Support Staff- By Jacqui Leonard, Executive Officer

Having joined the Support Staff team in April this year, I am pleased to say that this has been a very busy and successful year. The Support Staff team have been working hard to strengthen team relationships, and to ensure a prompt and polite service is offered to all parents, students and other staff.

We are looking forward to the planned construction work to improve the office administration block, which includes making the office more inviting and user friendly.

An improved rearrangement of duties within the admin office has meant physical changes in the office which will also reflect the new office plan. Joyce Roberts is responsible for all General Enquiries and Absences, and all Accounts Enquiries are directed to Alisha Ritai.

The Principal's Secretary Beverley Webb, has also had a busy year, and among other things is responsible for the Bream Bay News articles which have been a great success. Bream Bay College Café has had a good year. Anita Shelford the Café Manager and her team have been working hard to promote healthy living. Pie-less days have been a great success. All fruit and vegetables are extremely fresh, being purchased from a local supplier. Anita has also been working closely with students, encouraging food and hygiene development and work experience.

Bream Bay College Work Co-coordinator, Selma Murray has had a key year, successfully placing people in work experience, casual, part-time and full-time positions, and is looking forward to continuing with this next year. The Tourism shop has also been busy, providing tourist information and goods for sale, bus tickets, and uniform service. Kiri Hitai-Duval is currently preparing for the hectic Xmas season.

Our Caretaker Fred Ogilvie once again has been extra busy over the School Holidays with improvements to the School grounds.

My role as Executive Officer covers many areas (Management of the Support Staff team, Financial Accounts, Assets, Budgets, Payroll, School Houses, and Property Maintenance etc), and so far this year has been a very full and varied year. I would like to take this opportunity to thank all of those who have made my job such a success, and I am very much looking forward to what the New Year will bring.

STAFF NOTES 2003

The search for events of note among staff this year leads to the following observations:

Congratulations to **Ms Woodward** on the birth of Ben in May. Congratulations also to **Mrs Chase** on the birth of Julia in September.

Mrs Hammon graduated from the Waikato University with a Bachelor of Education degree.

At the beginning of the year there were a number of new additions to the staff:

Mrs Andrea Chase was appointed as Head of Science. Mrs Chase had previously held the position of Deputy Principal at Okaihau College. **Mrs Brigitte Stemet** came direct from South Africa to teach Mathematics.

Mrs Karen Williams came from Auckland to teach in the Technology Department.

Miss Jenny Thornhill came direct from Training College to teach PE. **Miss Victoria Burrows** also came direct from Training College to teach Technology in Term 1 while awaiting the arrival of Mrs Gibson, and then as a Long Term Reliever for Ms Woodward while she took maternity leave.

Mrs Jacqui Leonard joined the Senior Management Team as the new Executive Officer at the start of Term 2. New Teacher Aides appointed during the year were **Mrs Leanne Allen** and **Mrs Val Whittaker**.

Other teachers to join the staff during this year were **Mrs Rowan Toia** (Rowan joined us at the start of Term 3 as the new Co-Head of Year 7&8), **Mrs Joanne Gibson** (Technology and Hospitality), **Miss Katie Frost** (Bilingual and Year 7&8 Homeroom), **Mrs Liz Haines** (A Long Term Relieving position in Science while Mrs Chase took maternity leave), **Mr Sean Davison** (as the Guidance Counsellor), and **Miss Sarah-Jane Kidd** (relieving for Mr Bunting in Term 4).

Our thanks also to **Mrs Pam Bowering** and **Mrs Sue Howden** who relieved in the

position of Guidance Counsellor until the appointment of Mr Davison.

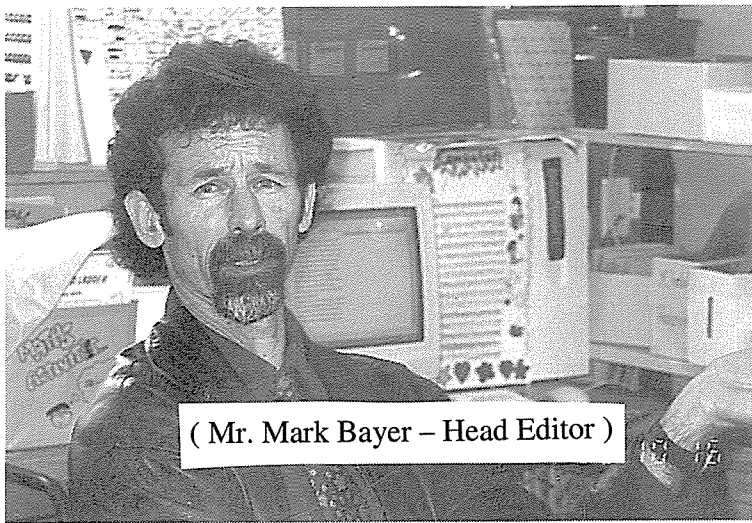

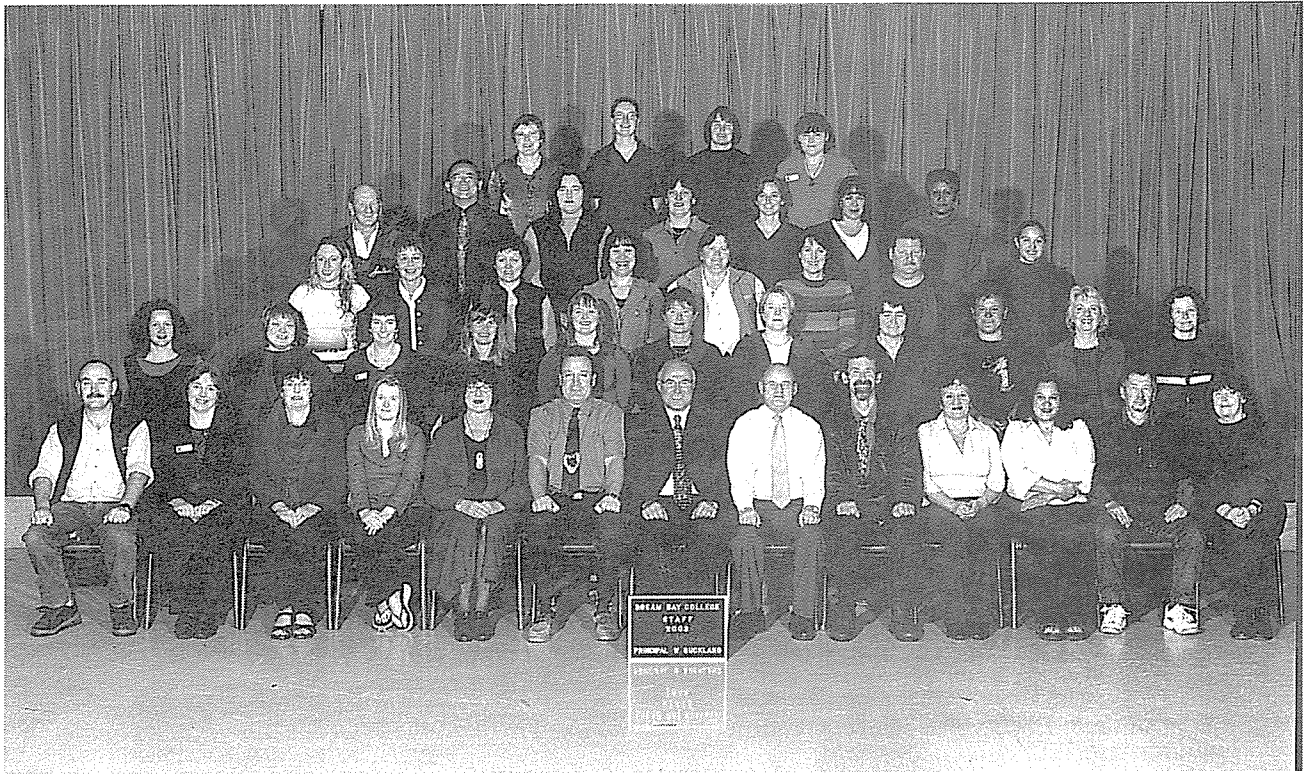

Mrs Marie Smyth began two terms of study leave at the beginning of Term 2. She rejoined the staff at the beginning of Term 4.

During the year we farewelled several staff. **Mrs Lisa Watson** left to take up a position as a tutor at Northland Polytech. **Mrs Carla Gordan** resigned her position as Executive Officer and has returned to the world of commerce, selling real estate in the Bream Bay area. **Mrs Andrea Chase** went on Maternity Leave at the start of Term 4.

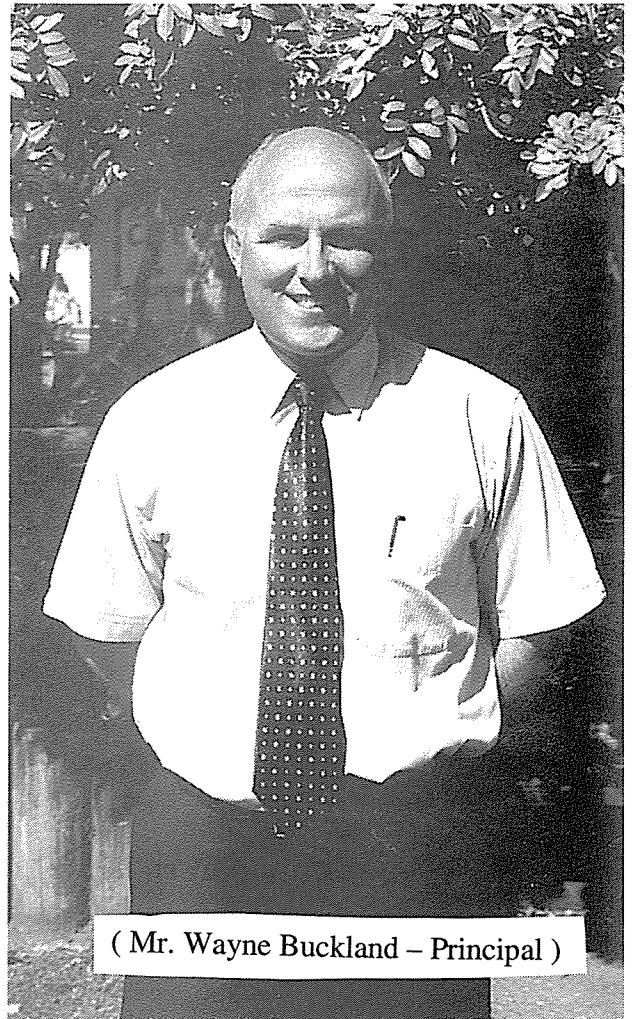

It is with deep regret we heard of the death in October of **Mrs Judy Crean**. Judy had worked in the College Office last year and on a part time basis earlier this year, entering computer data. Our sympathies go out to Ken and the Crean family.

At the time of writing, there were several known movements for permanent staff next year. **Mrs Deborah Flavelle** has been appointed as Senior Teacher at Avondale Intermediate. Mrs Flavelle has been teaching at the College since 1999 in the Year 7 & 8 Department. As a teacher who showed the patience and dedication to meet the remedial needs of the 8 DF students, she will be greatly missed. **Miss Clare Sargeant** has obtained a position at Kaikoura High School as Head of Social Studies. Miss Sargeant arrived at the College in 2001, and has taught Social Studies, Geography, and Performing Arts and the College's participation in the Stage Challenge. **Mr Clinton Dearlove** has been appointed to a position at Omapere. Mr Dearlove was well liked by the students for the enthusiasm that he had with students. **Mrs Sue Matthews** has resigned her position as Special Needs teacher **Mrs Elise Hansen** leaves the College after five years working as a teacher aide with special needs' students.

FROM THE PRINCIPAL

Prizegiving Speech 2003

Hi mihi nui kia koutou katoua
I nga iwi I nga reo I nga mana
Nau mai Haire mai

Bream Bay College has continued on its road to being one of the top schools in New Zealand. This year has certainly been eventful and full of new exciting challenges. Our students bring a diverse range of talents and skills to our school. Educating to succeed is about providing pathways for all students to reach their potential and ensuring that when our students leave school they have choices about what course they would like to do or which job they would like to take. I have broken my report into five areas: Curriculum, Cultural, Pastoral Staffing and where to in 2004 for ease of reading.

Curriculum

Well done the senior students and staff of Bream Bay College 2002 in the external examinations. It was good to see how well our results stacked up against other local schools in Northland and throughout the country.

Local Schools	% Achieving NCEA level 1	% C or above in Sixth Form Cert	% Achieving an A or B Bursary
Bream Bay College	64.2	74.7	80
Kamo High School	64.2	77.8	76.8
Otamatea High School	40	72.4	90
Pompallier College	61.9	73.9	73.1
Whangarei Girls High	69.2	76.3	75
Whangarei Boys High	63.9	68.5	72
Tikipunga High School	62.7	60.2	28.6

Our teachers have done a great job in ensuring that our students' results are in the top quarter overall for Northland.

The College's enterprising culture has been further extended in 2003 by our joining the Young Entrepreneur Program (YEP). We have awarded certificates and badges to students for their enterprising activities as a result of this new initiative. We wish to thank Northpower for providing the ongoing funding to pay a management unit to Marie Smyth to oversee this programme.

Our year 7 and 8 department joined the pilot numeracy project for intermediate age students. This has meant a total rethink on how mathematics is taught in the junior levels of the College. We are looking forward to the gains when these students reach the examination levels.

Electronic reporting has come of age in the College. This change has enabled us to make better use of report data and to provide reports more often to parents. We hope that by providing cumulative reports we have enabled parents, staff and students to all

work together towards common end points, thus ensuring that all our students achieve. We will cement in the new reporting process in 2004.

The introduction of laptops for teachers is set to greatly increase the educational outcomes of our students. Each teacher who is eligible for a laptop has set a personal goal to improve the performance of underachieving students with the aide of their new ICT friend. These laptops will also assist our teachers with the large number of administration tasks that need to be done.

Literacy has been at the forefront of our thinking this year. A very successful Peer assisted reading programme was put in place during term one and taken a step further in term 3. In term 4 we have had a teacher Gael McKay devoted full time to improving students' literacy levels. It has been heartening to see students welcoming the assistance and striving to make a difference.

In term 3 and 4 we have focused on "the basics" with our students. These are; being on time, having the correct gear, taking and keeping notes and finally showing respect for their teachers. We were disappointed at the number of students who were not completing these simple tasks and therefore were at risk of failing at school. These four ingredients "mixed well," will result in a very successful student.

Sports

Our students have continued to perform well in a variety of sporting codes. Most of our sports are taken care of by clubs. We have added a Tuesday assembly report back on the results and have been more proactive in promoting students' participation with the clubs. At the College the swimming sports was a day filled with atmosphere and participation, so much so, that the participation prevented us from completing the full swimming programme. Again in the Athletics sports it was great to see so many students participating and having a good time. The Cross Country was also a great success.

