Rewards Club

When you join **ORRS** Rewards your purchase points are credited to your club total. When you have 500 points **ORRS** will reward you with a \$5 **ORRS** voucher.

ORRS may have special rewards offered if you choose to collect more than one reward voucher.

Every dollar you spend will earn you **ORRS** Reward points.

Products will have single, double or triple points. At times we may have bonus points on particular products.

Only gift voucher purchases are excluded from **ORRS** Rewards.

Any existing club totals will be carried forward and combined into **ORRS** Rewards.

FlyBuys can be used as well as **ORRS** Rewards when you make a purchase at **ORRS** Unichem Pharmacy.

Only gift voucher purchases are excluded.

The following sections are included in the **ORRS** Rewards Club

All Prescriptions

All Medicines

All First Aid

All Vitamins

▶ Bullivants

▶ Kordells/Nutralife

STAFF NOTES

Congratulations to **Mrs Marie Smyth** who graduated from Massey University with a Post Graduate Diploma in Education.

At the beginning of the year there were several additions to the staff: **Mr Grady Trail** came from the College of Education to join the Year 7 & 8 Department. **Mrs Catherine Collins** came from Wellington College to teach Art.

Other staff to arrive at Bream Bay College during the year were: **Mrs Michelle Alison** joined the team in the College Office, **Miss Kiri Hita-Duval** was appointed as a Truancy Assistant, **Mrs Natalie Carolus** in learning support, **Mr Daniel Alcock** as a reading tutor, **Mrs Fae Allen** as a teacher aide, **Mrs Jackie Snookes** as café manager, and **Mrs Shona Florance** as a canteen assistant.

After the retirement of Mr Ogilvie, two relief caretakers were employed. **Mr Ross Boyd** was relief caretaker for two weeks and then **Mr Philip Housham** was relief caretaker until the end of the term 2, before **Mr Tony Coggins** commenced as caretaker at the start of July. **Mr Keith Te Whata** was appointed to do painting around the College.

Mr Mark Hooper arrived from England at the end of Term 3 to take up the position of Head of Mathematics. **Mr Will Most** also arrived from England, and he commenced as a Music teacher at the start of Term 4.

Teacher aides that joined the staff at the start of Term 4 were **Mr Wakelin Witehira** and **Mrs Kerry Gould**. **Mrs Moana Lee** joined the staff as the Maori Liaison Officer.

During the year we farewelled several staff.

At the end of Term 1, we farewelled our caretaker, **Mr Fred Ogilvie**, who has retired after 21 years of service at Bream Bay College. We wish Fred, and his

wife Dot well for their retirement. Further details regarding Fred can be found in an interview elsewhere in the magazine. **Mrs Beverley Buckland** had been relieving in the Mathematics Department last year, and continued in this position until the arrival of Mr Hooper. Mrs Buckland was an effective and efficient teacher of Mathematics, and although she left fulltime teaching at the end of Term 3, she continued as a part time teacher of Mathematics in Term 4. **Miss Naomi Franklin** left the College Office in February for a position in a travel agency in Whangarei. **Mrs Jackie Snooks** left as Café Manager for a fulltime position at the Big Tomato. Her replacement was **Mrs Kim Phelan**.

At the time of writing, there were several known movements for staff next year.

Mr Peter Northey has accepted a position of HOD Mathematics at Whangarei Girls High School. Mr Northey has been at BBC since 1991. He served as Head of mathematics, Assistant Principal in 1998, and is currently Deputy Principal. For many years Mr Northey also coached the 1st XV and a range of junior rugby teams, and organised two sports trips to Asia in 1991 and 1997. **Mr Jonathan Simons** has been appointed to a teaching position in. Mr Simons has been at the College since 1985. He will be remembered for his contribution to the Information Technology within the College, as well as his contribution to staff social activities.

Mrs Joanne Gibson has been appointed as HOD Home Economics at Rosmini College in Auckland. Mrs Gibson arrived at BBC in 2003. She has been responsible for the introduction of a successful Tots and Toddlers course for senior Home Economics students.

