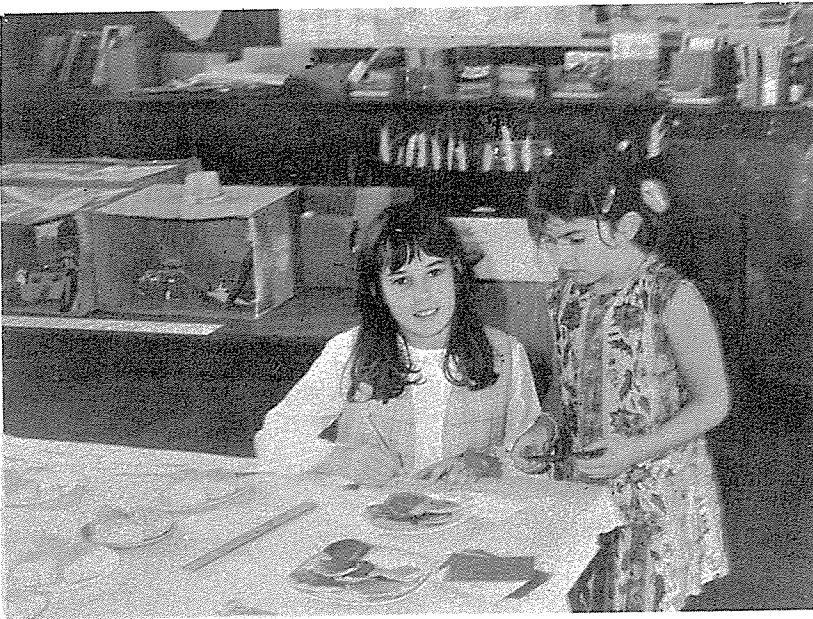

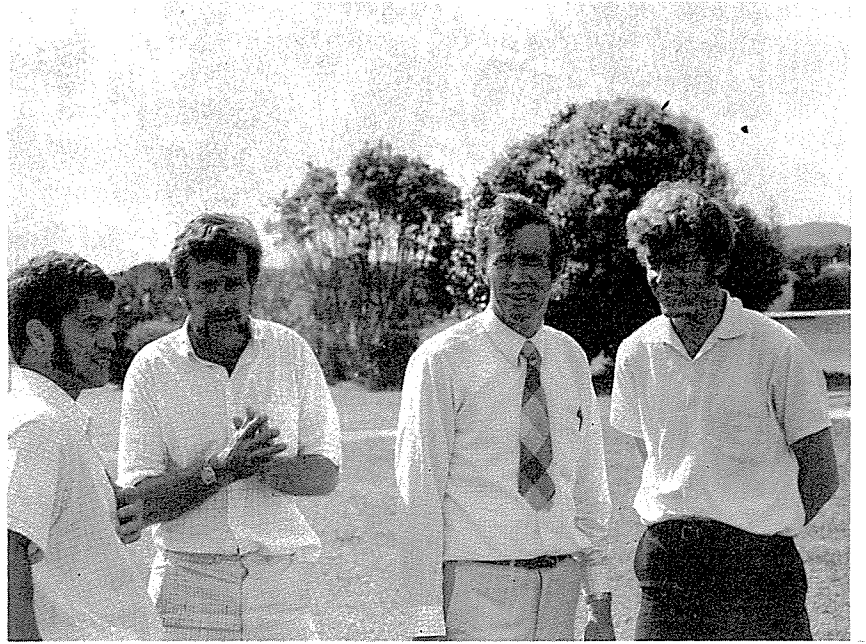

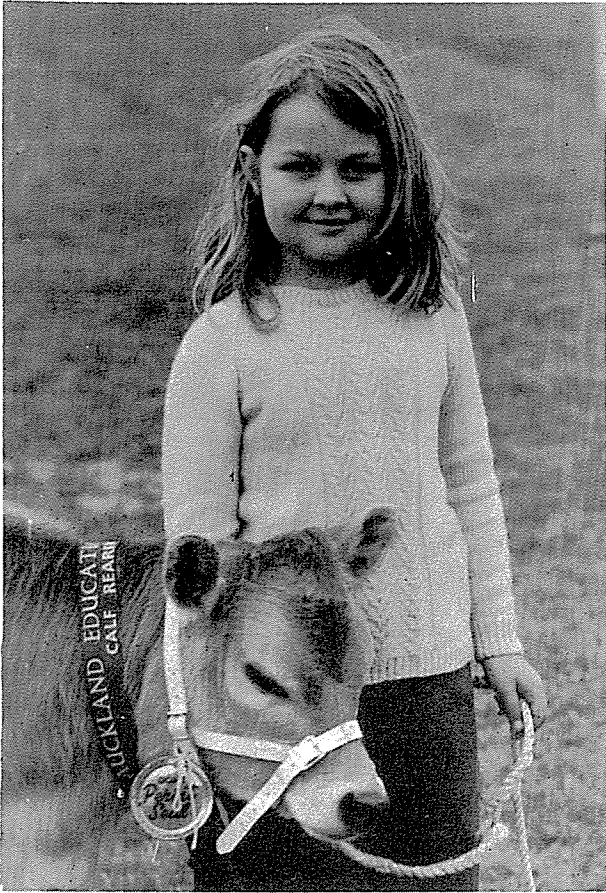

Show Day fulfilled its promise - a great turn-out although partly wet.

The Library Ladies' Committee again served with excellent results. Could any school be better served by this band of dedicated parents?

Folk Dancing night drew fine parental response. Choir singing was again harmonious and skilled.

As the Primary School will have its own identity next year, the staff wishes to thank the combined parents, School Committee, P.T.A. Office staff and Caretaker and Cleaning staff for their well-appreciated services.

- N. Boyle

PRIMARY 1ST XV RUGBY

PRIMARY NETBALL 'A'

SWIMMING TEAM

PRIMARY CHOIR

PRIMARY ORCHESTRA

PRIMARY SPORTS RESULTS

As in previous years Rugby and Netball were again the dominant sports in the primary school, with Netball being very successful. This year also saw Hockey and soccer achieving their success in inter school competition.

The major school trips were to Takahiwai, Ruakaka and Springfield.

A combined Takahiwai, Ruakaka, Springfield - Waipu team visited Ruawai with some convincing results to the combined side.