Our year 7 and 8 students have benefited from lunchtime inter-class competitions run by our sports coordinator and the inter-whanau competition has been keenly contested.

Pastoral

2003 saw the implementation of a revised deans' structure with more time allocated for them to work with students whose performance was in question. We will add an additional dean to the year 9 level for 2004.

Late in term 3 we did a stock take on the amount of time wasted dealing with uniform issues. To solve the uniform problem we have purchased a good stock of uniform and we issue it to students or if necessary give it to them. Uniform in the College has been very good since and will continue to be this way from now on. There are no excuses left for not having the correct uniform.

The Drugs and Alcohol week was a great success. Drug testing, fatal vision driving, handouts, giveaways, a crash demonstration by the ambulance service and the fire service and a parents evening were some of the events. Special thanks to Jenny Gibbs

and Gloria Reid for their great work in organizing the activities and to all the outside agencies that assisted during the week.

We continued on our journey from using retribution to correct behaviour to restoration for the harm done. Margaret Thorsborne from Australia completed further training with our Senior Managers and Deans in the use of Restorative Practices along with an introductory session for the staff. We will continue with training for the staff in 2004 to enable us to make the full transition to being a restorative school.

Cultural

The year started on the cultural front with the kapa haka roopu assisting with the Waipu 150th Celebrations. Their participation in the event brought great mana to the College. The organisation done by our whanau support group that led to the waka taking part in the pageant and our students having an opportunity to paddle it was appreciated by everyone. This event will be talked about for many years to come. Our kapa haka roopu has continued throughout the year to be strong and has competed with distinction in the local competitions.

The College has a strong tradition of musical success. This year a group of 60 students entered the Big Sing competition under the tuition of Mrs Lisa Abbott. They had a great time and performed well. We had a very successful Music Night. The talent of our students never fails to amaze, along with the skills of our teachers who coach them to professional standards.

“Te Tuinga” ran again and was very successful. It showcased our acting, speaking, kapa haka, dance and some musical aspects of the College. Our staff and students could be proud of the professional concert they put on.

We entered the Stage-challenge for the first time in 2003. Ms Sargent’s enthusiasm and skills along with a dedicated group of students saw us placed first in the small groups section of the local competition. We look forward to the performance in 2004.

Our students have continued to organise very successful socials throughout the year. This year’s ball was a great success with students enjoying the “Pacific Paradise” theme. The student council has made good use of the profits from mufti days and has been responsible for the replanting of the central gardens that form the photo backdrop for our prizegiving certificates this year.

Staffing

Staffing in 2003 has not been easy. While we have been able to find very capable people to fill positions, the large number of changes has unsettled the school. We hope 2004 will see less changes of staff as the year progresses.

Firstly we had a late addition to the 2002 leavers. Mrs Marg Northey left us in the 2002 holidays to take up a position of English teacher at Whangarei Girls’ High School. We wished her well at an assembly at the start of this year. As one of the co-heads of year 7 and 8, her contribution to the school throughout her 10 years service has been significant.

Six new staff joined us at the start of 2003. Jenny Thornhill in the Physical Education / Health department, Brigitte Stemmet in Mathematics, Victoria Burrows in food

technology and then at the end of term 1 as a homeroom teacher, Karen Williams in Technology and Graphics, Andrea Chase as HOD Science and Pam Bowering for term 1 as Guidance Counsellor. Joanne Gibson in food technology joined us at the end of term 1. Lisa Watson (nee Lumsden) returned from her study/maternity leave and left at the end of term 1. Lisa was replaced by Katie Frost. Joanne Hammon returned from a years leave to teach year 7 and 8. Hannah Edge filled in for Gael McKay who was on a years leave and is returning next year. Des Tarau returned for term one to assist with grounds' patrol and mentoring at breaks and lunchtimes. Debbie Woodward left at the end of term 1 on maternity leave and was replaced by Victoria Burrows. Marie Smyth began her two terms study leave at the start of term 2 and was replaced by Wendy McCumber and then Paula Salmon. Rowan Toia joined us at the start of term 3 as the new Co Head of Year 7 and 8. Sue Howden joined us for term 3 as a relieving guidance counsellor and in term 4 Sean Davision joined us to take on the permanent role of guidance counsellor for the College. Andrea Chase went on maternity at the start of term 4 and was replaced by Elizabeth Haines with Margo Wakelin picking up the HOD duties. And finally Sarah-Jane Kidd has joined us in term 4 while Ian Bunting was away due to his bike accident.

Changes to our support staff saw Carla Gordon leave to become a real estate agent. Carla was replaced by Jacqui Leonard. Leanne Allen joined us as a teacher aide in the year 7 and 8 in term 2 and Val Whittaker mid term 3.

We have the following teachers leaving us at the end of this year: Sue Matthews, Debbie Flavelle, Joanne Hammon, Clare Sargeant and Clinton Dearlove along with Elise Hansen who is a teacher aide. We have some very good applicants applying for these positions and will be appointing staff in two weeks time.

I wish to formally acknowledge the contributions made by all our staff who are leaving as they all are significant. We wish them well in their new positions. We will spend time individually to fare well them at the end of the year staff function.

2004

In 2004, I would like to see the school focus on; improving students' ability to process information, on how to improve the delivery of subject matter to our students, continuing to improve our environment and finally the creation of an expectation that fosters and encourages high achievement.

Some exiting news for next year; through Golden Bay Cement sponsorship we will have 50 of our senior students given leadership training and them be mentored for the rest of the year, our Work Broker initiative has been renewed by WINZ and we also have become a gateway school. We expect these initiatives to increase the motivation levels of our seniors considerably.

Thank you to the Board of Trustees who have guided us through this year, the staff for all their effort and the commitment they have shown to our college, the PTA for its support, fundraising and feedback, whanau support for its involvement and advice in regards to tikanga maori and all other supporters of the school. Parents, thank you for your contributions to our school and students we look forward to working with you in 2004.

Tena kotou, tena kotou, kiaora huihui mi

Head Boy & Head Girl Report

2003 has been an awesome year for the 7th form. We ended 2002 with a great leadership camp at Taurikura with Mrs. Gardner and Mr. Bayer.

The common room was always a hive of activity with table tennis, cricket, frisbee and song and dance thanks to Wiremu. Sven's great humour never ceased to amuse us. It looked like it was going to be a huge year and a warm winter until the common room caught fire. Mr. Hansen was warned about playing with matches! (Na na! just a genuine accident.) That saw us moved out of the common room into the cold, wet winter. Lucky Mrs. Burrows had room in the library for our microwave-she even supplied the Milo.

Before we knew it, bursary was up and many lunchtimes were spent at tutorials, thanks to Mrs. Wakelin, Mrs. Hutton and Mrs. Buckland. A huge thank-you must go to all of our teachers over the course of our seven years at Bream Bay College.

We finished the year with a scrumptious leavers' dinner at the A'ffare Restaurant in Whangarei where we saw gorgeous primary photos of Dirk and Lydia, as well as some classic report comments about Tasmin and Greg.

Best of luck to next years 7th form. **Hope you get your common room back!!!**

Au Revoir

Amy and Finn

DESTINATION 2004 for the GRADUATING CLASS

Gemma Adams	Fulltime employment with Trellisse Cooper fashion designer.
Amy Alison	Auckland University of technology for a conjoint degree in Sport and recreation and business management.
Emma Allen	Auckland College of Education, Whangarei, Bachelor of Education, Primary School teaching.
Hadlee Barker	2005 to Massey University for a Bachelor of Design majoring In transport.
Tasmin Barry	Otago University for a Bachelor in Health Science leading on To a bachelor of Medicine.
Nikolai Berghan	Waikato University for a bachelor of management majoring In Electronic Commerce.
Joshua Birss	Bay of Plenty Polytechnic for a Diploma in Marine Studies.
Scott Brown	Waikato Institute of Technology for a Bachelor of Media Arts, Majoring in Music Production.
Erik Brys	Waikato University for a Bachelor of Science, Technology Majoring in Biological and Chemical sciences.
Sally Crook	Mid year in 2004 Sally will be working in a summer camp In the USA.
Natalie Cullen	Six months employment, six months student exchange in USA, 2005, Bachelor of Arts majoring In Film and television.
Ben Dunn	Canterbury University for a bachelor in Engineering, Majoring in Aeronautical Engineering.
Lydia Gardner	Waikato University for a Bachelor of Social sciences majoring In Human Resource Management.
Terrence Gilmore	Taking a Gap year and then to Waikato University for a Bachelor of Arts.
Desiree Goldsmith	Regent Training Centre for a National Certificate in Nannyng Leading to early Childhood Education.

Greg Hemingway	Massey University, Albany for a Bachelor of Engineering, Majoring in software.
Michael Howard	Waikato University for a Bachelor of Science Technology Majoring in Biological Sciences.
Wiremu Kino	Waikato University for a conjoint degree in Arts and Law, Majoring in Japanese and Spanish.
Sven Liebig	Seeking and Apprenticeship in Cheffing.
Mark Lovatt	UNITEC for a Bachelor of Design majoring in Visual Communications.
Dirk Matthews	Otago University for a Bachelors degree in Surveying.
Katie McLean	Auckland University for a conjoint Bachelor of Arts and Law.
Milton Mewett	Full time employment as Kitchen Manager at the Pizza Barn.
Matthew Miller	Northland Polytechnic for a certificate in Computing.
Chris Mitchell	Waikato University for a Bachelor of Sport and Leisure studies Leading onto Secondary School teaching in Physical Education.
Kathy Neely	Waikato University for a Bachelor of Communication studies Majoring in Marketing.
Heather O'Brien	Auckland University for a bachelor of Science majoring in Biological Science.
Alex Rawhiti	Seeking Employment
Finn Scott	Auckland University of technology Bachelor of Art and Design Majoring Spatial Design.
Gemma Taylor	Massey University, Albany for a Bachelor of Accountancy. Followed by Secondary Teacher Training.
Sarah Vousden	Bar Tending Course

14th National Rockquest

This was held on August 16 in Forum North and although I see the organisers called it the 16th Rockquest it is 14 years since it has been a national event and we have been involved in all of them. We first competed in Auckland and had bands in every regional final where our students had the exciting experience of playing in venues such as the Logan Campbell Centre, the Downtown Convention Centre, the St James Theatre and the Auckland Town Hall. Since 1996 Northland has had its own regional final and although I don't really miss the business of filling supporters' buses plus getting the bands down to Auckland, we did have some exciting times which past students still talk about.

This year we had 3 bands in the finals plus a solo performer and it was a thoroughly enjoyable night. Our students were excited, organised and determined to enjoy themselves on the stage and they did!

Gemma Taylor was our first contestant (on second) and she was great. Her two original songs were well received and she is an accomplished guitar player. To complement her performance she used house-music backing tracks created by music teacher Toby Burt.

On fourth were the Year 9 band *Whiplash* (with a Year 8 drummer who learns from itinerant drum teacher Jim Laurie). This young band rocked. Singer Rory Taylor worked the crowd up in the mosh pit which was full of Bream Bay College students singing along to their original 'Caesar'. Mitchell Webb on guitar, Gary Smyth on bass and Michael Humphries on drums all seemed totally at ease on stage despite their youth. We were very proud of their performance. Our next band was *Archers of 44* and they too were determined to have a great time. At one stage I fully expected lead guitarist Evan Delautour to leap into the crowd because he was having so much fun. Bass player Troy Rudman played riffs, and the crowd and drummer Doyle Crooks managed to keep it all together. Lead singer Alex Rawhiti rapped and danced and for many in the crowd this was their favourite band simply because of the boys' sheer exuberance.

Our last band on in the 14 finalists was *Illicit*. Whilst the other musicians had been assisted by Toby Burt *Illicit* did it all themselves. Using a drummer from Kamo High School (William Neal) meant their practices had to always be held after school and during weekends. Lead singer and guitarist Finn Scott was the driving force in this band writing the songs and organising the rest of the musicians. He and Bass player Cass Mitchell have played in Whangarei student jazz groups for years, Finn as a trumpet player.

This effort from the students and their families in taking part in extra music experiences meant their musicianship stood out. Cass Mitchell has studied piano for some years and is also currently having bass lessons from a visiting German bass player who is residing in Whangarei for the year. Lead guitar player Scott Brown has played guitar for many years also. This dedication is needed for success. Whilst we do our best at school to foster interest, instruments and lessons in music, family commitment is usually necessary for excellence.

So how did this band go? I was confident they would make the final three (but you never know in a competition) and we were all thrilled with their **Second Place** which meant they had the chance to be picked (out of 40 1st and 2nd finalists) for the top 12 bands in the country.

The other win of the night was for Cass Mitchell for **Best Female Musician**. Good judging! Cass is the first female bass player I have seen to play 'slap' bass at the Rockquest. She supplied backing vocals also.

The rules have changed again and thank goodness we do not have to complete the many tasks that were required in the past. The band's main task was to send a video of their music to the judges within two weeks. (That's more like it; instead of concerts in other schools, recording sessions in studios, posters, budgets....etc.)

Of course the rockquest organisers were hoping for bands who have been playing together for years and who plan to make music their career. Our students have other careers in mind but they still want to play music at school. We also have a small school population to choose from and when students leave we have to start again. We also don't know how good the rest of the competition is.

However we have done it before and the members of *Illicit* will be continuing their efforts in the next few weeks. You just never know!

R. Waerea.

Science Department News

2003 brought a number of changes to the Science teaching staff. Mrs Chase took over as Head of Department and teacher of Biology and Science. Mrs Wakelin accepted the challenge of teaching senior Chemistry and organising the Science Fair. Mr Simons taught Physics, Science and Technology. Mr Dearlove taught Year 9 Science and Maori and Mrs M^cCully taught year 10 Science and Mr Lee taught years 7/8 Science.

Field trips always form a memorable part of the school year. Year 13 Biology will fondly remember their trip to the estuary to survey and collect mangroves for their plant study, then later on to collect crabs for their animal study. Year 12 collected data at Mussel Rock, Waipu before visiting the QE II forest block in Massey Road. Towards the end of term one Mr Simons took years 12 and 13 Physics to study force and motion at Rainbow's End. Mrs M^cCully escorted year 10 Science to the local observatory to view the moon, stars and Mars while it was at its closest to Earth. Finally Year 7 and 8 undertook their biennial fossil hunting trip at the Winstone's Quarry, Otaika.

There were ninety-nine entries in the annual Bream Bay College Science and Technology Fair. The standard of presentation is improving but students need to start working now on their next year's entry and put more effort into their research and collection of data. A good Science Fair project is not something that can be done the week before the event. Twelve projects were chosen to go forward to the Central Northland Science and Technology Fair sponsored by the New Zealand Refining Company. Richard Sims and Tony Dodunski gained a class prize for their investigation called "Keeping the Peace" on the absorbency of sound by different building materials.