Mrs Jenny Walker is reverting to teaching part time in 2006.

Many thanks also to the teachers who worked as relief teachers during the year; **Mrs Penny Bunting**, **Mrs Elise Hansen**, **Mr Sean O'Connor**, **Mrs Eilean Rawson**, **Mrs Stevie Ryland**, **Mrs Margo Short**, and **Mrs Margarita Smithson**.

It is with great sadness that I report the passing away of Ms Wendy Kake during the July Holidays. Wendy was the greatly respected tutor of Te Roopu Kapahaka O Whanga A Temure. She made a significant contribution to our school, and will be sadly missed.

THE PRINCIPAL'S REPORT

Excerpts from the Principal's address at Senior Prize Giving

Bream Bay College is a very good school. It has quality staff, good students and a very supportive community. It is a 'Springboard to Success' and today you will see the students who have bounced on the springboard to achieve highly. These achievements are the result of the efforts of everyone involved in our school. To be successful could mean many things to many people. We consider ourselves successful if our students leave as good citizens to the job of their choice, the course of their choice or able to start up their own business.

The Future Roll

The Bream Bay College roll has remained stationary despite the growth in our area. The buoyant economy and plentiful supply of jobs has resulted in more students leaving school earlier than expected. They have left to jobs that are well suited to them. We are very conscious of the need to prepare all our students for what is called the knowledge economy. The skills required to work well in the knowledge field are derived in the last years of secondary school. Leaving to a trade is fine but doing it too soon will cut down future job options.

Buildings/Grounds

We have had the inner courtyard finished off. What a difference it makes to the feel of the school. We are still sorting out how to spend the \$8000 given to us by the PTA to provide seating and a sculpture.

The College has employed a painter for two days per week. He has been working his way around the school repairing joinery and repainting buildings. The art rooms and cooking room modernisation was completed on time with minimal disruption. We look forward to

better learning as a result in the new environments.

The plans to replace the library roof are nearly ready to go to tender. We look forward to this area of our school being tidied up.

Our caretakers have focused more on the grounds this year with many gardens having been re-barked and plants replaced.

Academic Achievement

NCEA was a hot topic in the media throughout the year. As a school we are more than happy with our teachers' ability to teach and assess the internal standards.

Our biggest barrier to improved results is the lack of academic urgency shown by many of our NCEA students.

This year sees the introduction of a Junior Diploma for years 7 and 8, and another for years 9 and 10. Students gain an equal number of credits from their curriculum knowledge and from the key competencies each year. For a student to graduate they will need 240 credits in total over the two years of the diploma. The diplomas were introduced so that the focus would be changed to learning rather than behaviour management in the junior school. They also provide better tracking of progress and allow us to ensure that students passing from one year level to the next have the required skills, knowledge and work habits.

For the third year running we have run a peer assisted reading programme. The gains made to our students' reading ages have been dramatic over the last three years. We have added to this programme by offering specialist reading help in terms 2 and 3 along with a home reading programme.

The College Mathematics teachers were impressed with the results of our peer assisted literacy interventions and have put a lot of time and effort into an exciting programme of peer assisted numeracy activities which they predicted would

Improve the levels of numeracy for all of our students.

Bream Bay College formed an information and communication technology (ICT) cluster with Tikipunga High School, Pompallier College and Tauraroa Area School to apply for professional development funding for 2006, 2007 and 2008. We have been successful and as a result the schools will have \$120,000 between them to up skill staff in the use of ICT with the focus on enhancing learning.

Enterprise

Bream Bay College students have again had an enterprising and worthwhile year. Our Young Enterprise students received the Northland Polytechnic Award for the best business plan. At the end of year YES awards they were third in three categories: innovation, business leadership and communication.

A group of our Year 10 students were placed second nationally in the hotly contested BP Community Enterprise Project with a well prepared business plan for a new playground at the Waipu Presbyterian Church. This year there was a brand new section to this competition: the BP Innovation Project which we won. As a result the students received a \$1000 prize.