Rugby A	-	Waipu 24	-	Ruawai 0
Rugby B	-	Waipu 18	-	Ruawai 3
Basketball	-			Ruawai won
Soccer	-			3 All Draw

A team from Otamatea also came to Waipu to play a combined Waipu, Ruakaka, Takahiwai, Springfield team.

This was a very enjoyable visit.

Rugby A	Waipu 18	-	Otamatea	0
Rugby B	Waipu 22	-	Otamatea	3
Basketball	Waipu 8	-	Otamatea	5
Hockey - Boys	Nil	all draw		
Hockey Girls	2	all draw		

On Friday 16th July Waipu had a visit from Ruakaka School.

Rugby	Waipu 15	-	Ruakaka	6
Soccer	Waipu 2	-	Ruakaka	0
Basketball A	Waipu 8	-	Ruakaka	8
Basketball B	Waipu 4	-	Ruakaka	0

NOTES ON SCHOOL CHOIR

On the 17th and 18th of August 1971, two very successful evenings of music were presented by pupils of Primary schools in and around Whangarei.

Thirtwo-two children from Waipu took part on the first night and combined with several other schools to make up a 360-strong choir

The combined choir sang 13 songs and individual items were performed by Ruakaka, Takahiwai and Waipu.

A highlight of the evening was Waipu's orchestral group who, under the direction of Mr Baxter, Headteacher, played four very enjoyable items. The choir, trained by Mrs Boyle, and the orchestra had an opportunity to perform again at our Primary School concert and dance held in September.

OTARA REVIEW

Early in November Form One of Ferguson Intermediate School, Otara arrived in Waipu. They had been travelling in a hot bus for two hours. A few weeks earlier Waipu's Form I had invited them to come and visit rather than the usual Murray's Bay children.

The highlight of their stay was when they visited some of the local farms whose owners had kindly consented to show them round. The farmers got the city children into the swing of country life as well as teaching them to use the strange machinery.

The unusual odours certainly encouraged the children who had never known them to exist. But as all good days do, it was suddenly time to go home and get ready for the dance that Form I was holding in their honour.

At 8 o'clock the dance began, although Otara boys seemed rather shy to dance with girls, until Mr Boyle 'conned' them into it. At 9.30 p.m. everyone had some punch, and something to eat, and at half-past ten our dance ended.

The next day Otara was to go home, but not before they had visited Mr Phiskie's farm and had a game of Tapu Wy.

THE HIKE

On Tuesday 27th of April, we set off on our hike. We got to our destination where we were to meet Mr Lang. We arrived about 11 o'clock. We went off up the hill. We followed a trail which led to a huge Kauri tree. We went back to where we had first met. Mrs Lang had already got the fires going, for our barbecue. Once again we set off. This time the main route of our hike. We crossed a stream and once again started up a hill, and then another hill - which was mainly marsh. Several boys ran ahead, but on reaching the beach we heard shrieks. The boys had disturbed a nest of wasps! On the beach in the rock pools, we found plenty of sea-eggs, squid and starfish.

- Christine Lang - Std 4

SHOW DAY

Yesterday in the morning I thought that it would be fine but it was wet. Some of the classrooms looked good. Lambs, calves and horses came. There were three horses. There were decorated bikes, there were sandsaucers, cooking contest, begetable novelties, collections and many other things. If you had any money you could go down to the two vans - one had drinks and one had ice-blocks. In the afternoon it started raining a bit then it got worse, and worse. You could watch anything, and you could enter almost everything there was. You could go and watch the Drama. I liked it, About three people acted. It was about a grumpy king and a clown.

LONSDALE PARK MISSION - Eat -a- lot

The morning was terrible. In between meals there were pangs of hunger in my and other boys' stomachs. I wrote in my diary that night about my suffering. After that Mr Peni told the camp ladies and then the food situation became a bit better. Night-time was the best fun. When the boys in our double cabin were in their pyjamas, all the boys from other cabins came in to see us. We had good fun talking and telling each other things which went on in their sleeping quarters. While this was going on we thought Mr Peni was still in the Mess Hall but he wasn't! He was prowling around the cabins checking that everybody was in bed. Then! - Get out of here - you boys! Oh! it was Pop Peni - Oh well! Better luck next time.

- P. Cheshire - Std 4

CARE OF YOUR TEETH

Over the period I have been here I have been very pleased with the general condition of the children's teeth. I have also noticed the more healthy condition of the teeth of those children who take fluoride - they have far fewer cavities.

Living in a community like our where there is a lack of natural fluoride in the water - fluoride tables obtainable from a chemist are the next best thing.

Children's teeth are so important and unless they are cared for, it is inevitable that sooner or later a child will wear some form of denture. It is not difficult to keep teeth in good order.

Here is the A.B.C.D. for Good Dental Health.

- "A" - Avoid sweet sticky foods.
- "B" - Brush your teeth immediately after eating
- "C" - Consult your dental nurse or dentist at least twice a year
- "D" - Drink fluoridated water or in this case take fluoride tablets.

All children over 2½ years of age are eligible for free dental treatment at the school clinic. After the Christmas holidays I shall start dental services again on 17 January 1971. Regular time will again be between Ruakaka and Waipu schools and I am always available at either of these schools.

J.A. Fox
School Dental Nurse

THE LAW AND THE SCHOOL

The reality of the Law was shown to our Form I class recently when they visited the Magistrate's Court - newly opened in Whangarei.

Full courtesy was shown to the pupils even to allowing them (some) to sit in the Jury Box. A personal address by the presiding Magistrate

and his answers to questions by the pupils ensured a lively court session.

As part of the Social Studies programme, this experience helped the class to appreciate the functions, responsibilities and duties of those administering justice in our community.

A WORTHY BLOW

Mr "School Committee" a staunch believer in a firm hand, had his wishes fulfilled when Julie Grant our youngest pupil, rang Bert Worthy's presentation bell for the first time.

SECONDARY DEPARTMENT NOTES

This year has been one for "firsts" in the Secondary Department, amongst these records being the largest enrolment ever (228) our biggest 6th Form (30), our largest staff, the development of a new Library room, the institution of a Sports Council and the first 6th Form Ball the school has held. There is of course one significant "last" - the last year and the last magazine of the Waipu District High School.

A school magazine mirrors many of the activities of a school and may also give some impressions of what sort of education its children receive.