Twenty-three students entered the Australian Schools Science Competition. Graeme Crawford (Year 9) gained Distinction, five students gained Credit and six students gained Achievement.

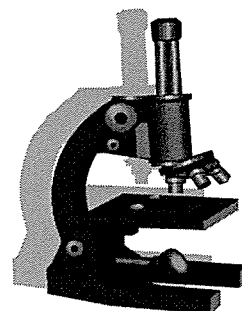

In the Australian National Chemistry Quiz Craig Deal (Year 12) gained Distinction and Greg Hemingway (Year 13) gained Credit. Congratulations to all students who are achieving to their full potential.

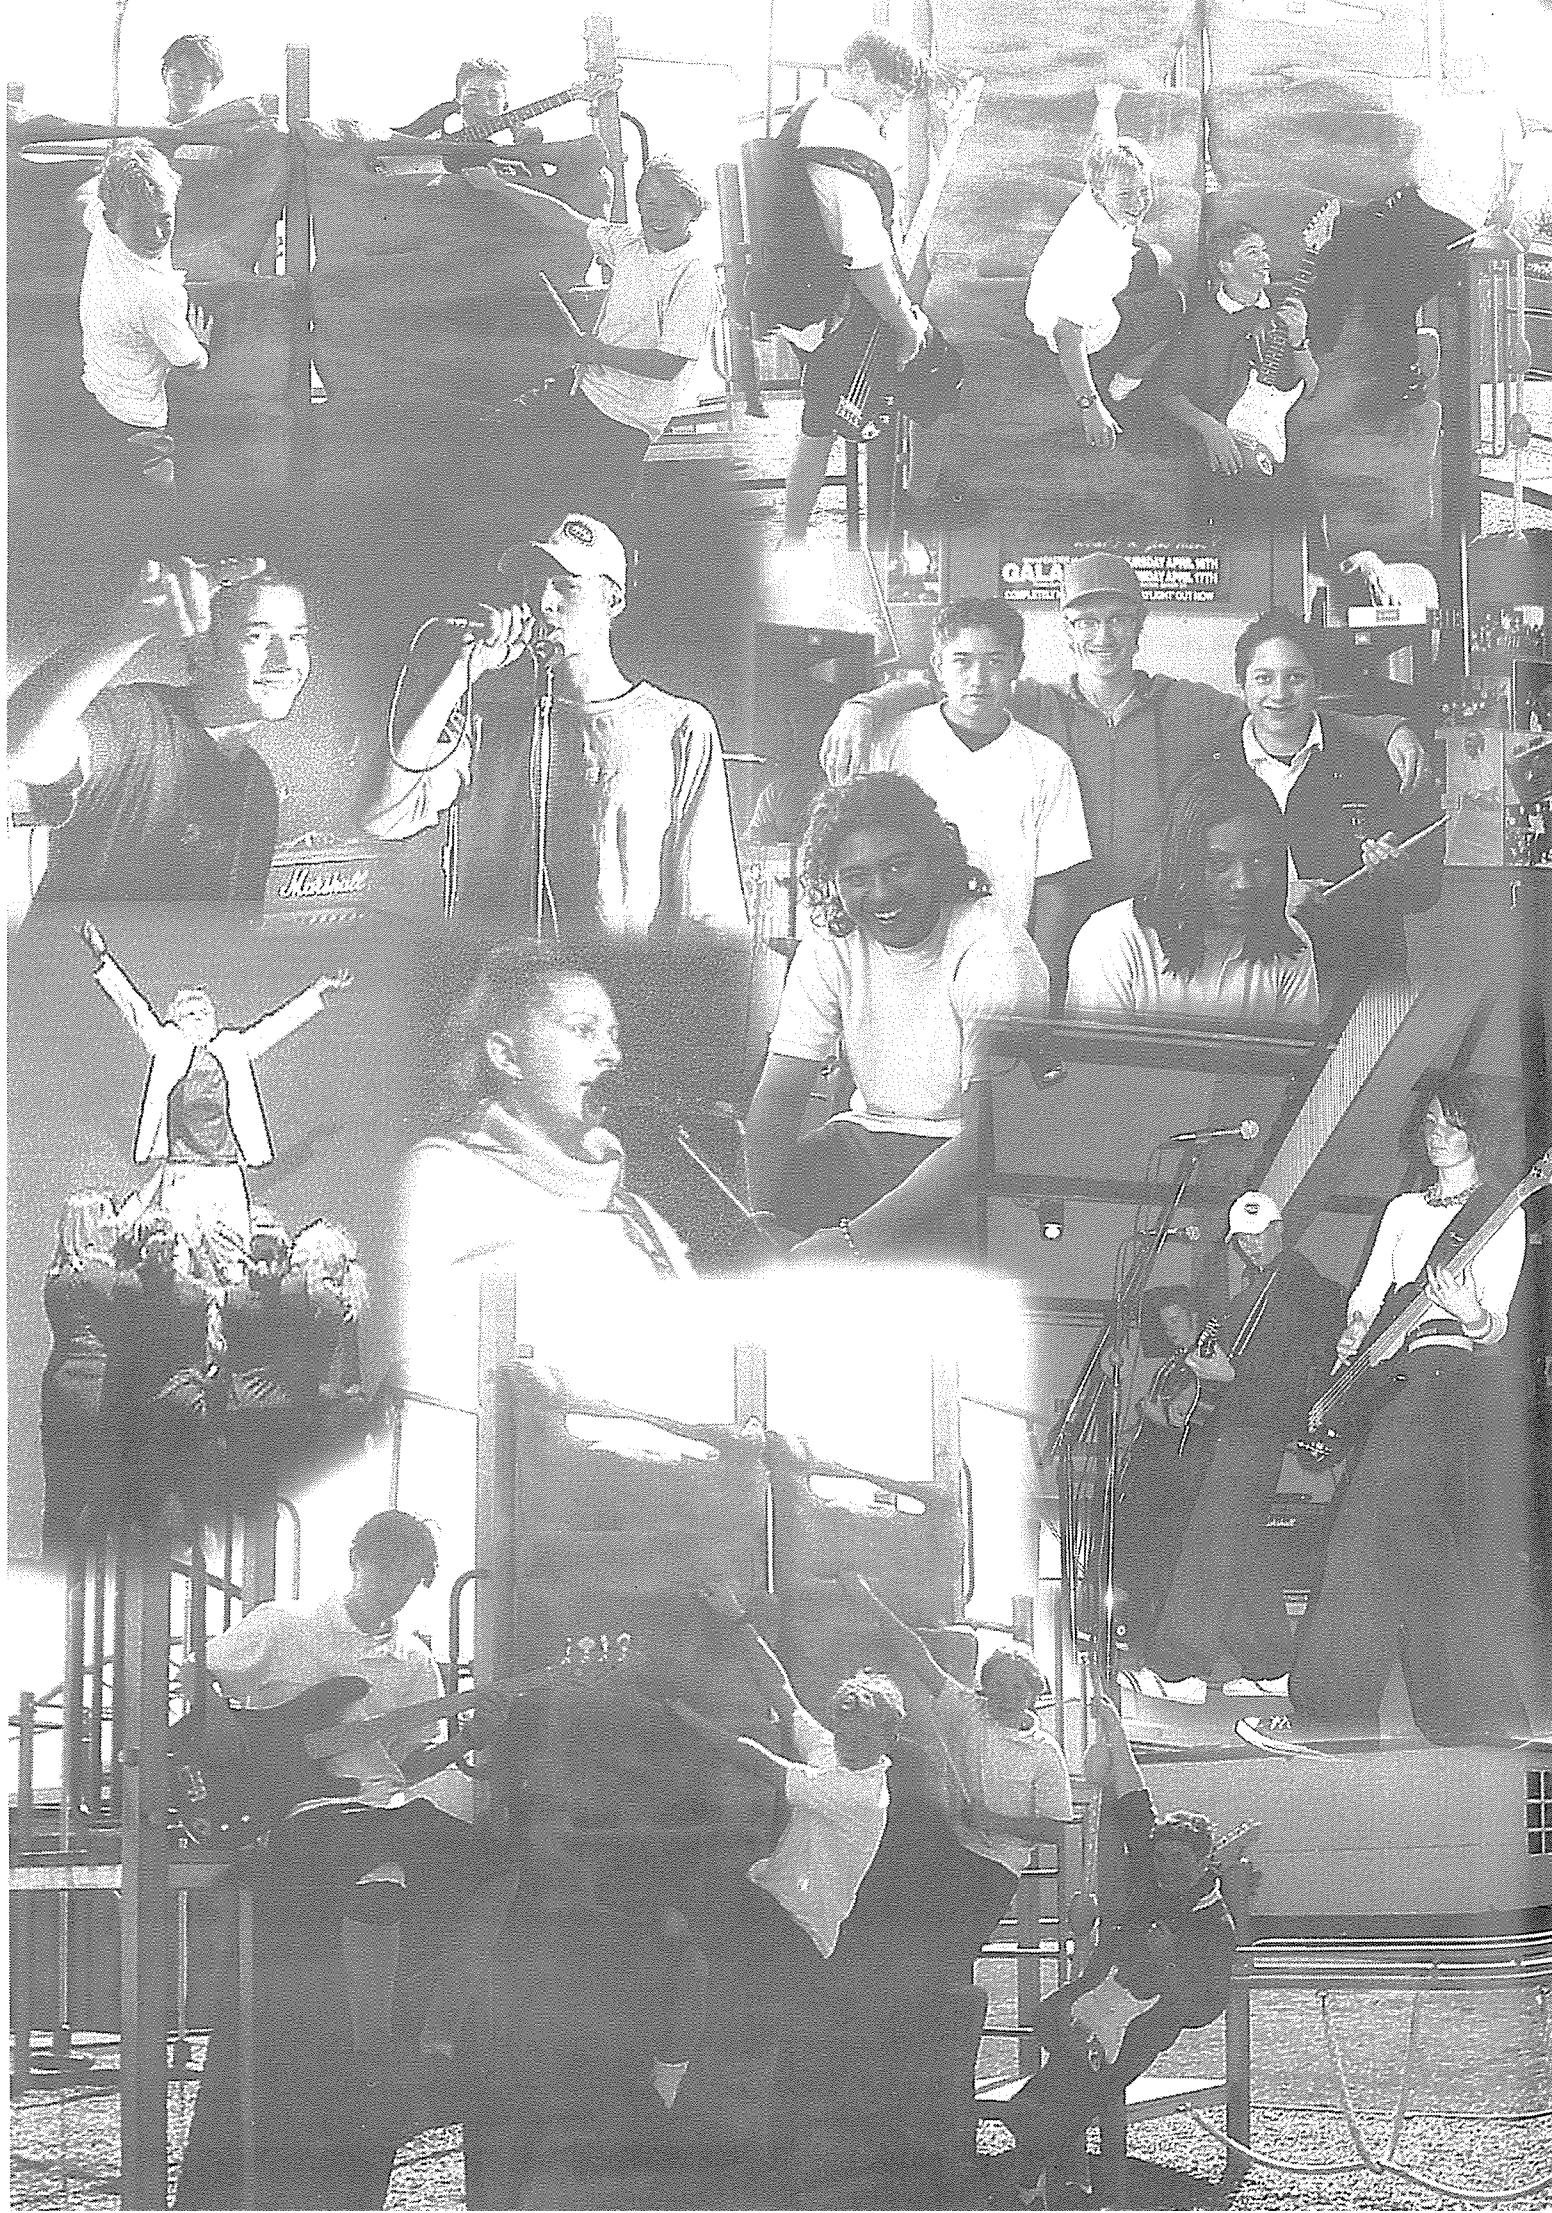

Best wishes to Mrs Chase on the birth of daughter Julia.

Mrs Chase is on maternity leave but will be rejoining us early next year. Thankyou to Mrs Haines for filling in for her during term four and to Mrs Wakelin for acting as HOD.

Lastly *Haere ra* Mr Dearlove who is leaving to teach Science School, we will miss you.

Margo Wakelin Acting HOD Science

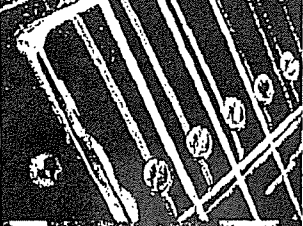

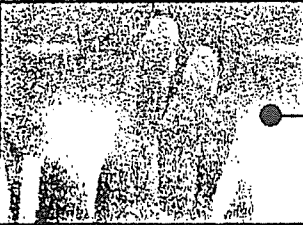

ZEAL CHURCH

CHURCH - SERVICE - FOR - YOUNG - ADULTS

RELEVANT WITHOUT COMPROMISE

- Exposing generation O to God's love
- Equipping them to be historymakers for Jesus
- Encouraging relevance without compromise

RUAKAKA

HOD report for Year 7 & 8

The roll number in our department has been relatively stable this year at 199 students comprising 96 males and 103 females.

There are seven classes including the Bi-lingual Unit, an Accelerate class, an Extension class and four mainstream classes. We have continued to work together regularly as a team and as a student body. The Junior Blues Awards have continued to provide challenges for students to attain high levels of achievements in Sport, Culture, Service and Academic areas.

There have been some staff changes throughout the year due to staff returning from study leave, and others leaving to take up new positions.

8RT

Lisa Watson resigned at the end of Term 1 to take up the position as a Lecturer at The Teachers Training Unit at The Northland Polytechnic. Rowan Toia was appointed as the teacher of the Bi-Lingual Unit in Term 3 of this year. Rowan shares the role of Dean with Debz Flavelle.

8DF

Debz Flavelle leaves us to take up a Syndicate Leaders position at Avondale Intermediate School next year. She will be sadly missed by students and staff alike. We wish her well in these new challenges.

8TC

Tracey Chapman

8GM

Katie Frost has taught this class from Term 3 this year. She relieved Gael McKay who took a leave of absence for 1 year. Katie leaves us to travel and explore new challenges. We wish her well in her pursuits.

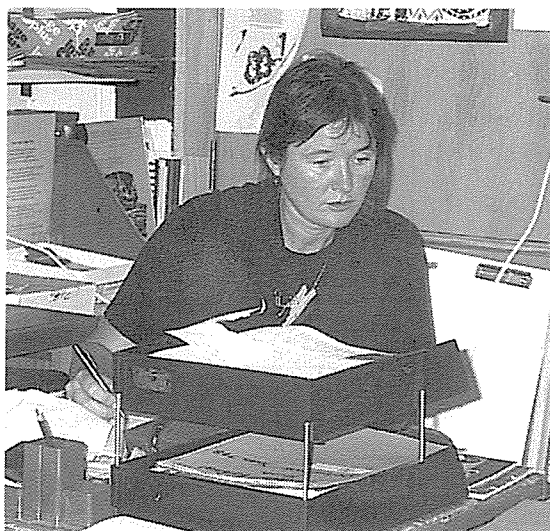

8VB

Victoria Burrows

Students have had many opportunities to participate in co-curricular activities throughout the year. Below are a list of activities in which the Year 7 and 8 have participated in this year.