Cultural

Our Kapahaka Roopu performed with distinction at the Tai Tokerau Festival. Special thanks must go to our tutors and parents who have helped out at all the wananga and practices. A very stirring performance organised by the students was put on at the Stage Challenge dress rehearsal in memory of Wendy Kake.

The Ball was a great success with over 150 students dressed impeccably, behaving impeccably and having a great time. The food, decorations and smooth running of the evening made for a memorable event in our own "glow worm grotto".

The Socials have been a great success with most events getting over a third of the students and often nearly half of our students attending. The parent helpers who have assisted with supervision have been greatly appreciated.

This year's Stage Challenge entry was entirely organised by the students. We look forward to many more similar performances in the years to come.

Bream Bay College rocked again this year at the Northland Rockquest finals taking out third place and best female vocalist. The term 4 Music Night was once again a great success with two and a half hours of performances from more than eighty students performing in twenty three different acts. The acts were polished and the night ran smoothly. Our junior band DMH treated the audience to their original song "Remember Me" that was placed 11th out of 320 entries in the national "Play it Strange" original music competition.

Vocal groups have been running successfully now for the last two years. This year's vocal group entered the "Big Sing" taking out the most entertaining award. They also won the local singing competition and performed with distinction at the Te Tuinga concert and the Music Night.

Students this year have been treated to performances by outside groups such as the Ugly Shakespeare Company, Excel performing arts group and My Life Story.

We were treated to another outstanding set of performances by our students at our Te Tuinga concert (the coming together of the cultures) held in term 3. Performances included dancing, singing, kapahaka, poetry, highland dancing and the college Pipe Band.

The art department has continued its tradition of showcasing our students' art work by displaying it on the walls of the auditorium during all public performances thus adding to the ambience of the functions.

Sports

The combined efforts of the staff, under the guidance of our sports coordination teacher and with the help of our sports coordination assistant, has seen the profile of sport in the College lifted once again. The inter-house competition has been intense. Exchanges have run smoothly and we have been well represented in NSSSA events. We had the largest teams in the zone athletics and zone cross country events. Five of our students competed at the national level in the codes of swimming, triathlon, squash, karate and body boarding. We came 1st in the boys' zone soccer competition and 3rd in the NSSSA competition. Our NSSSA triathlon results were outstanding with three first places. Added to this we have had 12 students complete netball and hockey refereeing badges.

The increased levels of motivation and participation have been supported by the introduction of \$8000 worth of new uniforms which has improved the overall appearance of our teams.

We have set up a Memorandum of Understanding with the Swimming Club and are in the process of setting up a similar document with the Bream Bay Hockey Club. We would like to make progress with similar agreements with Waipu Rugby Club and the Waipu Netball Club. As part of another push to integrate college sport with the community we have been working on getting a hockey turf sited at the College.

Student Welfare

In all schools incidents will occur. In a restorative school when an incident happens we seek to use a restorative process to repair the harm. Where an offender refuses to take responsibility or ownership for their part in the incident we fall back to a punitive based system. Our aim is to prepare all students in a way that enables them to better cope with incidents in their future. Restorative processes teach emotional intelligence and resilience. We are well set to continue further down this path in 2006 with improvements to our current systems and further training.

As part of a proactive restorative based process we now have student councils operating at three different levels with their money coming from the proceeds of socials and mufti days. This year they will have raised in excess of \$7000 to spend on improvements to the school that they feel directly benefit students.

Our three tier system of mediators is now in its second year. It has been noticeable that the number of mediations in the College is declining which is a good long term trend.

Other student based groups include our PSST (peer sexuality support) team, the SADD team, our senior prefects and our junior prefects who operate at the end of each year. We continue to link closely with many external health agencies. An area of concern this year has been the level of preventative work required to be done by our dental technicians. The doctor in school programme has continued to be a success along with our sexual health counsellor.

The Respect weeks and Peace week have continued to be a feature of the school along with the 10 week awesome workers cycle. This year, paper cranes were made as part of peace week and were delivered to Hiroshima in Japan by our students on the Japanese trip.