For instance you will notice that examination results for 1970 were again of a high standard, including the response of pupils to the teaching being provided and the support received from parents.

An extremely varied sporting programme has been completed ranging from our annual fixtures with Papakura, Katikati and our neighbouring schools to participation in a volleyball tournament and the staging of the Lower Northland Secondary Schools Cross Country event. All fixtures went smoothly, reflecting credit on the enthusiasm of pupils and the efforts of teachers and parents. Saturday teams competed in Whangarei with distinction.

The School Council has been active, in its scheme to "adopt" an Asian family in need.

Change is another theme of significance. In recent years, and especially this year, we have introduced what we feel are useful and progressive changes in our patterns of subjects and options. New approaches to the teaching of several subjects have been adopted, especially those that form the "core" - English, Social Studies, Mathematics and Science.

If the High School to be established next year can carry forward and develop the pattern of service given by staff, pupils and parents in the past, then the future of secondary education in the area is assured.

W.B. Aston
Senior Secondary Assistant

TEACHER CHANGES

Left at end of 1970 year : Mrs Kraack

We welcomed the following who have joined the staff this year:-

Mr W. Pond	Aorere College, Papatoetoe
Mrs W Pond	Auckland Teachers College
Mr M. Hornblow	Glendowie College
Mr R. McCullum	Kelston Boys High School
Miss Elliot	1st Term)
Miss McCrae	2nd Term) Homecraft P.A.'s
Miss Bradley	3rd Term)
Mr Wingerden	replaced by
Mr T. Davidson	Huntly College

We wish Mrs Challenger the best of luck as she is resigning at the end of this year and also Mr Stern, who leaves to take up the position of Head of Commercial Department at Rosehill College, Papakura.

LIBRARY NOTES

It is good to see the numbers of overdue and lost books slowly decreasing in number. Furthermore the behaviour and attitude of pupils in the library is extremely pleasing.

Congratulations are in order to those pupils of the willing library committee who have organised issuing and supervision so admirably this year. The involvement of pupils in so many activities in the third term (typing cards, repairing books, attending National Library Service Visits) bodes well for next year.

Mrs Rogers deserves special thanks for her efforts in the library this year. Likewise the parents committee have been a fine help.

Next year the new secondary school should bring even further changes. More books, curtains and periodicals are a possibility.

Library Committee Members : Miriam Wingerden, Michael Green, Maureen Holland, Janet D'Ath, Lesley Steedman, Ann Powell, Clarissa Terry, Susan Still, Mike Wingerden, Alan Joule, Gerard Wingerden, Sally Smith, Robyn Barnes, Ross Jordan, Shirley Pyle.

CHAMBER OF COMMERCE

1970 was the final year of Chamber of Commerce examinations. 45 passes were gained. A pass mark is 60% or higher and an Honours Pass is 85% or higher. Two people gained Honours Passes

Brett Dyer in Arithmetic
Michael Green in Arithmetic

NO REST

When it comes to test time
I seem to have no rest time
Instead we are working on and on
And after a week the tests have gone

Grant Whittle - Form 3

INTEREST

First Fire Drill For Four Years!

The school got a face lift and a new coat of paint during the second term. 'Vandals keep your mitts off!!!'

The mufti day was a great success when we saw everything from jeans to hotpants. This raised approximately \$17.00 for the Papakura trip.

At long last we are now being promoted to the rank of a College ... what happens to the school? What happens to the school uniform.

Everyone will have notice by now the beautiful new gardens at the front of the school. I'm sure everybody will appreciate the time and hard work put in by Mr Gates.

Finally at the end of the first term, ready for the beginning of the second term, our prefabs were installed. We now have a luxurious new library in Room 5. Please keep it this way.

Throughout this year the school has spent in excess of \$200 on sports equipment. It would be nice to think that this equipment will not be left inditches or out in the field to rot.

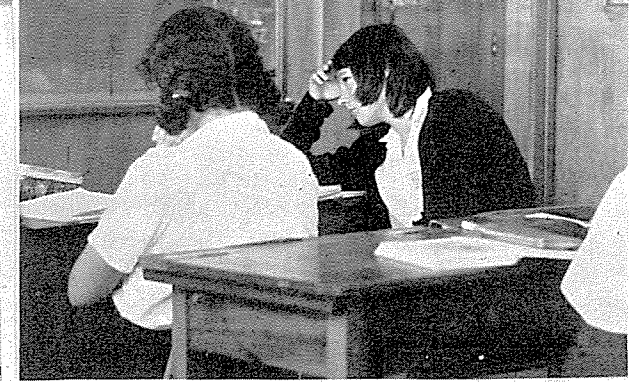

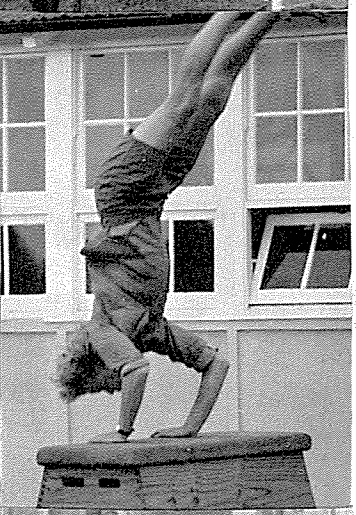

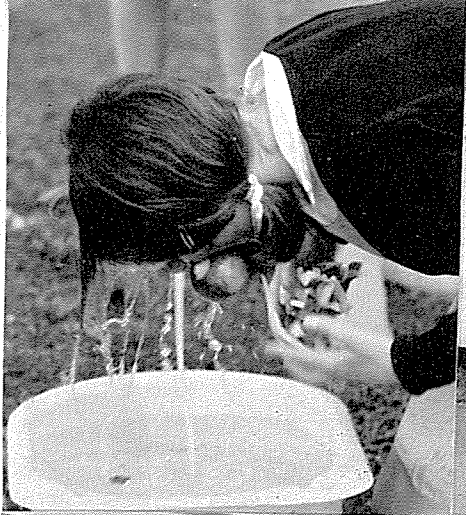

HALF A LAUGH

Anybody notice a sweet little third form chick in the shape of Mrs Pond on mufti day.

Anybody heard what our head prefects are doing next year?

Tony Cochrane-Probable destination :	Massey University
Probable Occupation	An All Black with a broken thumb
Barbara Woods-Probable Destination	Hospital - Nursing
Probable Occupation	Leader of Women's Lib

Everybody noticed that the curls were shorn before the Papakura trip.