Term 1

Swimming Sports
Athletics Sports
Commonwealth Essay
Otago Maths
Taitokerau Festival
Australian Mathematics
Australian English
8TC abseiling

Term 2

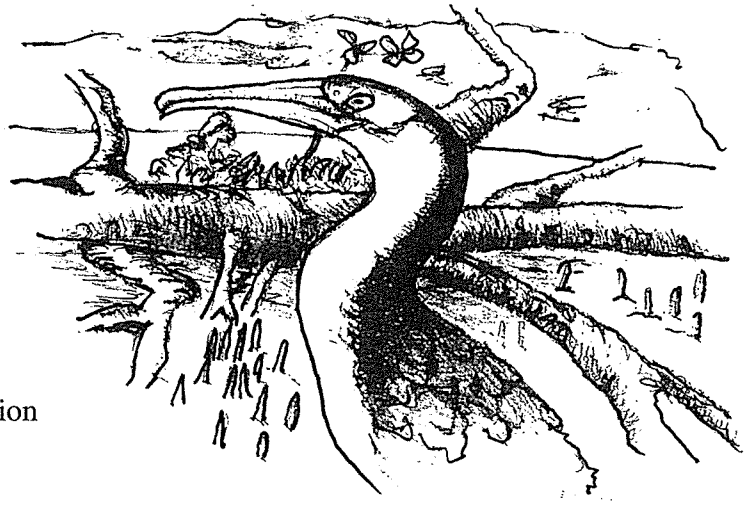

Cross Country
Winter Sports
8TC Kelly Tarlton/Zoo/Museum

Term 3

Interschool Year 7 & 8 Debating Competition
Interschool League
Research Expo of Countries
Year 7 & 8 Speech Contest
Mathex
8HE abseiling

Term 4

Electives
Creative Writing Portfolios
Fossil Collecting- Otaika Quarry
Picture Book Production
Te Tunga Culture Concert
Music/ Performing Arts Concert
Otangarei Performing Arts Festival
8KF and 8VB Auckland Zoo/ Kelly Tarlton Trip
8DF Waiheke Island
8JH Manaia Camp

2003 has generally been a successful year to celebrate for the Year 7 & 8. Good luck to those students going onto year 9. I am sure the 2004 will be an exciting year with many new challenges and activities in which to participate.

I wish to thank the students for their hard work and cooperation this year. Especially I personally wish to thank all the teachers of the Year 7 & 8 classes for their commitment and dedication this year. Finally I wish students and teachers a Merry Christmas and A Happy New Year, and a well deserved holiday to see us refreshed for 2004.

Kia Ora,
Rowan Toia

Te Roopu Kapa Haka O Whanga A Tamure

2003 Performers

Jemma-Lee Rihari, Tara Foote, Bobby-Joe Paikea, Reanne Poutama, Regina Olliver, Shayne Matenga, Sunny-Lee Murray, Jasmine Marsh, Sandra Morgan, Sharni Hart, Tanya Aramoana-Hill, Vianney Wineti, Samantha Nelson, Tiffany Pirihi, Hallie Wade, Renee Franks, Lequita Brown, Natural Nelson, Shannon Arani, Tiffany Hill, Dason Allen, J.J Thompson, Hemi-Tahi Pene, Jacob Kake, Tamawheti Pederson, Thomas Rihari, Jae Wihongi-Hibbs, Maihi Panoho, Harlem Keepa, Dustin Morunga, P.J. Epiha, Bowen Edwards, Jordan Rudman, Buckland Lewis, Troy Arani, Mitchell Franks, D.J. Gibbs, Henare Ormsby.

2003 Agenda

- Term 1: Waipu 150Yrs Celebration- Pageant Teachers and New Students (Powhiri)
Paul Marsh – Shattered Dreams
Bream Bay Community Support Day
Ruakaka Recreational Centre – Opening of a new lift for the elderly.
Tai Tokerau Festival – Te Ahurei Competitions.
Oturei & Pehiaweri Marae – Kapahaka Wananga.
- Term 2: Carving for School Gymnasium – Powhiri & Blessing.
Opening of Bream Bay College Gym – Powhiri.
Northland Polytechnic – Hand over of Lisa Watson.
Department of Courts – Judge Druce – (Powhiri).
H.O.D. (Te Reo Maori) – Rowan Toia (Powhiri).
Japanese Exchange Students - (Powhiri & Hangi).
- Term 3: Nga Tane Wananga – Eugene Smith
Te Tuinga Cultural – Performance
Nga Kotiro Wananga – Wendy Kake
Japanese Drum Group (Powhiri & Barbeque).
- Term 4: Sean Davidson – Counsellor (Powhiri).
Senior Prizegiving
Otangarei Festival Yrs 7/8
Junior Prizegiving.

We would like to acknowledge the Bream Bay Community Trust for their transport and accommodation through out the year.

Tutor: Wendy Kake, Eugene Smith, Julian Rewiti.

Guitarists: Sandy Wineti, Sue Rudman, Jacob Kake.

Nga Kaea: Bobby-Joe Paikea, Jemma-Lee Rihari, Tara Foote, Reanne Poutama, Shayne Matenga, J.J Thompson, Mitchell Franks, Jacob Kake.

Kaiawhina: Tauwira Hita

Congratulations to J.J Thompson who came 2nd in the whaikorero section at the Te Ahurei kapahaka Competitions 2003. Thank-You to Matua Dearlove for sharing his knowledge and time with us all. YOU GUYS ARE THE BOMB.

To the 7/8 Bi-Lingual unit for supporting the kapahaka roopu kaupapa, through out the year. Stepping into the new age of kapahaka 2000 you are the Rito o te Harakeke, Stand tall, be strong and remember who you are and where you come from. Many thanks to Tanya Aramoana-Hill for her talents she has shared with the Bi-Lingual unit taking them to new heights of performing arts. YOU GO GIRL.

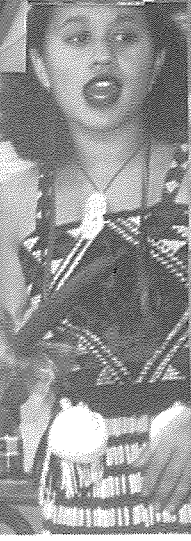

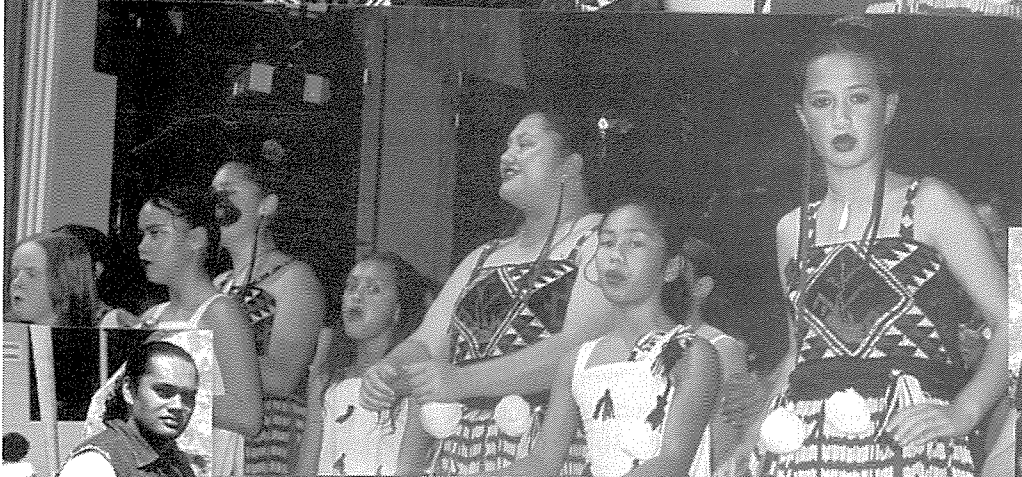

The year has past swiftly and the kapahaka roopu have played a major part in their school community as we come to the end of the year. We cast our nets to the New Year, and look forward to the new up coming students of 2004.

Whaea Marea Pedersen

It is with sadness and regret that the roopu lost a loved and respected Whaea, Teacher, Colleague, Friend and staunch supporter. Haere ra te Whaea o te Roopu Pou Pou Whenua (One Tree Point) me Whanga-a-Tamure haere ki te kainga tuturu, haere ki te kainga o te ariki. Moe mai moe mai te Whaea. Thank-You for the years that you served us and the good times that we shared with you. You filled our kete with aroha, knowledge and support, we will carry what you have taught us with us forever.

Na Iti Noa

Whaea Wendy Kake (Kapahaka Tutor)

Mathematics Departmental Report

As we see another year come and go I wish to report what a busy year we have had this year. This year saw the start of NCEA level 2 along with NCEA level 1. Next year we will be doing levels 1 to 3.

Tertiary Education Pre-requisites.

This year the tertiary educators informed us that it would be compulsory for all students to have a minimum of 14 level 1 maths credits as a pre-requisite for any course. This meant that we had to adapt the scheme to suit unit standards as well as NCEA achievement standards. During the year we advised parents of the best route for their child to achieve these credits and I think we have had a great deal of success with the help of parents and guardians. Whilst we are thanking people I would like to thank my department Peter Northey, Clinton Dearlove and our new teacher this year Brigitte Stemmet and additional thanks to Beverly Buckland for her input this year.

Homework

This year saw all years 9 to 13 with homework books, working on the principle of 1 chapter a week. Next year we hope to individualise the homework scheme to suit the NCES course of unit standards. We are currently promoting 15mins to 30 minutes night homework depending on year level.

Reports

Reports saw a change this year to the NCEA marking system of Achieved, Merit and Excellence. Each unit test is designed to be used by the whole year group to gather consistent marks throughout the year group. Students should not be discouraged if achieving an Achieved only as this is designed for 50% of students in the year group to achieve. Excellence only really reflects the top 5% of the year group.

Numeracy Pilot

2003 saw the launch of a new exciting era with the numeracy pilot. This was introduced in years 7 and 8 although years 9 and 10 had a taster in Term 4. We await the rewards in years to come and thank the teachers concerned as it involved an awful amount of preparation each day. These teachers included Hannah Edge (Numeracy Co-ordinator), Rowan Toia, Tracey Chapman, Katie Frost, Deborah Flavelle, Victoria Burrows and Joanne Hammon.

National Bank Competition

We have had a great year of competitions this year starting with the National Bank Competition which we had a great response to. The students involved were:

Years 8

Paula Cullen, Samantha Moore, Daniel Crawford and Corey Nicholas.

Year 9

Stephen Abercrombie, Jared Gravatt, Rory Taylor and Danielle Duffield.

Year 10

Angela Buckland, Conner Power, Kallam Brown and Courtney Hayward.

Mathex

The next competition was Mathex 2003 in Whangarei. This was an all action night in Whangarei. A big thank you to all the parents who helped with transporting students that night. The students involved were:

Year 7

Sheridan Webb, Sophie Hutton, Michelle O'Brien and Rebecca Lawson.

Elle Macartney, Jaimie Hutton, Rebecca Hayward and Jake McLean.

Year 8

Marina Macartney, Paula Cullen, Sarah Morgan and Samantha Moore.
Daniel Crawford, Grant Buckland, Corey Nicholas and Warren Dodunski.

Year 9

Graeme Crawford, Stephen Abercrombie, Jared Gravatt and Rory Taylor.
Danielle and Brooke Duffield, Annemarie Dalebrook and Stacey Boyce.

Year 10

Kallam Brown, Conner Power, Samuel Cullen and Richard Sims.
Angela Buckland, Courtney Hayward, Natalie Walker and Briar McGregor.

Maths Week

Maths Week was another successful week seeing some enthusiastic mathematicians battling over a competition. The winners included:

Warren Dodunski, Graeme Crawford, Conner Power, Briar McGregor and Angela Buckland.

Australian Maths Competition.

The most successful competition we had this year was The Australian Maths Competition. We had 1 Distinction which represents the top 5% in Australasia in Mathematics in Year 8 who was Paula Cullen. She also received a special Achievement award. We had 7 Credit awards which represents the top 25% in Australasia in Mathematics. These students were:

Year 7

Sophie Hutton

Year 8

Sarah Morgan

Year 9

Stephen Abercrombie, Jared Gravatt and Graeme Crawford.

Year 10

Kallam Brown and Conner Power.

Other participants included:

Year 7

Michelle O'Brien, Elle Macartney and Rebecca Lawson.

Year 8

Daniel Crawford and Grant Buckland.

Year 9

Danielle Duffield and Annemarie Dalebrook.

Year 10

Kallam Brown, Conner Power, Angela Buckland and Samuel Cullen.

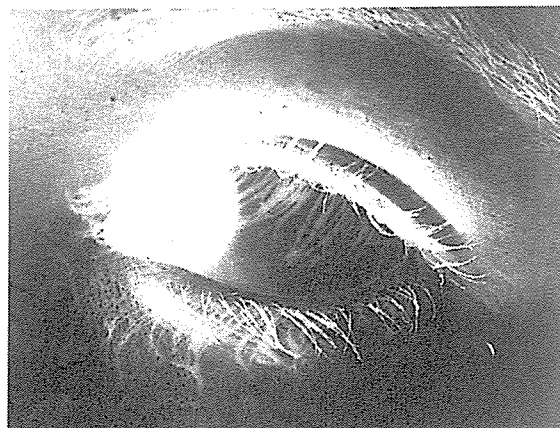

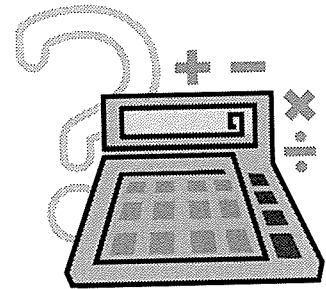

Year 12

Sarah Ramsay, Anton Garland, Deborah Buckland, Abigail James, Midori Matsumura, Craig Deal and Laura Aspden.

Year 13

Erik Brys, Dirk Matthews, Finn Scott, Gemma Taylor and Greg Hemingway.

A big congratulations to you all and hope to see you back next year rearing to go.

Silent Night

A tall dark shadow creeps along the ground like a cat creeping among the moonlit grass. The night is dimly lit by the crescent moon.

A tall figure lumbers from behind an oak tree like an owl hunting mice. As the creature walks down the street it becomes more visible to the eye, and you can see that it is actually a man.

He towers six feet in height. His old tattered clothes are smudged with dirt and filth from years of use. His shoes are dark brown and are falling apart at the seams. In his hand is a brown paper bag. He takes a drink of whatever's in it. He walks down an alley and turns into an old abandoned building. Inside the building is a room with a mattress on the ground surrounded by empty bottles of rum. The room smells damp and dirty and there's a broken window with green vines growing through.

The man lies down and lights a lantern next to his bed. He drinks the last of his cheap rum and throws the bottle to the ground.