AN INTERVIEW WITH MR FRED OGILVIE

At the end of Term 1, Mr Fred Ogilvie retired as the caretaker of Bream Bay College after 21 years of service.

When did you first start work at Bream Bay College?

I started on the 18th April 1984

How many principals have you served under?

Principals have been; Warwick Aston, Jules Flight, Linda Fox, John Fitzgerald/Sue Crawford, Murray Lints, and now Wayne Buckland.

What did you used to do before becoming caretaker?

At 17½, I joined the Royal Air Force in England as an airframe mechanic. After leaving the Air Force, I migrated in 1968 to NZ where I farmed sheep and cattle.

How has your wife, Dot, been involved at the College?

Dot worked at the College as a cleaner for 16 years, and also as a gardener for several years.

I understand that you have been involved in coaching several sports. Could you tell me about these sports?

I helped Kevin Ficker coach the Girls Cricket Team for 11 years, and then took over as coach when Kevin left in 1996.

I have also organised indoor bowls at the College since 1999. The College has been very successful in this sport, with the highlight being 2 girls who went to the Nationals finishing 11th out of 16 in the pairs section.

I was also involved in the 1995 outdoor bowls team with Jill Billyeald when the team won the inaugural cup.

I have also been a keen supporter of the 1st XV rugby team over the years.

What community organisations have you belonged to in Bream Bay?

I have been a member of the Waipu Outdoor and Ruakaka Indoor Bowling Clubs for 21 years, president of the Waipu club from 1994 to 1996 and president of the Ruakaka indoor club for 12 years on and off during this time.

What are your interests outside of school?

Indoor/outdoor bowls, fishing, camping/reading and watching sport. I have been camping at Whangaruru with my family for 20+ years. I also love the solitude of surf casting. This is where you can enjoy the solitude, along with its peaceful