SHOW DAY

Recently the pupils along with the help of their form teachers succeeded in holding a profitable fund-raising afternoon. The money which amounted to a pleasing sum of \$70 will be used to support an Asian Family. Rain and wind marred the afternoon's programme but still pupils and parents were prepared to work together and raise the money.

Displays in classrooms tempted the ever-learning parents into extending his or her opinions, on the matters and in doing so they picked up many new outlooks on modern teaching.

Special interest was shown in the Maths display and the Science displays arranged by Mr Vercoe, Mr Hornblow and Mr Singleton. One must not forget the outside stalls which were just as worthy of praise. Car smashing which tested man's brutality, egg catching which was meant to test a man's ability to catch eggs (though many pupils went home smelling of raw eggs), and golf putting were only a few of the successful stalls, which managed to raise money.

An excellent gymnastics display was performed by the primary and secondary gymnasts. This also attracted many adults. If one happened to be a keen photographer one may have tried to distinguish between the teacher's baby photos. It was harder than you might think. Was Mr Pond really the one with the beard, or was he the one eating the rattle? All in all it was a most successful day both for the pupil and the parent.

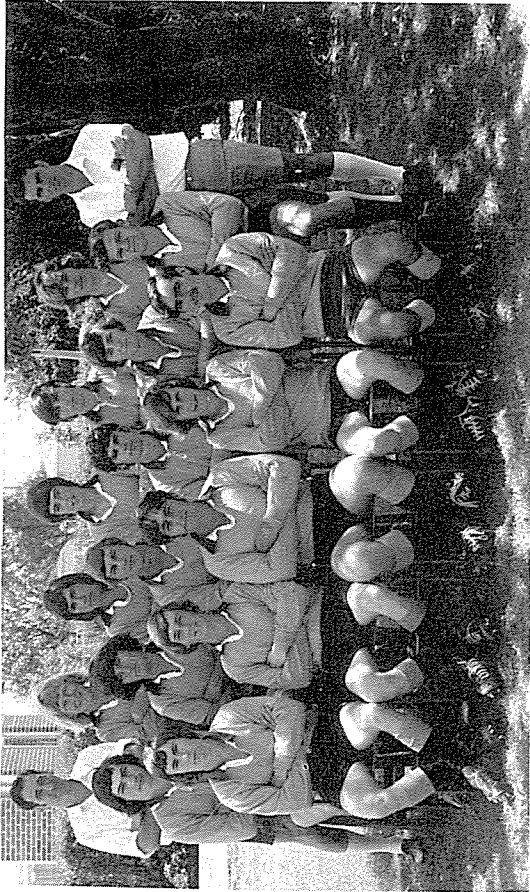

- Geoffrey Maxwell -

SCHOOL SOCIAL FUNCTIONS

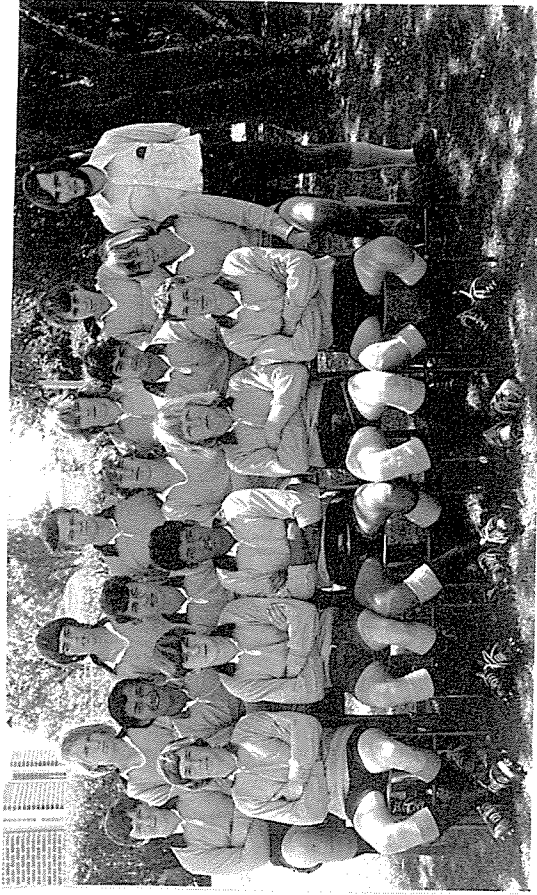

The Johnny O'Connell Four provided the music at these functions. This added to their success.

The 1st term social was organised by the fifth form. In this we invited Katikati and Tauroroa High Schools as they were here on sports visits. This social raised \$36.00.

We had our first Waipu D.H.S. Ball. This was run by the 6th Form. Fifth formers and partners were invited. Prefects from Otamatea High School, Whangarei B.H.S. Whangarei G.H.S. Kamo H.S. and Tauroroa D.H.S. were also invited. The catering was fantastic, being done by a few mothers to whom we extend our thanks for helping to make our first ball a great success.

1ST XV RUGBY TEAM

2ND XV RUGBY TEAM

'A' NETBALL TEAM

'B' NETBALL TEAM

S P O R T S

1st XV Rugby

The first XV enjoyed another relatively successful year. Although there were some early defeats against Otamatea and Mahurangi, team spirit remained high throughout. Most enjoyable games were against Rodney, Katikati, Papakura and the Old Boys team.

New players performed well and helped to develop the team into a solid one.

Players were :- Taylor Pirihi, Innes Sloane, Maurice Ansell, Bill Croudis, Russell Hodgson, Warwick Blagrove, Arthur Clyde, Sandy Brown, Geoffrey Baxter, Alan Millar, Grant Efford, John Deacon, Errol Dodds, David McLean, Steven McLean, Tony Cochrane (Capt) Ross Dickson, Arie Leewenburg.

<u>RESULTS</u> :	V Ruawai	30 - 0	Won
	V Mahurangi	12- 19	Lost
	V Otamatea	8 -19	Lost
	V Rodney	9 - 9	Draw
	V Katikati	11 -11	Draw
	V Papakura	10 - 8	Won
	V Old Boys	11 -11	Draw

2nd XV Rugby

The 2nd XV put up many a good battle in the inter-school fixtures, although size and fitness often let the team down. Five games were played for one win, two draw, and two losses. Credit must go to Mr Pond for the time spent coaching and managing the team.