As the old man lies down his face becomes more visible. His hair is overgrown and long. His forehead is wrinkled from old age and dirty from not washing. In his mouth are cracked and missing teeth behind a crooked smile.

As the old man lies down his face becomes more visible. His hair is over grown and long. His forehead is wrinkled from age. His eyebrows are bushy and hide his dark brown eyes. His skin is wrinkled from age and dirty from not washing. In his mouth are cracked and missing teeth behind a crooked smile.

As the old man he thinks of what could've been. His drinking got out of control, and he was fired from all of his jobs for turning up drunk.

Tears start to roll down his face onto his pointed chin.

He turns out the lantern and rolls over to sleep. He knows that tonight will be his last in the cold as he feels his heart constricting.

By Troy Rudman

'Te Tuinga' Culture Evening

The haunting sounds of Clinton Dearlove's traditional Maori flute wafted through the Bream Bay College's auditorium, transfusing the night with bi-cultural overtones. Wendy Kake's brilliantly choreographed Kapahaka roopu gave a virtuoso performance with their waiata, poi and kapahaka performances. It was heartening to see One Tree Point Primary students performing most ably with our roopu. Full marks to Wendy Kake and her Whanau Support crew for a well-disciplined and thoroughly engaging twenty five minutes.

Next up, Year 7&8 poets recited their own work, with 'Nude Dude' the stand-out performance, by our very own Sam Hunt slash Dylan Thomas, none other than Josh Love himself (with lots of branches and leaves of grass to hide his private bits). Definitely a talent to be reckoned with. Tap dancers, Rory Taylor and Sheridan Webb impressed with a 'Grease Lightning' rendition. Holly Bone and her 'Dog' speech went down favorably, and this was followed by a très chic version of 'Les Poissons'. Katie Goodall's act could have graced the halls of any cabaret and was a class act in all.

The performing art troupe whipped up a hail storm and some wicked looking brews in a mad cap rendition of the three witches scene from that Scottish play by Shakespeare. Maniacal laughs, 10 out of 10, girls. The 'Stage Challenge' video on big screen illustrated just why Clare Sargeant's crew brought back every gong imaginable from the 'Stage Challenge' competitions earlier this year. Really, really good show here-brilliant soundtrack and overall choreographing, let alone some great individual performances-those trees, those logging trucks-you could literally feel the Load.

Intermission came and it was hard to believe an hour had whizzed by already. Tasty finger foods were served up in the foyer and parents enjoyed catching up and looking over the junior art displays.

The 2nd half of the show started with our highland dancers, Briar McGregor, Jacinda Watson, Janine Smith and Sarah Watson who performed with panache. Next year we must get the live bag pipers back.

Our speech winners Jimmy Murray with 'Big is Beautiful', Tara Foote with 'Deep in My Heart Ambition Dwells' and Jasmine Marsh with 'Things That Are More Likely Open To Our World Today managed to engage our audience (some whom hadn't come to hear speeches) with their home spun wisdom and personal research.

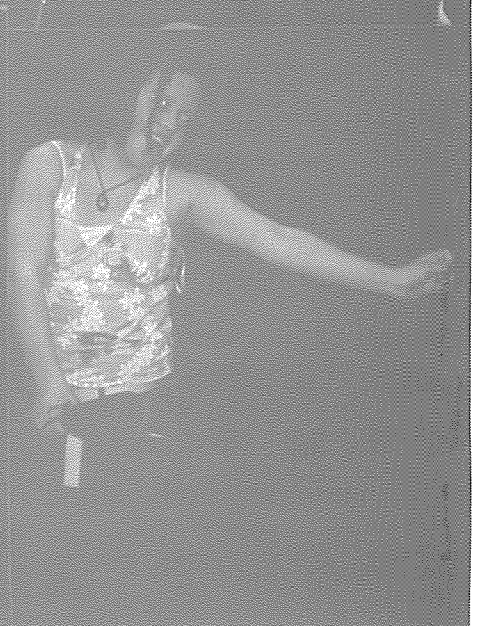

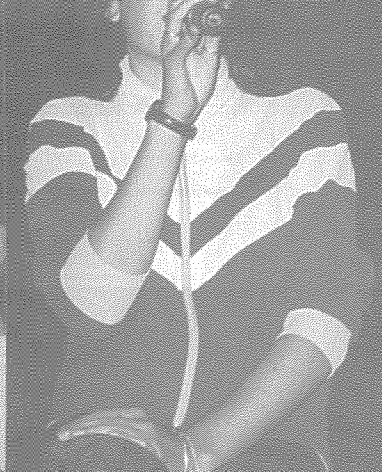

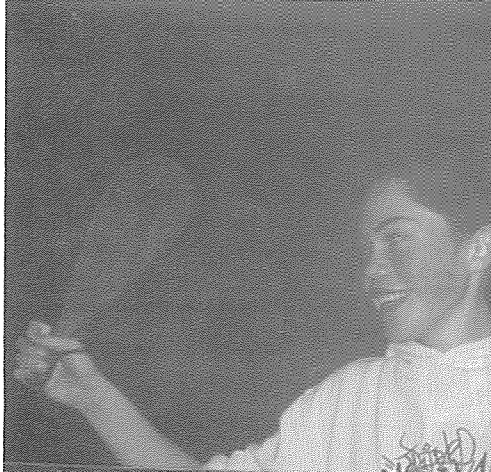

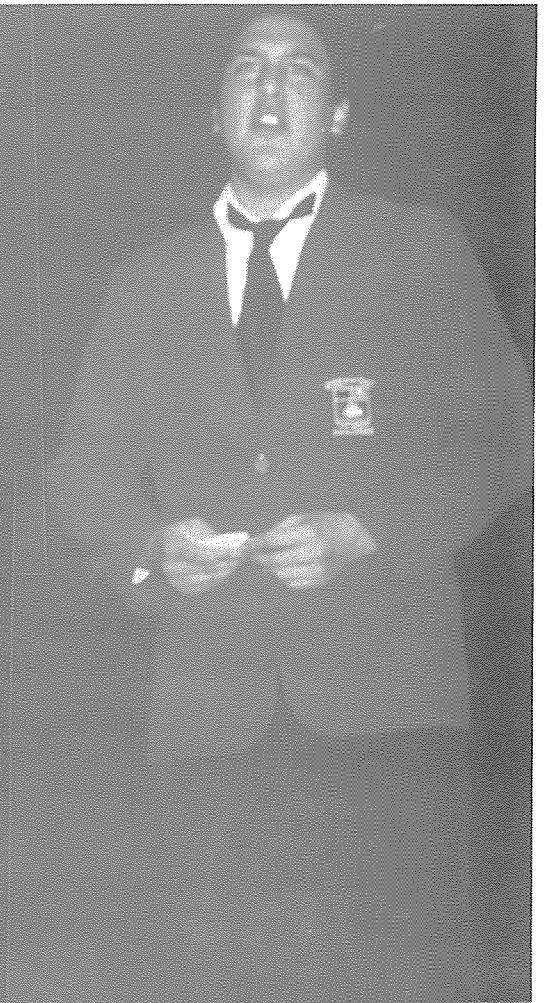

There was a lovely duet from Deborah Buckland and Nikki Bonthron, "Time After Time" complete with big screen candid video shots around the school. The hand held shaky camera work was an interesting feature and some of the audience grew raucous at the sight of themselves and their friends on the big screen.

Krystal Williams stunned the audience with her aerobics routine and it was easy to see why she won the Auckland regional aerobics competition in her age-group recently. A professional effort and very possibly a future career in choreography or dance awaiting our Krystal.

Two further duets were performed and were all well received despite some volume problems. Rory Morunga shone especially bright with his beautiful voice in, "Father and Son", the old Cat Steven's number.

The curtain came down after a particularly cute rendition and interesting interpretation of "I Will Survive" by Renee Franks and Regina Olliver.

All in all, a raw and honest showcase of our various performing arts talent put together at great speed. Big thanks to all performers, including our Master of Ceremonies, Wiremu Kino and staff who work as a team to make it happen at a particularly busy time of the year.

Young Enterprise Company

This Year's Young Enterprise Company 'Whiplash' produced and sold T-shirts and Hoodies with their logo on the front and a design by Steven Smyth on the back.

Several directors left school during the year and at the end Steven Smyth and Rachael Walker remained.

They sold about 150 whiplash garments and ran a very successful business.

They enjoyed seeing people wearing their gear out and about.

Steven was selected to represent Northland at the International Enterprise Olympics in Wellington and had a great experience.

Thanks to Patsy Moutgomery who was a great mentor. Thanks too, to everyone who bought a Whiplash garment or supported us in any way.

Bream Bay College continued its tradition of having great Young Enterprise Companies.

TE RA

Burning crashing hot
Burning flaming fear
Red yellow orange
No blue to be seen
Pulling tugging screaming
Aaarrggghhhhhh
It's over ,the sun is down
Heavy breathing screaming
No more

By Sophia

Year 7 and 8 poetry

Tane Mahuta

Tane, Tane standing tall
Towering above us all
You are the father of the forest,
The gentle giant.
Your arms reach out,
Old and stiff like an old mum
Stretching up to the sky.
Your skin is rough and wrinkly,
Old and worn.
You reach out to your father the sky
Who is calling out your name,
But you love your mother too much to let go.
I know you can't hear us,
Yet I know your looking down on us all.
Renee Bayer

What is the water

**The water is a blue blanket
Thrown on your bed**

**It is the sky above us
Reflected off the sea**

**It is a field of grass
Waving off the beach**

**It is a big blob of blue paint
On the artist's pallet**

By Tom Parker

I Hate To Get Out Of Bed

The clattering in the
Kitchen
As the dishes
are being washed
the smur
of colour
as I'm coming to
the sheets
like their hugging me
like a huge fluffy teddy bear
the bed so nice
and warm and
the world outside looks
freezing outside
out of the bed...
Then I remember it's Saturday

SPECIAL NEEDS DEPARTMENT REPORT

Another busy year has come to a close for the Special Needs Dept.

A big thank you to teacher aides for their input and support of student's. It goes without saying that our students would not achieve to the level they do without teacher aides' assistance.

2004 brings some changes.

Firstly congratulations to Mathew Miller and Desiree Goldsmith for completing Yr 13 this year.

As a consequence we lose Elise Hansen who has worked with both these students for the past 6 years.

Elise's work and commitment has been hugely appreciated. Earlier on in the year Pat Levett also left. Pat's association with Bream Bay College spanned 8 years and her efforts were widely respected.

I am also leaving and will be replaced by Debbie Woodward. I know Debbie will enjoy the support of students, teacher aides, support teams and families that I have been lucky to experience. However it is not at all about leaving.

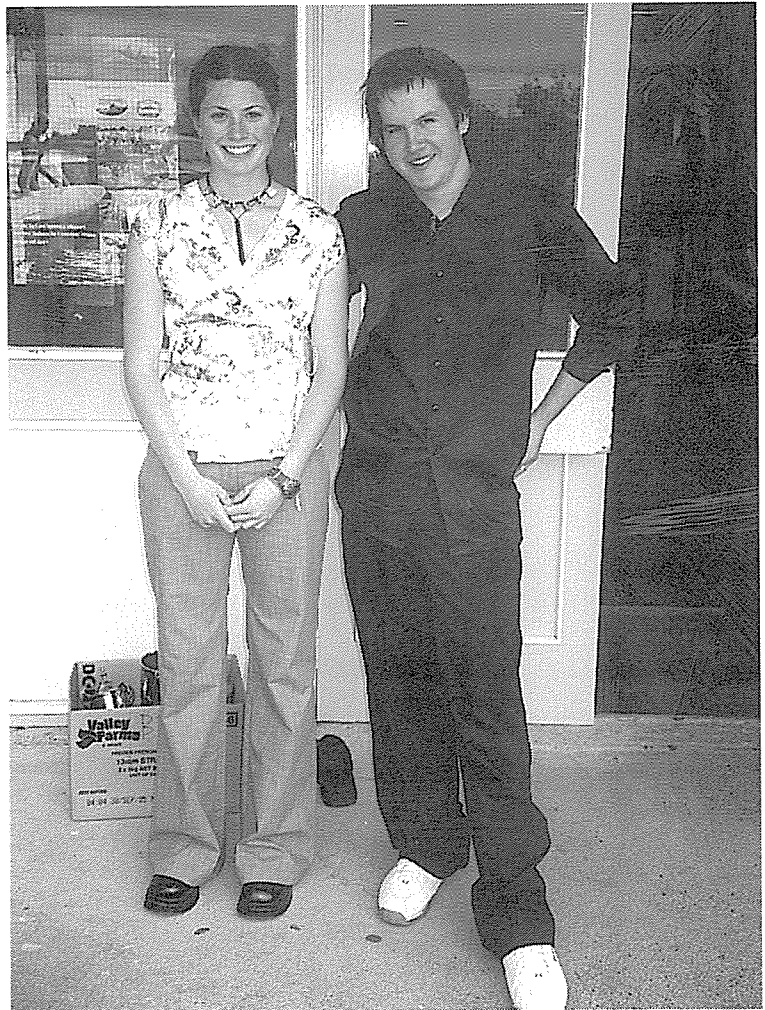

Jacque Howe joined us in June 2001. Also Leanne Allen replaced Pat in May 2003, and Val Whittaker came on board in July 2003.

So when another door closes another always opens.

On a final note I would like to thank all the staff, students and families of Bream Bay College that I have been associated with, I have enjoyed my 'stint' here and wish everyone the best for 2004.

Cheers

Sue Mathews.

YR9&10 DEBATING

This year we had two teams in the Jack Richards Debating Competition run by the Rotary Club. They were Brooke Duffield, Teriana Maheno and Sandra Cullen in the Bream Bay A team and Danielle Duffield, Dianah Patterson-Kane and Anna-May Jensen in the Bream Bay 1 team.