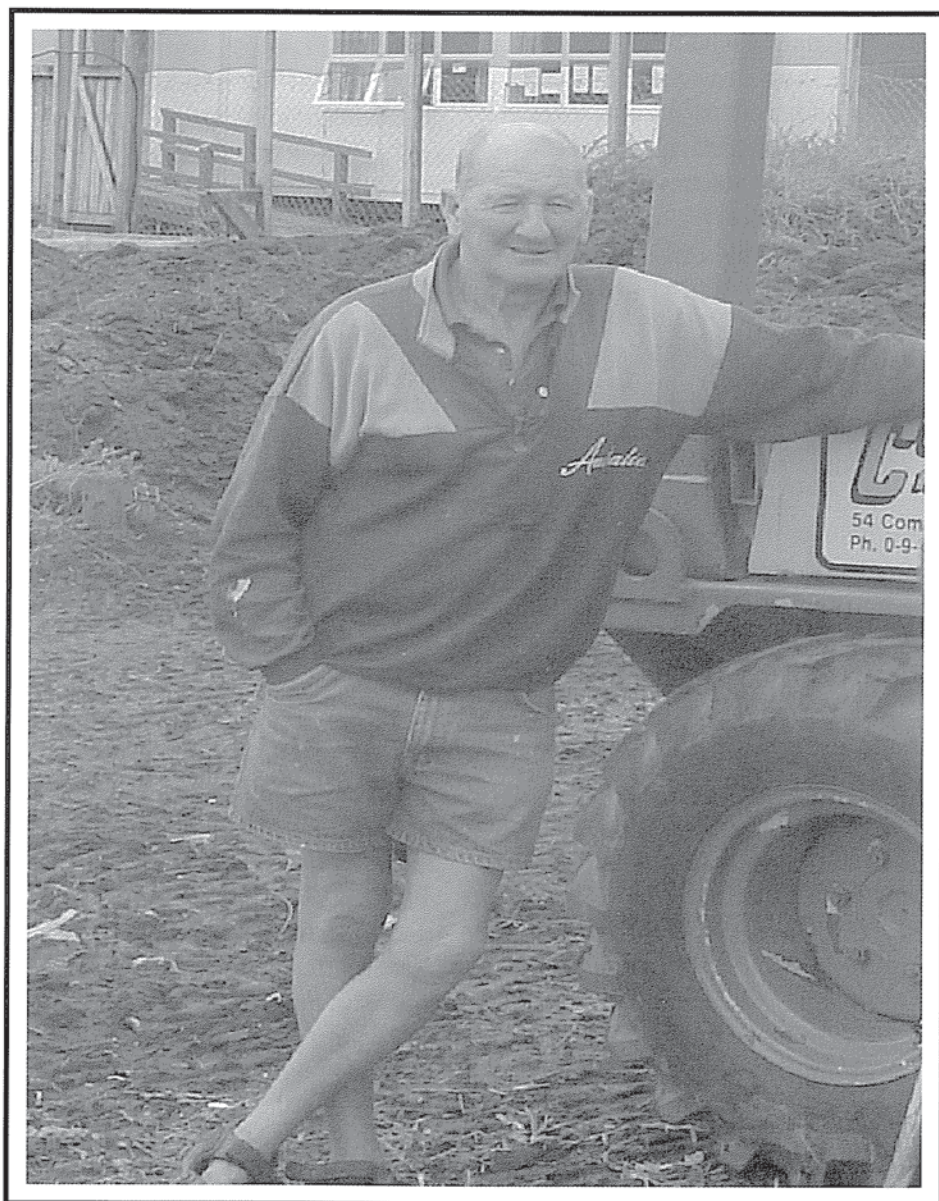

contemplation and enjoyment of the environment

What are some of your fondest memories of your time here at Bream Bay College?

The 1st XV rugby trip to Singapore in 1990/91, accompanying Peter Northey and Jules Flight. The team was very successful, winning all their games.

Watching the Power Station chimneys being toppled from the top of the chimney at BBC, along with groundsman Jamie Maxwell. Coaching and watching the girls play bowls in Napier

The change in the design of the school and the refurbishment of the labs and roof line

A TRIBUTE TO WENDY KAKE

Wendy Kake, best known for her work as our Kapahaka tutor, passed away in the July holidays due to a brain tumour.

Wendy's contribution to the College has included being a teacher aide, Kapahaka Tutor and Maori liaison person. Wendy had also contributed many hours voluntarily to the College. The numbers in our Kapahaka Roopu, and the many invites they have received to participate and officiate at functions are a credit to her work. These events have included the Tai Tokerau festivals, powhiri for the Prime Minister Helen Clark, through to participating in the Waipu 150th celebrations and the associated pageant.

A large gap has been left by her departure.

Moe mai te Whaea i roto i tou moenga roa.

EXECUTIVE OFFICER'S REPORT

It has been another busy and exciting year at Bream Bay College, and I would like to start by saying a big THANK-YOU to all the Support Staff for all their hard work over the past year, helping to make it such a success. The role of Executive Officer is a busy, varied and challenging one with the main areas of responsibility being the management of support staff, administration, finance, asset management and property. This year I have been working to achieve sound Financial Reporting for the Board of Trustees; Budgeting, Health and Safety; electronic banking and payroll; ERO bulk-funding review; updating the asset register and reviewing processes and procedures.

I have found the support network of other Executive Officer's invaluable, and have been elected the Northland Delegate of the National Executive Committee (NEC) of the School EO Association (SEO), reporting to and from National and Regional meetings. As a new member of the NEC I am looking to continue my growth as an EO, offering assistance and support to new EO's.

One of the key areas we have been engaged in at Bream Bay College has been the environment, and our Caretaker Tony Coggins and staff have been working hard to make improvements.

This year our Capital works program means we now have a wonderful shaded area outside our Café where the students can enjoy their lunch; as well as a refurbished Art and Craft block, where upgrades have been carried out in our woodwork, food tech, sewing and art rooms.

BBC have also employed a permanent part time Painter, Keith TeWhata and his work will continue to improve the school.