Players were :- C. Cullen, G. Knowles, I. Whimp, G. Maxwell, T. Peetersm S. Dyke, R. Lower, B. Logan, A. Leewenburg, D. Logan, G. Massey. The following players left for the 1st XV during the year :- R. Dickson, G. Efford, I. Jellick

Netball

This year we had four school netball teams; Senior A & B, 4th and 3rd Form. The usual interschool games were played with mixed success. After a very close game the Senior A team lost to Katikati by a narrow margin. The game against Papakura High School resulted in a 27 - 25 win to Waipu. Senior B team had a good season winning most of their interschool games. Congratulations to Kay Sutton who won the cup for the most improved netballer of the year.

Players were :- Barbara Woods (Captain (GS) Phoebe Yakas (GA) Lynnette Stern (WA) Sharon McQueen (C) Maureen Cooper (WD) Elaine Cullen (GD) Meg Cochrane (GK).

1st XI Cricket 1971

This year the school cricket team played Mahurangi College gaining a moral victory over our traditional rival. Another match is scheduled against Otamatea in December. It is hoped that there will be sufficient numbers in which to select a cricket team for this fixture. This year's team has possibly been weaker than some of the previous year's team, but this is due to the dwindling numbers of players involved in cricket, and because of the many inexperienced players in the team. Several promising third form players will no doubt carry on to make future sides formidable.

Team coaches are Mr Wright and Mr McCullum.

Team members for the fixture against Mahurangi College were Tony Cochrane (Captain) S. McLean, D. McLean, G. Baxter, A. Cochrane, D. Potter, B. Widt, S. Dyke, C. Worthy, B. Lamb, A. Skeels.

Boys 1st XI Hockey

This years hockey team has again kept up its winning record by defeating three teams and losing to only two. These two losses were against our best rivals Papakura and Katikata.

Results: Mahurangi	3	Waipu	6
Otamatea	0	Waipu	13
Rodney	0	Waipu	3
Papakura	7	Waipu	1
Katikati	5	Waipu	2

Our team this year was marred at the start by the loss of some of last year's players. Positions were soon filled and new team members picked this year will be able to strengthen our next year's team with the experience they have gained.

The team this year was as follows: Mr Aston (Team Coach)
R. Gayford (Captain) L. Donaldson (Vice Captain) C. Worthy
M. Draffin, S. Lewin, W. Lewin, R. Price, W. Lewis, J. Lever,
G. Hodgson, B. Steedman, B. Price, M. Leewenburg.

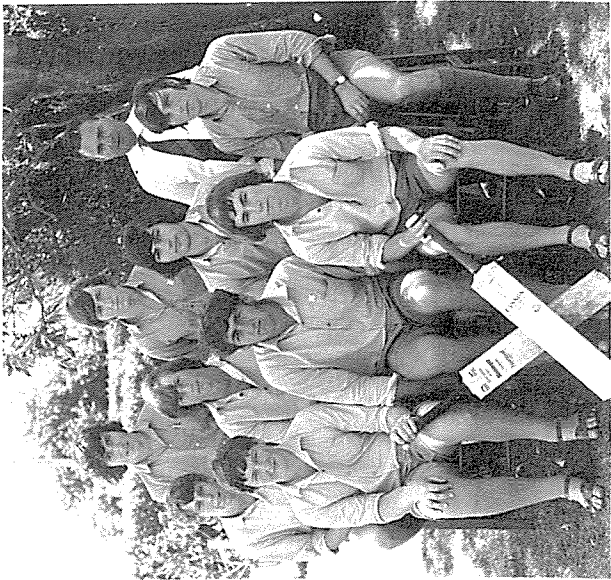

1st XI Girls Hockey

The team this year participated in many inter-school matches and also in the Whangarei Hockey Association Saturday Competition.

The inter-school matches were with Mahurangi, Ruawai, Otamatea, Rodney, Katikati and Papakura. Results to these were five wins and one draw with Rodney

While competing in the Whangarei Hockey Association, the team played its way to the top to draw the championship cup with the Whangarei Girls High School 'B' team in the Womens Second Grade.

Success this season has been due to the coaching of Mr Wright, Mrs Bracey, Mrs Steedman and Mrs Miller.

1ST XI CRICKET TEAM

1ST XI GIRLS HOCKEY TEAM

1ST XI BOYS HOCKEY TEAM

SCHOOL VOLLEYBALL TEAMS

GIRLS SOFTBALL

BOYS SOFTBALL

1ST XI SOCCER

TENNIS

1st XI Girls Hockey

Team : J. Graham (Captain), A. Fooy, J. McCathie, R. Barnes, L. Steedman, J. Cox, M. Morunga, R. Miller, R. Shepherd, A. Miller, S. McGimpsey.

Girls Softball

Both A and B girls softball teams defeated Otamatea and Mahurangi by large margins, to maintain an unbeaten record. It was the team spirit which brought success.

Team members were 'A' team : J. Cox (Captain), E. Cullen, S. McQueen, F. Dyke, L. Stern, M. Cooper, A. Powell, A. McPhee, J. D'Ath, M. Wynyard, L. Clements, A. Fooy.

'B' Team members were : S. Pennington, B. Clyde, C. Draper, C. Bowmar, F. McGregor, C. Pyle, G. Pirihi, D. Erceg, R. Miller.

Coaches were Mrs Challenger and Mrs McGregor

Boys Softball

This season our team surprised over anxious teams from two schools. Our first game against Otamatea was a close game when we had two extra innings. We won this game by the narrow margin of 14-10. The second game was an easier one when we beat Mahurangi 32-9. The team was not the best fielded by the school but nevertheless proved that size has nothing to do with the ability of a team.

Team members were : R. Pirihi, (Captain) A. Clyde, R. Price, L. Donaldson, S. Brown, W. Lewis, R. Dodds, R. Dickson, W. Lewin, S. Lewin.

Boys Tennis

This year a greater number of pupils became interested in tennis, thus there was a better selection for competition purposes. Many of last years players returned to make a first class tennis team which consisted of:

Richard Woods, Tony Peeters, Russell Hodgson, Robert Draper, Geoffrey Maxwell and Raymonde Peeters.

There were various games against visiting teams. The year was very successful. Thanks is due to the coach and selector Mr Vercoe for all the hard work and time he put into the team.