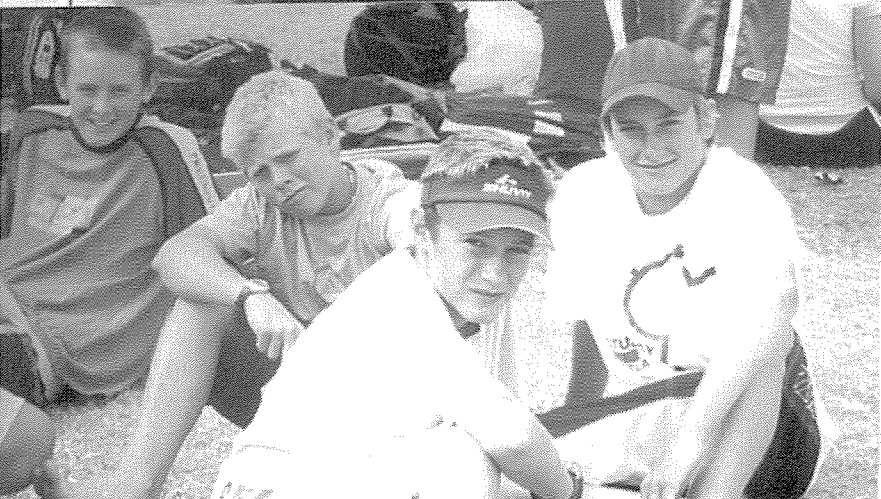

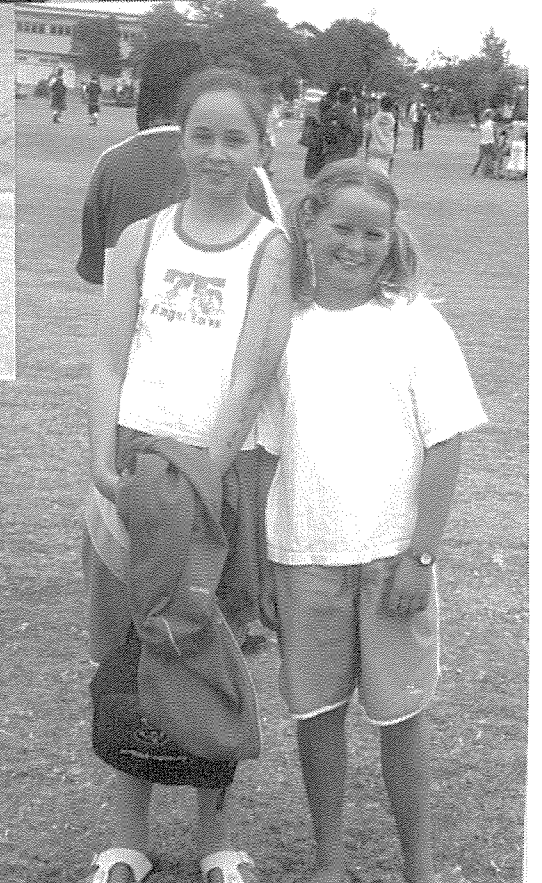

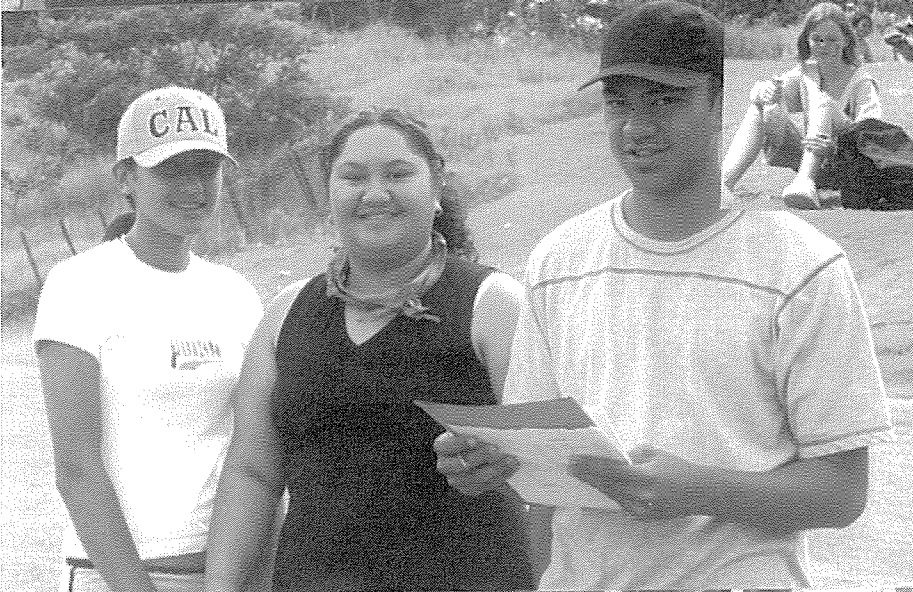

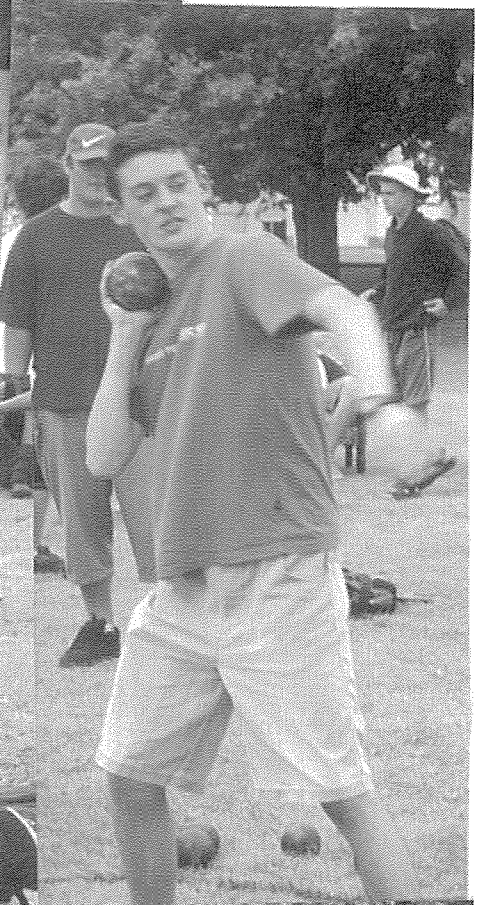

Both teams performed well in their round robin debates against Rodney College, Pompallier College, Tauraroa Area School and Kamo High School. Bream Bay A managed enough wins to pick up a place in the semi-final debate against one of the Pompallier teams. This was a nail-biting effort and the end result was extremely close with our team managing to sneak through to the final.

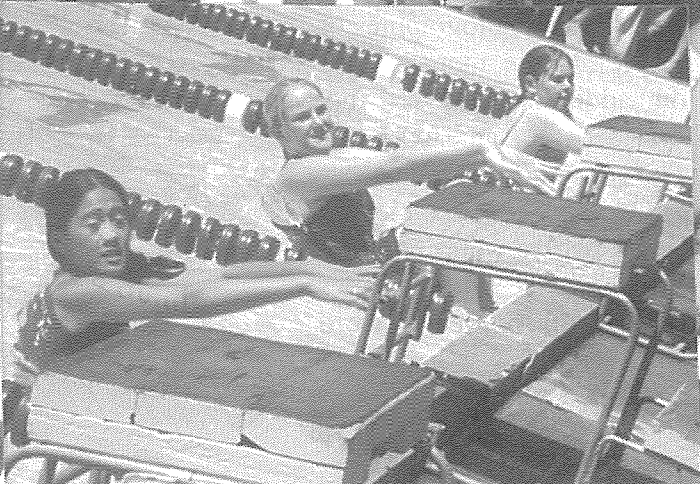

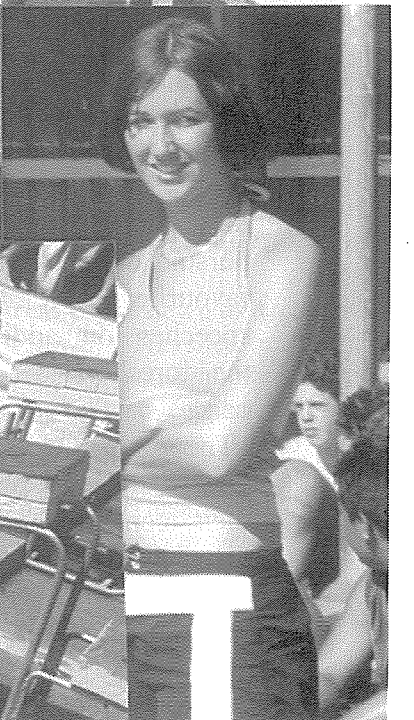

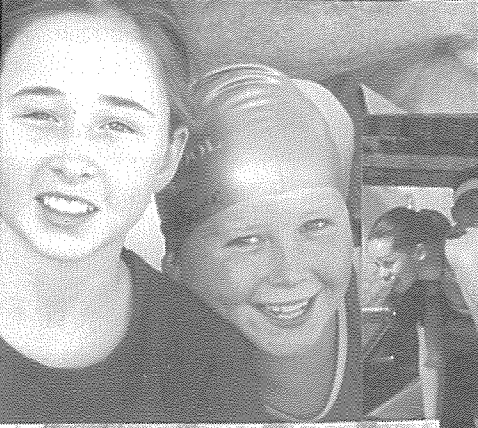

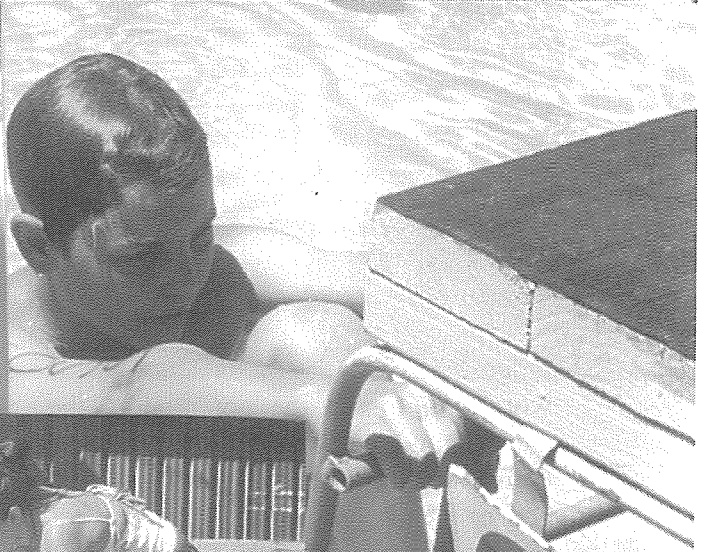

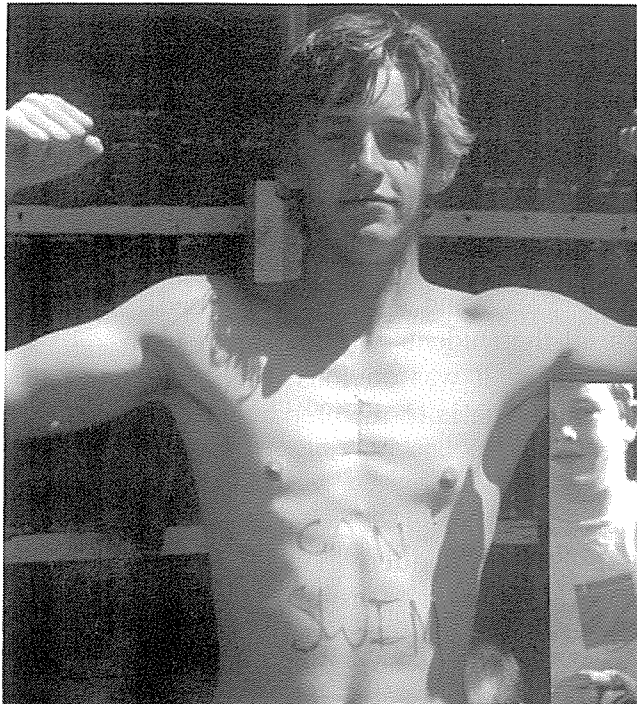

This was held on the evening of October 30th at the Whangarei Rotary Club headquarters which is the A'Fare Restaurant. Our team turned up looking absolutely great in their school blazers and ties. John Markby, one of the guest judges even commented to me on how good they looked. Unfortunately the better looking team did not win this time round and although the girls debated incredibly well, they were beaten into second place by a team who debated even better on the night.

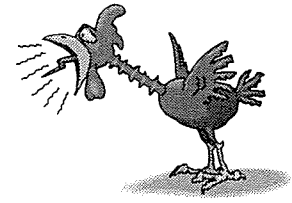

Debating is a wonderful skill to develop. It improves essay writing skills and develops the ability to think logically and quickly, not to mention the confidence that is gained from public speaking. I have nothing but admiration for these girls who give up their own time to prepare and practise their debates and force themselves to overcome their natural fear of public speaking. All six of them have done extremely well.

Finally I'd just like to thank the people who have helped us this season, especially our student judges, Ramarea Pedersen and Laura Aspden and a special thankyou to our guest judge, Patsy Montgomery.

2003 Speech Competitions.

On August 20 and 21 Patsy Montgomery and I judged the many finalists in this years Speech Finals. These have been a major part of the school calendar for 29 years and before that at Waipu District High School. Over the years we have had many fine speakers who have gone on to regional and national success. Bronwyn Lewin, Layne Waerea, (3rd and 2nd in National finals), Bevan McKenzie, Christine Gabagat, Bernice Drinnan (Regional Winners) are just some of the successful students I remember.

We have also had many students compete as finalists in a variety of regional and national competitions.

The late Ray McCallum was a real enthusiast of speech making and debating and in recent years Judy Mitchell has been responsible for coaching our many successes in the Lions and Rishworth speech competitions.

This year for the first time the same judges heard all the finalists and it was wonderful to see the potential in the Years 7 and 8 department. In this area there were 5 finalists per class and hence it took one day and two periods to hear all the speeches. It was a wonderful experience and we both thoroughly enjoyed the challenge!

With so many finalists it was obvious we would hear a wide variety of topics and we did. Some of the topics ranged from leisure pursuits, dreams, family, biographies of favourite people to the more serious speeches on addictions, advertising, the foreshore debate and war and peace.

The winners we chose spoke clearly, effectively, used pauses well, engaged their teenage audience with themes that they could relate to, created word

pictures as they spoke and above all were original in their approach.

Both Patsy and I were impressed with all the students who took part in these finals. It was obvious hours of work had gone in to the preparation of these speeches.

Years 7 and 8.

Highly Commended Gael Mita, Rowan McGregor, Dustin Morunga, Gemma Coutts.

1st Place Holly Bone **2nd Place** Tabitha Dunn, **3rd Place** Gilbert Costello,

Years 9 and 10

1st Place Vanessa Hollis, **2nd Place** Jasmine Marsh, **3rd Place** Brooke Duffield.

Years 11,12 13.

Highly Commended Ashley Worthy, Anton Garland.

1st Place Tara Foote, **2nd Place** Jimmy Murray, **3rd Place** Cass Mitchell.

R. Waerea.

South Island Tour Diary

Day 1: Bream Bay – Auckland. Departed the College by bus after school finished at the end of term. Dinner at the Royal Oak Pizza Hut, and then transferred to the Silver Point Motor Inn to stay the night.

Day 2: Auckland – Christchurch. Everyone up at 5.30 am to transfer to Auckland Airport for a 6.15 check in. Boarded the Boeing 737 and took off at 6.45. Breakfast served during the flight.

On arrival at Christchurch, the drivers transferred to the Maui depot to collect the 6 six-berth campervans that were to be our homes and transport for the next 10 days.

First stop was the Antarctic Centre where the latest attraction was the Antarctic Storm. We put on rubber overshoes and thick anoraks before entering a room full of snow at -5 degrees. A fan then simulated a storm with the temperature dropping to -15 degrees. The afternoon was spent visiting sites in central Christchurch such as Cathedral Square, Hagley Park, and the Arts and Crafts centres. Most went on the tram around the city centre, and climbed to the top of the Cathedral.