Due to an inadequate Operations Grant, we do have to run a very lean support staff structure. I would like to take this opportunity to thank the office staff, Norma Deal (Student Manager) and Michelle Alison (Accounts Assistant) for all their hard work in a very busy office. We have been fortunate in Term 4 to have Kirstine Henry join us through work experience scheme, and for our Truancy Officer Kiri Hita-Duval, who has assisted in the office during busy times, or when cover is required. The Principal's Secretary, Beverley Webb has also worked extremely hard to help ensure the smooth running of the school.

The new Café Manager Kim Phelan, and her assistant Shona Florance, are working with the Heart Foundation School Café Co-ordinator towards further Heart Beat awards.

Our Librarian Lindsey Burrows has worked hard and will be involved with the Library roof upgrade in 2005/2006.

Teacher Aides this year have provided great support for our students and I would like to thank Heather Shields, Trudy Ryan, Sharon Simpkin, Fae Allen, Wakelin Witehira, Kery Gould, Natalie Carolus, Daniel Alcock for all their hard work and enthusiasm. Our Sports Co-ordinator Grant Kewene, has organised many successful sports trips for the students, and the school has purchased a school van to help with transport. I would like to welcome Reremoana Lee who has joined us as our Maori Liaison Officer.

Staff who left this year are Jackie Snookes, Café Manager, Fred Ogilvie who had been our Caretaker at BBC for 21 years, all the very best in this retirement, and our thoughts are with Wendy Kake our Kapahaka Tutor who is sadly missed. I know we will all continue to work hard to help support the learning and welfare of our students.

Jacqui Leonard, Executive Officer

J Leonard; M Wakelin; F Allen; T Ryan; L Burrows; S Simpkin; S Florance; K Phelan; G Kewene; N Deal; N Carolus; B Webb; M Alison; T Coggins.

HEAD PREFECTS REPORT

Head Prefects: Rory Morunga (Deputy Head Boy), Katie Goodall (Deputy Head Girl), Emma Knight (Head Girl), and Jeremy Corbet (Head Boy)

For the Year 13 students of 2005, this has been a year that we will all remember for a lifetime.

It began with a leadership camp out in the wilderness at Tangihua Lodge. This camp involved learning about, and then instructing Year 9 students on various activities such as flying fox, and the slippery rope over a mudhole. I have to say that it was quite a scary sight to see Cory, Kate and Evan, to name a few, chasing after Year 9 students while covered, head to toe, in smelly mud.

After a fun start, it was back to work trying to meet the academic challenges posed by our final year at school.

As prefects, we had several formal commitments during the year. These included participation in the Anzac Service at Waipu, where Emma and Jeremy laid a wreath on behalf of the College, and at the College Anzac Service. There was a special assembly to mark the presentation of the house

Jeremy and Emma presenting a wreath on behalf of the College at the Waipu Anzac service

banners, which had been presented by the PTA. One of the fun formal occasions for Emma and Jeremy was welcoming guests at the entrance of the College Ball.

Lighter moments came from challenging the staff in different sports such as volleyball, netball and soccer we would rather not mention the results! Our final year at school has been a test for all of us. The work has been

hard, but the outcome will be worth it, with us all going our separate ways next year and venturing out into the big wide world.

We would like to wish all Year 13 students well for the future, whatever it may bring, and thank everyone, teachers and fellow students, who have taught us so much over the years, and helped us get to where we are today.

Emma Knight and Jeremy Corbet

YEAR 13

3rd Row: Evan Delatour, Corey Bridger
2nd Row: Alice Dunn, Melanie Henderson, Kate Crook, Angelique Peeters, Rachael Cullen
Front Row: Glynn McCabe, Sheila Gabagat, Emma Knight, Jeremy Corbet, Katie Goodall, Matthew Bucknell

Careers Trip

Twenty five senior students departed on Wednesday to visit Universities and Polytechnics. The first stop was Massey University Albany campus where we were escorted around the university by two of our former students studying there. The new gymnasium complex was a hit, and students saw their first lecture hall. We then moved on to the AUT Akoranga campus to see the Sport and Health Sciences courses. After a night at the YHA International Backpackers, we set off walking to Queen Street and a display from Otago University. Next was a tour of Auckland University and the AUT campus for a lecture and

tour. Lunch was at Auckland University, where there was lunch for the hundreds of visiting students. Next were the faculty tours, accommodation information, followed by a quick trip to Manukau Institute of Technology (MIT) for a full guided tour.