Girls Tennis

The girls tennis team played in two inter-school fixture this year against Otamatea and Mahurangi, both being successful for Waipu.

Team members were : B. Unkovich, L. McCully, J. Graham, B. Woods, J. McCathie, P. Yakas

Athletic Sports Day

On 16th March 1971 Waipu D.H.S. held their yearly athletic meeting. It was a cloudy day with showers at intervals. The events ran smoothly in age groups ranging from Juniors, Intermediate and Senior.

Most of the events were held in the Caledonian Park with Primary and Secondary pupils both enjoying a leisurely day.

Some pupils who gained places later represented Waipu in the Lower Northland Sports.

Robyn Pennington, Pamela Derbyshire, Jenny Graham, Russel Hodgson, Innes Sloane were only a few who managed to gain a place at Warkworth where the meeting was held.

After the Waipu Sports had been run all the secondary pupils gathered in a group and they were told the W.D.H.S. Champions of the day.

Junior Girls	-	Robyn Pennington
Junior boys	-	Shaun Dyke
Intermediate Girls	-	Kay Sutton
Intermediate Boys	-	Innes Sloane
Senior Girls	-	Lynnette McCully
Senior Boys	-	Russel Hodgson

Each champion was awarded with a cup.

Lower Northland and Northland Swimming Sports

Waipu was represented by a group of about 20 pupils at Helensville where this year's Lower Northland Swimming Sports were held. Waipu obtained placings in almost every event. Because it was the first time this type of meeting was held every first place was a new record. Waipu was fortunate enough to bring home three placings.

Team members were : Roger Gayford, Chris Cullen, Lloyd Cullen, Arie Leewenburg, Ronald Kerkhof, Brett Dyer, Bill Croudin, Murray Donaldson, Lyn Lever, Bain McKay, Lyn Stern, Allan Millar, Ian Leewenburg, Jean Lovie, Graeme Hodgson, Phillipa Baxter, Murray Newton, Mary Morunga, Sharon McQueen, Raewyn Millar, Carol Bowmar, A. Cochrane, Bryce Steedman, Geoff Baxter, John Fisher, Gary Carter.

From the results of this meeting a team was picked to represent Waipu at the Northland Swimming Sports.

Team members were : Murray Donaldson, Bill Croudin, Arie Leewenburg, Ian Leewenburg, Carol Bowmar, Sharon McQueen.

Results were : Murray Donaldson - Junior 66 $\frac{2}{3}$ Freestyle - third in heat
 Bill Croudin - Senior 66 $\frac{2}{3}$ Breaststroke-fourth in final
 Arie Leewenburg - Senior 66 $\frac{2}{3}$ Backstroke-Second in heat
 Fifth in final
 Ian Leewenburg - Junior 33 $\frac{1}{3}$ Backstroke - fifth in heat

Carol Bowmar - Junior 33 $\frac{1}{3}$ Freestyle - First in heat
Fifth in final
Sharon McQueen - Senior 66 $\frac{2}{3}$ backstroke - Fourth in final

Cross Country

Our school for the second year organised and held the Lower Northland Cross-country championships. The course was over Mr Tapley's picturesque property which overlooks the Waipu River mouth. Our teams were placed Third in both Senior and Junior events.

Team members were : Ross Dickson, Sandy Brown, Reg Price
Robert Lowe, Gordon Knowles.

Junior members were : Martin Crowe, Ian McLean, Murray
Copeman, Lloyd Cullen, Martin Jellick.

SCHOOL SWIMMING SPORTS

Waipu school hired the Olympic Pools in Whangarei on the day especially for the swimming sports. There was an event to suit everybody, ranging from 50 metres freestyle to the most comical dive.

The sports were organised with the various school houses competing against each other.

They had a teachers versus pupils relay race, which the pupils won easily and also relays for every house in each age group.

It was a very successful day, that just about everybody participated in and enjoyed.

CROSS COUNTRY TEAM

OTAMATEA v WAIPU SPORTS DAY

Our Forms I - IV pupils played Otamatea teams in Softball, Cricket and Tennis on the 30th November. A most enjoyable day was had by all, the games being played in a fine spirit, under Waipu's usual sunny conditions. One hundred and thirty pupils participated and many third and fourth formers represented the school for the first time, in these teams.

Results: Cricket Outright win to Otamatea in both games
 Softball Junior Boys Waipu 46 Otamatea 2
 Senior Boys Waipu 13 Otamatea 6
 Junior Girls Waipu 19 Otamatea 13
 Senior Girls Waipu 25 Otamatea 13
 Form I & II Waipu 3 games Otamatea 1 Game
 Tennis - 3rd and 4th Form teams Waipu 12

 1st and 2nd Form teams Waipu 6
 Otamatea 6

LONELY

Every day, every night I'm all by myself. No-one to talk to, no-one to eat with. Oh! I am lonely. If I had a wish, I would not wish for money, I would not wish for clothes, I would just wish for someone or something to talk to.

-Jennifer Boyle-
Std 3

THE MOSQUITO

It buzzes around me 'til I nearly fry,
It sinks its jaws in .. It thinks I'll die,
It makes me mad to think he's glad,
To chew and swell my skin.
Then he sits on my leg .. and then I grin.
Smack! - I squashed him.

-J. Rowe-
Std 4

ELIZABETH FRY

In days of old,
The prisons were damp and cold:
Until Elizabeth Fry came along
And made changes for that throng.

She taught them how to read and write
To bring their children up right,
This prison 'Lady in Grey'
Was their guide each day.

Elizabeth Fry had courage and faith
Which helped her try the impossible
To lift these poor people from their awful state
And get them clothes, food, doctors and hope.

THE DISAPPEARANCE OF WAIPU CITIZENS

I was a bank executive and I had come to Waipu to see my Aunt. But as I arrived I had a peculiar feeling that someone was trailing me ... I stopped at the Waipu Supermarket but there were no cars there. I went into the Supermarket but there was no one insight there. Suddenly there was a blast from the radio as a song came through the loudspeaker, and I rushed outside like a frightened mouse from a cat. I rushed past the Lions Playground, but as I bolted past the Film advertisement window in the Coronation Hall, I saw something which stopped me with a jolt. I strode back calmly and looked in the window and the title there was "The Disappearance of Waipu Citizens" in big, black letters ...