Day 3: Christchurch – Dunedin. Drove over New Zealand's longest bridge on the way to Timaru, where we all met for morning tea. Lunch was at the site of the Moeraki Boulders.

Upon arriving at Dunedin we went on a tour of Cadbury World. We were able to see how the various chocolate bars were made and enjoy the free samples that were given out. The highlight was the 10 metre high chocolate waterfall, where $1\frac{1}{2}$ tonnes of chocolate poured through in the space of 15 seconds.

Day 4: Dunedin – Invercargill. Before setting off for Invercargill, we had the opportunity to travel around Dunedin. Sites visited were the Octagon, Otago University, Baldwin Street (the world's steepest street), and Larnoch Castle. Two younger members of the group set a new fashion by wearing their pyjamas to all the sites.

After arriving in Invercargill, we travelled another 30 km south to Bluff and the end of SH1. Group and family photos were taken under the Bluff signpost. Just around the corner was the Paua House that had been brought to fame in the Tip Top bread adverts. The Caravan Park at Invercargill was interesting! A prison at one end, and an airport at the other. At least McDonalds was just across the road. Mrs Kennedy (the former new entrants teacher from Ruakaka Primary) was staying there with her husband in their

house bus. She recognised some of our group and came across for a chat.

Day 5: Invercargill-Queenstown. Travelling north, we stopped to watch the Kingston Flyer steam train at the southern end of Lake Wakatipu.

Booked in at the Queenstown motor camp. Walked across to the gondola that took us up to the top of the hill. Students went riding on the luge tracks while the adults stayed in the comfort of the café, and enjoying the magnificent view over the lake. After dinner at the Hard Rock Café, the evening was spent walking around the shops.

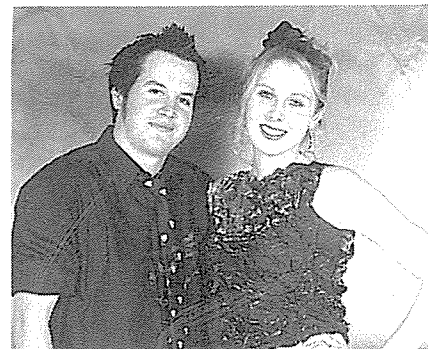

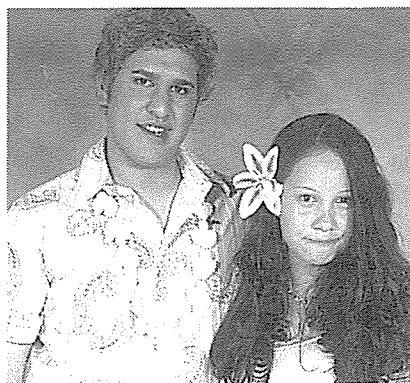

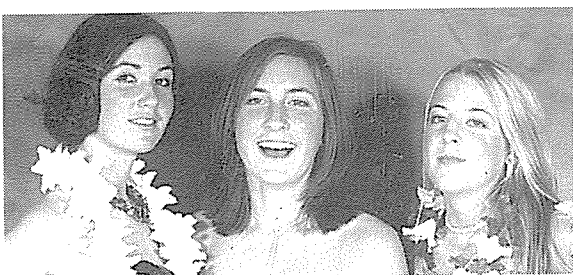

Day 6: Queenstown area. Drove down to Arrowtown (an historic goldmining town). Travelled up to the Coronet Peak ski field where the students went sliding down the slopes on plastic rubbish bags and had snow fights. Returned to Queenstown past the notorious Skippers Road (one of the few roads where rental vehicles are forbidden to travel). The afternoon was

Ball Report 2003

Months before the ball un-seen preparation began as a group of year 13's and teachers merged together to create decorations of Pacific Paradise, including fire dancers, a projected moving wave and a palm tree in the middle of the dance floor. On the 20th of June 2003 students arrived at Bream Bay College, girls suddenly a thread taller and boys finally showered. They were welcomed by Mr. & Mrs. Buckland, Mrs. Gardner, Mr. Bayer and the highlight of the night our Head Prefects Amy Alison and Finn Scott who lei-ed every student and teacher as they entered through a bamboo archway. The live band 'Smells Like Fish' definitely set a great atmosphere to dance the night away. Fortunately Willie and his crew of Island Dancers provided entertainment (and a chance to rest) before the Pacifica Fest.

Next was the formality of announcing the prizewinners, Belle: Lydia Gardner. Beau: Luke Chapman. Most Photogenic Couple: Michael Howard and Jessica Fenwick. The night was a definite success with tired but happy students leaving with fond memories and lei's.

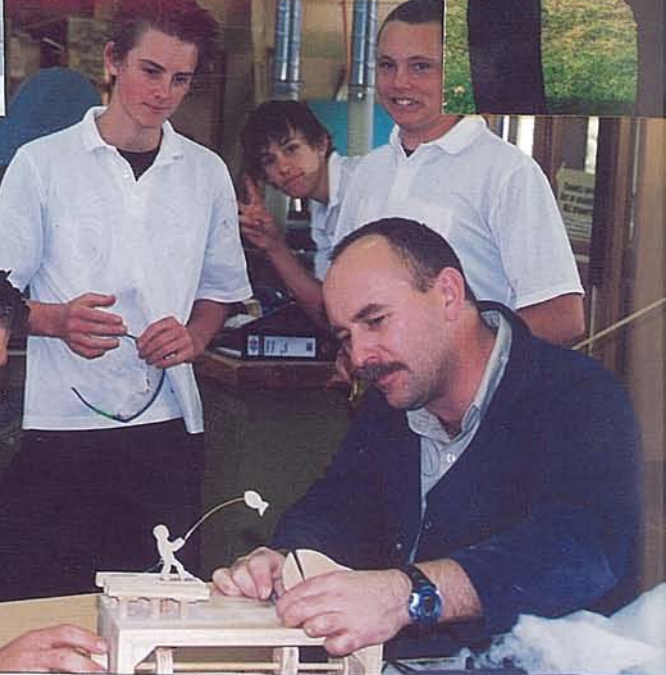

Thank-you to our sponsors: Surflife, Bookend.

spent travelling across the lake to Walter Peak Station on the TSS Earnslaw

Day 7: Queenstown – Franz Josef. Departed Queenstown for the West Coast, via the Haast Pass. Morning tea was at Wanaka where everyone enjoyed visiting Puzzling World. This was an attraction based around a number of optical illusions.

Continued north past the shores of Lake Hawea and Lake Wanaka, through the Haast Pass and up the West Coast to the settlement of Franz Josef

Day 8: Franz Josef – Westport. Visited the Franz Josef glacier. Continued north to Shantytown (a reconstructed gold mining town). We went on the steam train, panned for gold, and wandered through the various buildings and displays. The drive north was interesting not only for the number of one lane bridges, but also for the one lane bridges that also doubled as the railway bridge. Signs clearly indicated that cars should give way to trains!

The afternoon stop off was the Pancake Rocks at Punakaiki. On arriving at Westport, we went out to the Cape Foulwind seal colony.

Day 9: Westport - Picton. This journey took us through the winding Buller Gorge where the road was several times reduced to one lane with mirrors to show vehicles coming around the corners. Halfway through the Gorge was the 110 metre long Buller Swingbridge. Several members of the group ventured across this bridge, with some of the more adventurous students deciding to return across the 160 metre long flying fox.

Nelson provided glorious weather, and an opportunity to walk around the Nelson Market.

The route chosen to Picton for several of the vans took them through the hills alongside Queen Charlotte Sound.

Day 10: Picton – Kaikoura. This was the only day when rain affected the activities. After driving around the winemaking area of Blenheim and touring the Montana Winery, we travelled down to Kaikoura. Heavy rain meant that there was no possibility of whale watching, and the afternoon was instead spent playing cards or watching TV.

Day 11: Kaikoura – Christchurch – Auckland – Bream Bay. Heavy overnight snow had closed many of the inland roads, so we opted to follow SH1 along the coast to Christchurch. The narrow road twisted its way around the coast, and through two tunnels. The first 30 km was right along the coast where spray from the waves crashing metres from the road covered the windscreens.

Upon reaching the Canterbury Plains, we were met with a winter-like scene with the rolling farmland covered in a blanket of snow.

Arriving back in Christchurch provided an opportunity for a last look around the city before the vans were returned to the depot. On average, the vans had covered approximately 2400 km over the 10 days. The drivers were driven back to the airport where we connected with our 4.20 pm flight back to Auckland and the bus to take us back to Bream Bay.

ART DEPARTMENT

This year we have been so busy in our department that there seems to have been little time for extra activities. Junior and senior art students have produced some fine art works in both two and three dimensions. In the junior department we have had five different teachers who have worked very hard with their classes to develop skills and ideas using pencil, Indian ink, charcoal, crayon, pastel, mixed media, paint and assemblage as well as three dimensional sculptures, and pinhole camera work with year ten students.

A big thank you to Ms Edge, Ms Burrows, Ms Flavelle and Ms Frost for their talent and perseverance with year seven and eight, and the copious amount of excellent work these students produced.

NCEA level one art was a little easier this year, as the way was paved in 2002, the first year of NCEA. This year's students used the river estuary for their theme and completed folios of drawing, painting, mixed media and sculpture. They then chose from lithography at the Whangarei craft Trust with Mr. Jamie Shields, flax weaving with Mrs. Sue Mathews, or pinhole camera with Mr. Peter Davies, and they really enjoyed these options.

At level two NCEA (year twelve) we offered painting, photography and sculpture and most of our art students had a very successful year with eight painters, four sculptors and fourteen photographers participating in the course.

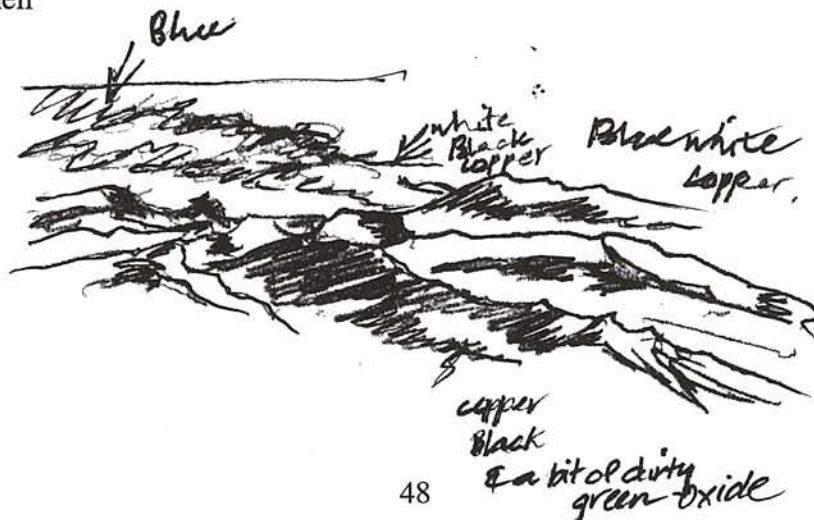

Next year bursary art will no longer exist, and in our school students will choose from painting, photography or sculpture at NCEA level three.

All NCEA art levels now have a strong research component. This gives students a better understanding of contemporary artists and their works and includes some relevant art history along with the artist models to be studied. This will also apply to the level three courses.

Photography students will continue to have Mr. Peter Davies' able tuition, and we are very grateful for his professional input this year.

- Many of our year thirteen artists designed and helped with the outstanding ball decorations we had on the theme of 'Pacific Paradise'.
- Examples of work were chosen from our school for the national visual arts NCEA level one booklet. This was a real achievement as only a few schools were chosen to demonstrate the achievement standard.
- Our hearty congratulations go to Midori Matsumura. A painting from her 2003 level 2 folio has been selected for use on the New Zealand Qualifications Authority's 2003 Greetings Card! And NZQA also intends to publish an article about her as well as her photograph in their next edition of QA News. Well done Midori!

So, thank you all you hard working art teachers and students. See you next year.
Judy Mitchell

Performing Arts

This year at Bream Bay College we have had an outstanding success in Performing Arts. Performing Arts involves the disciplines of Dance and Drama under the Arts Curriculum.

The year 9 classes engaged in a dance and drama module for 13 weeks, and at the end of their time, they performed for the various primary schools in the area. The performance is a dramatic one, where they take a nursery rhyme or fairytale and retell it with a twist. During this time the student's gain the experience of constructing a performance, and performing in front of an audience (not just their peers). It was an excellent experience for all involved.

The year 10 class has been one of enjoyment and fun. These students organized and participated in the Stage Challenge. They also gained the skills of constructing dance pieces, solo, duo and group. For the drama components, students reviewed Macbeth, and devised a very interesting interpretation of the 3 witches' scene, "double double boil and trouble" for Te Tuinga. Over the year we also went on many trips to view and respond to live performances, Black Grace, Royal NZ Ballet, and the Unitech Dance Troupe.

The largest success this year was the Stage Challenge. The Stage Challenge is a Performing Arts (Dance & Drama) competition between secondary schools nationwide, and this year Bream Bay College entered the event for the first time. Our theme was "Logging in our Community". We chose this theme because of the impact it has on the Bream Bay Region. We divided the theme into four main scenes,

nature/ forest, logging/woodcutting, transport/trucks and construction/roading plus we added a finish dance piece to it so the performance flowed together.

We received the following awards:
Excellence for Costuming Character
Excellence in Set and Prop Design
Excellence in Costuming Enhancement
Excellence in Soundtrack
Excellence in Choreography
Excellence in Performance Skill
Excellence in Stage Use
And the APRA New Zealand Music Award.

WE WON THE SMALL TEAMS DIVISION!!!!

IT SHOWS THAT WITH HARD WORK AND DETERMINATION Bream Bay College can do it, because WE CAN!!!

Ms Sargeant

HOCKEY 2003

Good support this year by Bream Bay College and Bream Bay Hockey Club meant another successful year for all those involved.

The Bream Bay College 1st X1 -

- All girls in the 1st X1 are expected to play in the Collegiate Grade, due to there not being very many inter school games and the fact that the older girls are playing hockey at Senior Women's Grade, the collegiate grade gives the girls a chance to play together as a team, to play at a level where they can put their skills to the test and more importantly it is where they can relax and just be girls....

TEAM OF 2003

Lydia Gardner(Capt),Kathy Neeley(VC),Tasmin Barry(VC),Karen McAulay,Sarah Watson,Abby James,Katie Goodall,Sara Alison,Aimee Helleur,Janine Smith,Jacinda Watson,Nicola Neeley and Melissa Boielle.

Manager: Kaye Taylor

Teacher Rep/Umpire: Jennie Thornhill

Parent Helper: Linda Boielle

Coach:Cathie Watson

Prior to tournament Aimee decided it was time to get into the real world, this meant that we were down to 12 girls for the tournament....not a great option but one we got by with, thanks to those who kept to the roster and turned up without fail each week.