Then I went over to the House of Memories to find out if anybody was there. Yes EVERYBODY WAS THERE -IN BOTTLES! - S. Peeters-

HAPPINESS

Happiness is standing under an umbrella in the pouring rain,
Singing as the water swirls round your toes.
Happiness is a feeling of freedom
Hoping that it won't pass when the rain goes.
Happiness is lazing round in the sun
And suffering with sunburn afterwards.
Happiness is not worrying about a thing,
Even though you really should.
Happiness is sitting beside the boy you secretly admire
And your heart beats louder than a drum,
Happiness is watching him eat his home-baked cakes
And hoping that he'll give you some.
Happiness is sloshing through the puddles barefoot
And leaving your boots behind on purpose.
Happiness is eating twelve packets of chicken chips
and putting up with stomach-ache afterwards.
Happiness is sharing a chocolate malted milkshake
And not saying anything when he drinks the most.
Happiness is throwing a party because you're happy
And being the world's most perfect host.
Happiness is drawing funny pictures
Especially on a misty window,
Happiness is when your sister's had her baby
And you're eager to watch your little nephew grow,
Happiness is winning \$100 in the 'Double'
And donating it all to the S.P.C.A.
Happiness is when he buys you a ring for Christmas
And you're so happy you don't know what to say.

-Mavis Wynyard-
Form 5

She sat alone - all by herself
Sorrow, Tears, Alone,
She lives alone, under a weeping tree
Stars, Sunlight, Morning cares.
All that she's lost she will never see.
She is like a prisoner,
Shut away - For ever.

-A. McDonald-
Form 3

DERELECT HOUSE

Through the shattered windows,
Blew a cool breeze,
Which lifted the dust,
And made us all sneeze,
We went to the window,
To take a quick breath,
And then from behind us,
We heard someone chant 'Death'
We whipped around at great speed,
But all we saw,
Was a shadow, recede,
We scampered away like a frightened mouse,
Never to return to that dreadful old house.

-Grant Mason-

THE HOUSE OF MEMORIES

I looked among the flint-locks,
And I admired all the knives,
I wondered how many of them
Had taken other's lives.

I glanced upon the bagpipes
My Scottish fathers did bear,
And I looked upon a tartan shawl,
Which was none the worse for wear.

The old portraits and photographs,
Which hang up on the walls,
Are mostly of Scottish influence
With kilts, bagpipipes and shawls.

As well, I saw a whisky still
Through which whisky must have flowed
How many glasses it did fill
I don't think one would know.

And then I scanned a bullock team,
Upon the wall up there.
And a Kauri gum lump met my eyes
Enclosing a spider's black hair.

-H. Muller-
Form 2

Wind rustling leaves; different coloured leaves. Branches shaking gently. Peaceful humming of Cicadas. Tweets of birds. Long thin limbs stretching in every direction. Different shaped leaves. Red berries. Swaying branches to and fro. Big trees, small trees, shrubs. Clouds in the sky drifting by. Green leaves on branches moving against blue background. Birds flutter wings on trees as they fly through tall majestic oaks. Only outline showing. Leaves drift with the wind, detached from the trees. Peace in different sort of way. Birds singing and cicadas hum. Cool shade of wonderful tree. Wind sweeps gently through the tree making cool big leaves on trees shade ground below. Brown acorns as they turn ripe dropping with small thuds on to the leaf clustered ground.

-K. Moje-
Form 2

SHOW DAY

Showday is a day of animals, and displays
Which are things the children brought.
Showday is also a day
of fun, pleasure and thought.

Over on the Secondary side
There were skills and games for all,
And down at the Secondary Assembly Bock
was another fund-raising object - 'a stall'

The smashing of a green car
attracted the crowd that day.
and a little while after that
There was a boys' and girls' Gymnastic display

Prizes won and contest winner announced
and the ending won't be long
But this day will be in everyone's memories
Until they are gone.

-Mark Draper-
Form 3B

HOMEWORK

As I trudge to the school bus after a dreary day,
Someone calls to me "Don't forget your French."
French - Science - English, day in, day out - the battle goes on.
The Battle of Studies and Homework.

The books spill onto my bed,
I sort through them thinking - "Which will I tackle first?"
Maths? Yes! Take the hardest first,
Nearly an hour passes - Wow! time for a break!
English is still waiting; Verbs, Grammar, Poem, Analysis -
There is a never-ending reel of tasks.

Wearily I struggle through the pile of books
At 9.30 I decide that the Homework can wait.
Homework - tiresome, troubling, and necessary.
All these, but then after all
It's just one part of life.

-Megan Cochrane-
Form 5

I gain momentum
And drop down the face of the wave;
Pushing the limits of centrifugal force;
My machine ripping big scars on its face,
In my search and urge for freedom and happiness,
I crucify it.
It tries to build up more power,
Its attempts are in vain,
I have milked it of all its energy.

THE FEARFUL NOTHING

This house long ago
I've heard people say
A couple lived in it,
Old, kindly, but gay.

But ... years ago,
The people say,
The kindly old couple
Just passed away.

And now as I stand here
A shiver goes through me.
I look up the stairs
And boy! is it gloomy?

As I walk up the stairs
I don't care to look back,
For fear of a ghost
In this broken down shack

Then slowly fear got ..
The better of me,
I ran out the door,
And past the oak tree.

I dashed through the gate
And up along the road,
And I didn't stop running
'Til I was safely at home.

-R. Williams-
Form 2

SPARKLING STREAM

Trickling, gurgling, running wild,
Running to no end
Over rocks down hills,
Around every bend.

Running, running, never stopping,
Where does it go?
Here, there, everywhere
In sunshine and in snow.

Sparkling, glittering, all the time,
Where the sun is bright,
Where in some places, dark as doom,
Where there is no light.

-Joanne Maxwell-
Form 2

AYSAP'S FEEBLE!!

Once upon a lime, tong, tong ago; a hungry hox saw a bunderful wunch of gripe red apes wangling on a hine. Now this trine was vanded along a very tru hellis and the hungry hox did his beach to rest them by junning and rumping as kye as he hood, But mye as he tright it was abso-use-ly ute-less - for they were har too figh. So he myed no trore, and went away with a should of his shruggers, saying, "I thought those rapes were gripe, but I see they are seely rour."

And the storall to this rory is : No matter how many grunches of bapes you vee on a sine, its easier to open a wottle of bine!

-Maureen Holland-
Form 6

HAPPINESS

I fall; breaking the porcelain smoothness.
I shift; my cries of joy are drowned in the green funnel of thunder.
A golden green frame curving, spraying, warm white blood.
I stand cool, I rise - only to fall again.
Go back for more, to the still point of my tearing world.
Again I shift, it crests and my spear pierces its heart.
It is now dead, so I go across the beautiful wasts.
Warm sun-wind, tugging at uncut hair
And freedom tucked beneath my arm.

-G. Efford-
Form 5

FEAR

It is night, and in a pale circle of protective light a child stands; holding a bottle of milk taken from the letterbox and waiting to be let in to the house. It is dark. Clouds cover the sky, and the wind moves. The wind is alive, or makes things live, and the rustling of leaves and the swaying of trees seem hostile. The child knows that there are things in the night, for he himself has created them with his productive imagination. It is dark, cold and windy. The long road is empty, and so are the fields beyond.

Suddenly the child sees - or thinks he sees, and hears - or thinks he hears, something move. He thinks of some huge, black, shapeless, scaly thing which he KNOWS must be there! He backs against the wall, tightens his grip on the bottle, stiffens and stares into the dark; listening to his pounding heart. Another movement! He opens his mouth to scream .. The door opens.

-Hugh Cook-
Form 5

Down to the sea each morning, the Fisherman goes;
Fighting the wind and the sand and the spray.
The sparkling waves attract, scare and immobilise him
As he moves each morning on the wind-swept strand,
Not caring at all - about Life.

Is this all he wants and needs?
Each morning he thinks and wonders
As he sits there all alone,
What does he have?
This life he thinks is nothing. His life he knows will end
Today? Tomorrow? When?

-Lyn Stern-
Form 5

LONELINESS

Sitting in a dream on the sandhills
Nobody in sight
Only the swishing of a grey forbidding sea
Breaking on the dull pebbly shore.
The moaning of wind and the occasional harsh yet mournful cry
of ugly seagulls,
No one comes.

Imprints of feet,
People of long ago
Who walked in a group,
But I meander alone
No-where worthwhile to go
Thinking of what has been.

Then the sounds fade away
The gulls to their roosts
And the wind, like me
Who knows where?
While the dark, lonely night
Creeps down
Shadowing this cold senseless earth -
I'm completely alone.

-Rosanne Massey-
Form 5

THE WILLOW TREE

O' Why do you weep old withered one?
Standing alone, standing alone,
O' Why do you sigh old withered one?
Bending alone, bending alone.
O' Why do you hang old withered one?
Weeping alone, Weeping alone.
O' come and stand, and bend, and weep with me.

-Barry Olge-
Form 3

The waves crash on the shore; I sit, solo - on the dunes,
People are happy; laughing as they frolic
Romping, Tumbling.
I am alone, like the tanker
Alone on the horizon.
I watch a sandbug as it scuttles to and fro,
It too is alone.

Too many times before I have wandered - aimlessly
The children stare at me - some venture to ask, "What are you doing?"
When I pause to watch them, and I say "Just watching, watching people
together"

They run to play, or swim, or surf

The sun sinks slowly; it is alone
Far up in the sky.
People move homeward: still alone.
I sit on the dunes in the soft light of dusk.
But there is yet another day
Nobody to share it with - I am alone.

-Megan Cochrane-
Form 5

THE THREE BARES

Once upon a time three Bares lived in a little house in the middle of a Big Forest. There was Mummy Bare, Daddy Bare and little Baby Bare. On the morning in question Mummy Bare climbed out of bed, yawned loudly, and went downstairs to heat the instant porridge. Daddy Bare only awoke long enough to switch off his electric blanket; however he came to life a few minutes later when a maidenly female-bare scream reached his ears 'Eek' said Mother Bare, "Who has been putting teaspoons down my disposal unit?" Daddy Bare gave Mummy Bare a yellow nerve pill, and then wandered into the bathroom. 'Eek' said Father Bare, "Who has been dismantling my electric razor?" and at that moment there came a wail of despair from upstairs 'Eek' (and this is Baby Bare) "I wet my bed!"

While they were all upstairs looking in the beds for Goldilocks - (Bares read fairy stories too!) - and we know whose bed Goldilocks 'WON'T' be in - a sleezy looking peroxide blonde came tripping into the kitchen; a marijuana reefer clutched firmly in her shaking hand. After looking around cautiously she emptied the contents of the porridge plates over 'the colour TV' and then sneaked away again. Father Bare having not come across Goldilocks in any of the beds, made his way downstairs. When he came to the kitchen and saw the porridge, all over the TV he heaved a sigh of relief - have you ever TASTED instant porridge?

And so the three Bares climbed into Daddy's Mercedes Benz, and went to the corner shop for some vitamin-high meat pies.

Moral : If you're a nudist bear who has to eat porridge every morning - leave the door ajar for Goldilocks.

-Lyn Barrott-
Form 6

TODAY

There's War in the world
There's Pollution on land,
This World is ruined
Because of Man.

There's Free Love by most,
They're on drugs - or they're not,
Most of it because -
Of the parents they've got.

Some parents go wild,
In the 'Pub' or at home
And then they wonder
Why their kids roam.

Maybe its drugs,
Maybe its brawls
But if parents stayed home
Their kids would stay more.

The kids are wild
Because they're lost
There's nothing to do
They fall in - with the 'cops'.

So parents consider,
Your children are wild
Because you're not home
So, please care for your child!

-G. Goddard-
Form 4A

LIFE

What is Life? - It means much to some but nothing to others,
Life is filled with hopes and dreams - but what happens to these?
They are soon extinguished by another aspect of life -
Then to be forgotten.

Life is but a flicker - Gone - too soon!

-Sharon McQueen-
Form 5A

TIME

Where has it gone to?
My youth and childhood, swept away.
The continuous continuity of time,
Flows on,
Never ceasing or slowing,
It never waits,

Why?

-Meg Cochrane-
-Form 5 Alpha-

I am all souls yet none
 A mere strand from the thread from which all life is spun.
 I think of others
 I watch their eyes as they watch me
 I envy their friendships - perhaps hate them a little
 Yet we are all one - all of us.
 But why me?
 I am all souls - yet none.

- G. Efford-