It is not always easy to do this at the time but the end result meant that there was very little for some of the girls to pay out at tournament time.

Odds and Ends...

- *Egg Throwing Competition went to the team in the car!!!*

This year the BBC 1st X1 Girls Hockey Team travelled to Napier to play in the Audrey Timlin Tournament.

Some beautiful goals were scored by the girls and at the other end there were some brilliant saves by Melissa. Unfortunately it went to stroke outs for the semi finals and the girls missed the chance to be in the top 4....it has however highlighted the importance to win outright and it will mean that part of the skills the girls will be practicing next year will be goal scoring and stroke taking!!!

The younger girls stepped up this year and performed reasonably well Sara Alison is to be applauded for her determination and also for her support of the team when she was sidelined due to injury.Jacinda put her body on the line which resulted in a green card...and a lot of merriment from her team mates and from team management.

Thanks go to Kaye Taylor for managing this unruly bunch of girls(and others), to Jennie for fitting in sooo well and umpiring some of the games(games that were after 9.00am)and to Eric for organizing Jennie to come to the tournament(not sure if you were trying to punish us??)

The girls finished 7th /16 teams – one place better than last year.

For supporting the 1st X1 Girls in 2003: Coastal Kids(Helen James),The Book End(Kevin & Ann Cook),Scavengers(Yvonne Judge),The Bream Bay Community Support Trust and to BBCollege Student Council a very big Thank-you

The girls have the cleaning contract at the Ruakaka Recreation Centre

- *Games night.....who wants Jennie???(pepper isn't a safe option eh Sara?)*
- *Short sheeting....Linda thinks this is for people with short legs!*
- *Railway Lines and Roof Banging.....now that was a new one!(instructed by Kathy N.)*

- *Beheading of a certain Barbie by a so called responsible/sane member of management(it has all been recorded on video...for future reference!)*

2003 Challenges

Collegiate Competition – Runners Up(game ended 2-2 draw lost on stokes)

Greenwood Shield – Runners Up.....

HOCKEY AT BB COLLEGE 2003

Representative Honours:

U18 Northland Girls :Lydia Gardner, Kathy Neeley, Sarah Watson,(Janine Smith – non traveling reserve)

U15(B)Development Squad: Melissa Boielle, Karen McAulay

U14(A): Sheree Green, Hollie Smith

U14(B): Gemma Coutts, Jesse Boyce

Northland Hockey Academy: Sarah Watson, Melissa Boielle, Janine Smith, Kathy Neeley.

BBHockey Club Prize List:

JMC (A) “Most Consistent” – *Sheree Green*

BBA (Senior Women) “Most Improved” –

Melissa Boielle

BBB (Senior Women) “Most Improved” –

Tasmin Barry

One of the exciting things to happen this year was the grass game vs Ruawai College. This all happened at short notice but it seemed to good an opportunity too miss Francil put this into action for us..... The junior players were invited to come and play....the turn out was amazing.... (junior being F1-4)

A very big team turned up to Bream Bay....argh there were boys!!!...we didn't get that message right....but in good old “we'll give it a go” fashion the girls got on with it and at the end of 40minutes BBCollege had conceded one goal. The game was exciting and wee Sheridan Webb as Goalie accepted the challenge which kept Ruawai at bay.

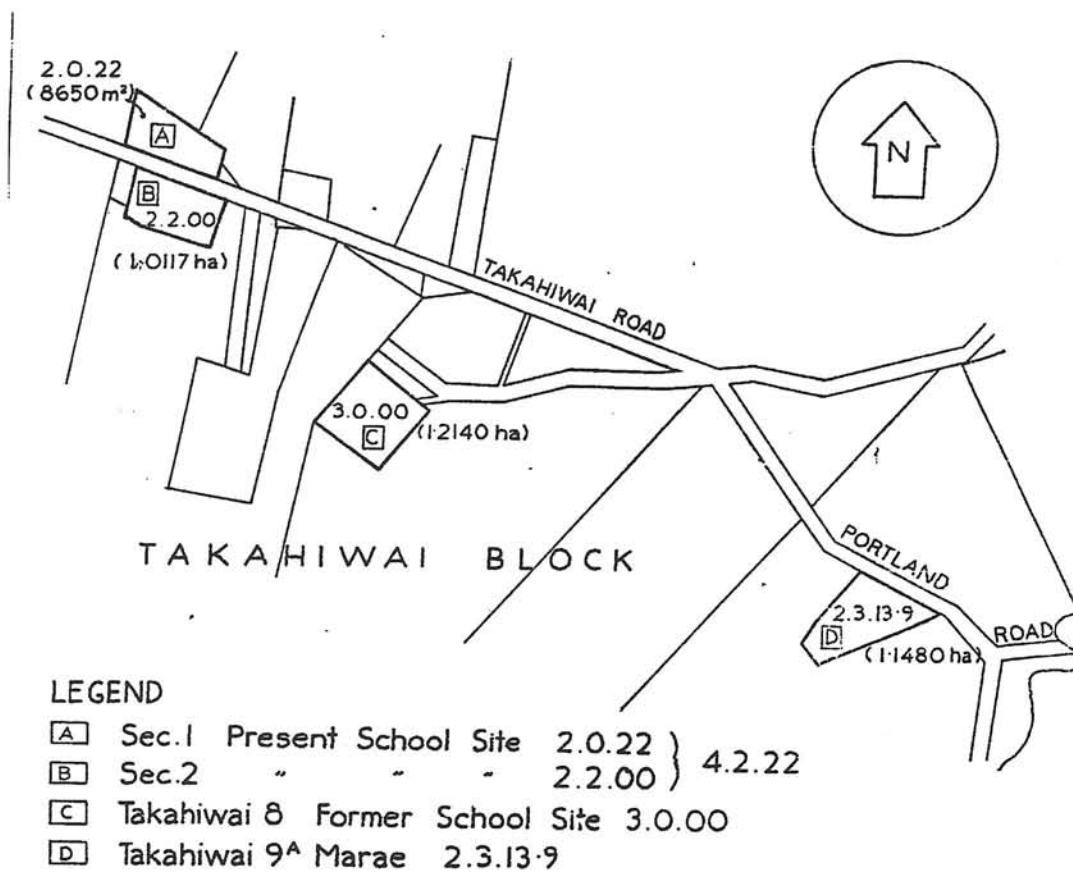

For Jennie and me it was a great opportunity to see the girls in action....we

look forward to working with several of these girls at the Collegiate/1st X1 level in 2004. A really talented group of girls.... An old fashioned afternoon tea was had in the gym and we arranged to meet Ruawai early next year and again at the end of the season.

Thanks to Eric for umpiring..... (we think?)

Thank-you to Francil for looking out for hockey and arranging this game for the college.

Paeroa Honetana who owned the land where the building is today (B) was given possession of the previous school site(C). Tautohe Paki gave the two acres across the road (A), thus the second site of the school had two sections. Maori Land Court Record WH52-188

Education-wise there was a general focus on manual training. However academic success was always a priority, with many pupils receiving scholarships to continue their secondary education. For years the roll was consistently high. In 1933 numbers fluxuated from 16 – 60, and eventually a prefab and portacom were added to facilitate for the growth. The school became the centre of the community, a meeting place and concert venue. Les Pirihi, ex-pupil explains, “We did more there than at the Marae”. The school had a minority number of pakeha students, and nearly all Maori pupils were related.

By the 1930’s views on Maori education were changing, with the inspiration of Sir Apirana Ngata. Selected elements of Maori culture were officially introduced into the curriculum, but the Department of Education still decided what was to be considered valid Maori Values, despite not being Maori themselves. In 1947 the term ‘native’ was replaced with ‘Maori’, and a common curriculum for all schools was developed. In 1959 Takahiwai became a ‘Maori School’, and by 1969 all Maori School’s were transferred to the public school’s system.

The school continued to educate until 1973 when it closed due to diminishing numbers, the result of the urban drift, and opening’s of One Tree Point Primary, and Bream Bay College. The school was closed with a roll of only 5 pupils. Juanita Hool

was one of these five. She echoes the same sentiments of many other ex pupils. “In my opinion it was beneficial to have the school within the small community of Takahiwai. Those who attended were mostly all whānau... For me personally there were activities like Maori culture that we weren’t able to do at Ruakaka. There were no disadvantages in attending the school”.

In 1974 the site and main buildings of the school were reinvested in the Takahiwai Marae Committee, who now administer it. In the past it has been used as an office for Patuharakeke Te Iwi Trust, and has now been converted into a three-bedroom home, and is leased out too family members. The land in front of the school accommodates three kaumātua flats, and the land across the road is leased as farmland.

For much of its existence the school was as important as the Marae. It extended links of whanaungatanga and communal identity, and its locality ensured a basic education for all. Although the Native School System is generally criticised, the ex-pupils of Takahiwai, who I have interviewed looked back on the school with fond memories. They believed the school was a privilege, and the only disadvantage- “having to spend half of Friday cleaning the school”!

An early photograph of the Takahiwai Native School community in the early 20th century. *Photo extracted from Ruakaka (A Brief History) Compiled by Judy Richards*

When the Sun Goes Down by *Samantha Moore, Year 8*

Mr. Wilson had had enough; he couldn't stand the sight of home at all. He stormed down the hallway and out the open front door. His feet hurried along the deserted bubble gum encrusted pavement. He watched the street warily before finally setting forward past the rusty old gate.

It was still dark as he pondered about where he was going to go. He had no friends that would take him so he wandered absent mindedly down the black street.

Suddenly a roar echoed up the silent street. A car saturated him in bright light but as quickly as it had come the car zoomed off into the darkness leaving Mr. Wilson swallowed back into pitch blackness. His feet carried him still shivering onto the shadowy grass verge where he sat down to calm himself. He deeply regretted leaving home without a meal. His stomach groaned but there was no going back now!

He had been travelling for around an hour before he heard something that made him jump so high that he threatened to hit the grey clouds. Mr. Wilson hid in the thick group of bushes to the left of the strange sound. A huge black shadow emerged from a nearby gateway across the street. It was making a strange sound which grew louder as it approached the bush where Mr. Wilson hid quivering. The thing drew nearer and nearer until it reached Mr. Wilson's hiding place where it stopped to sniff before crossing the road. It was only then that Mr. Wilson realized that the dark shadow was a large shaggy dog.

Soon the road ended but he continued on through a paddock of long grass. The soft dew coated grass soothed his aching feet. He was following the sound of trickling water which was growing louder and louder. The sun was rising steadily in the distance; its rays were waking and were slowly creeping up the sky. A river he thought, there he might find a peaceful haven to stay. He doubled his pace and soon reached the source of sound. He was hoping for a pure crystal river but his hopes were dashed at the sight of a muddy old creek.

A bag of rubbish lay burst open on the left hand side of the bank and to the right an old rusty car lay on the weedy grass. Mr. Wilson crossed the thick brown creek and inspected the interior of the car before settling on the front seat and having a much deserved snooze in the sun.

Mr. Wilson awoke to the loud sound of a huge disgusting toad croaking in his ear. He felt hungry and home sick. Maybe, he thought just maybe I can get home in time for dinner.

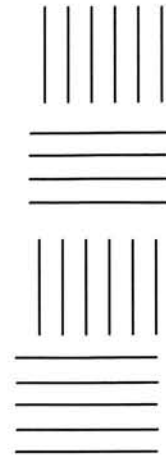

Mr. Wilson stretched out his paws, licked his long white fur clean and purred at the thought of a nice big bowl of delicious jelly meat.

Cultural Exchange

For the first two weeks of August, Bream Bay College was hosting a group from Senshu Daigaku Fuzoku High School. The students, together with their two teachers, were at Bream Bay to improve their English language skills and to learn more about the New Zealand way of life.

On school days, the Japanese students would be taught English by two tutors, Mrs Elise Hansen and Mrs Patsy Montgomery. In the afternoons, they would join their homestay buddy in normal timetabled classes. Students also went on day trips to Matakoho Museum, the Bushwacka Farm Experience, and to the Bay of Islands.

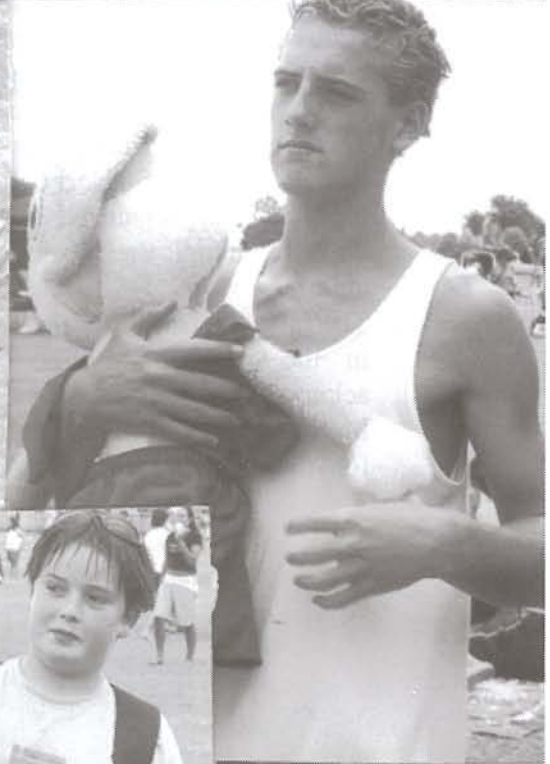

The highlight for many was the cultural exchange last Thursday. The Japanese students learned aspects of Maori culture from the bilingual class, and went from there to a hangi that had been organized by Mrs Wendy Kake and members of the Bream Bay Trust. After the hangi, the Japanese students taught the bilingual students aspects of Japanese culture.

The formal farewell for the group was on Friday evening when a pot luck dinner was held in the Auditorium. The Japanese students were presented with certificates to acknowledge their participation in the exchange programme. The final farewell was on Monday morning when, amidst a sea of tears, the students boarded their bus and departed for Auckland and their flight home.

CARVING

This carving tells a story of the blending of two cultures in the arena of sport at our school Whanga a Tamure (Bream Bay College). At the top of the carving is Manaia the moana (mountain) for our area. It sits proudly above all the people beneath it. On the top left and right are two manu (birds) they represent Rua (two) kaka (type of bird) The wings of the kaka stretch out under Mania to represent the roof of the whare (gym). Beneath this we have the tangata whenua Patuharakiki on the left and the other cultures on the right represented by the Scottish thistle. The spiralling wheels that represent the birth of life and well-being are included to represent the development of sport, health and well-being in the two cultures. In the middle are two figures, one a basketball player and the other a rock climber. The patterns around these figures and elsewhere as background represent the tamariki (children) of the college. At the bottom on the left and right is the whenua (land) and in the middle is the moana (coast).