arrived at our motor camp in Hamilton on Thursday night exhausted but excited about the following day which was the Waikato University Open Day. It was a whole day of mini lectures, accommodation tours, and stunning exhibitions of Japanese drumming and break dancing from the MoroB Boys

Jacquelin Hines	Bar Management Certificate and seeking employment in Hospitality
Emma Knight	Camp Kingswood, Outdoor Education Centre, United Kingdom
Glynn McCabe	University of Canterbury, Bachelor of Engineering
Rory Morunga	University of Auckland; Bachelor of Law
Angelique Peeters	Moving to Australia and intending to study in the area of Personal Training or Physical Health

FROM THE GUIDANCE COUNSELLOR

Mediators Visualise a Peaceful World

As part of their training as mediators, students from Years seven and eight visualised and drew pictures depicting a school and a world where peace ruled. The job of the mediators is to be agents for peace in their classes and if needed encourage students to make use of the senior mediator team. The mediators are an essential part of the school's commitment to being a restorative school.

Year seven and eight mediators were: Zandalea Braddock, Pania Castle, Rose Taylor, Georgia Boniface, Nicholas Murray, Tom Parr, Dominic Laiman, Ryan Donaldson, Kate Hansen, Sammy-Jo Dodunski, Ruby Wineti, Catarina Peeters, Pania Whare, Jessi Gibson, Nicky Roberts, Demi Mitchell, Sarah Housham, Zachary Woods.

Mediation Training Camp by Emma Knight

On Thursday the 17th February, sixteen fellow students and I piled into two mini-vans and were off for two of the craziest days of the year: it was time for Mediation training camp!

The first night was spent fighting for bed space and getting to know our fellow team members, followed by an introduction to the Mediation program and the plans for the next day.

The next day started bright and early with a refreshing swim before breakfast, well, for those of us who were keen enough to leave our cosy beds! Then it was into the training which I have to admit was pretty full on, but it was heaps of fun at the same

Time with plenty of role plays and lots of team building activities to break up the day.

I never knew that being squished into a little group and wrapped up in good old glad-wrap, then trying to run could be so much fun! And as for trying to do a three-legged race with all 17 of us! Let's just say most of us ended up flat on our face.

On our final night every one gathered into the lounge, snuggled up on the couch and mattresses, and we listened to songs that we each had brought along. These songs were special to us as individuals, to do with our family or culture, or representing the things that we have achieved to get where we are today. This was a really special night and it was a great way to learn so much about each other through the words of the songs and why they were special to that person.

Then there was our group song 'Peace Train' by Cat Stevens, over the three days this was like our school bell signalling when we had to come back to work after having a break, but it also represents our goal for the year. We, the mediators, are the peace train travelling around the school bringing peace to our peers. And even though we all hated the song by the end of the camp. I have to say that now every time I

hear it I am reminded of the experiences that we all had over those three days.

Overall the camp was heaps of fun and a great way of getting to know all of the team members and learning the mediation process.

1,000 Cranes for World Peace.

Students at Bream Bay College recently made over 1,000 cranes during Peace Week in accord with a world-wide tradition. The American bombing of Hiroshima in 1945 caused death and suffering to innocent civilians on a scale never seen before or after. One young Japanese girl called Sakano was struck down with leukaemia ten years later and was moved by a legend which told that anyone who made 1,000 cranes would be granted a wish. She began to make cranes but died before she could complete her mission. The work was carried on by her classmates. Inspired by this story, millions of people throughout the world have made cranes for world peace.

This year, the students and teachers of years 7 & 8 made a total of 1,354 cranes during Peace Week. The cranes were presented at assembly to the group that travelled to Japan in September. While in Japan, Mrs Smyth took the cranes to Hiroshima, and placed them at the memorial directly below where the atomic bomb exploded.

**S.A.D.D.
STUDENTS AGAINST DRIVING DRUNK**

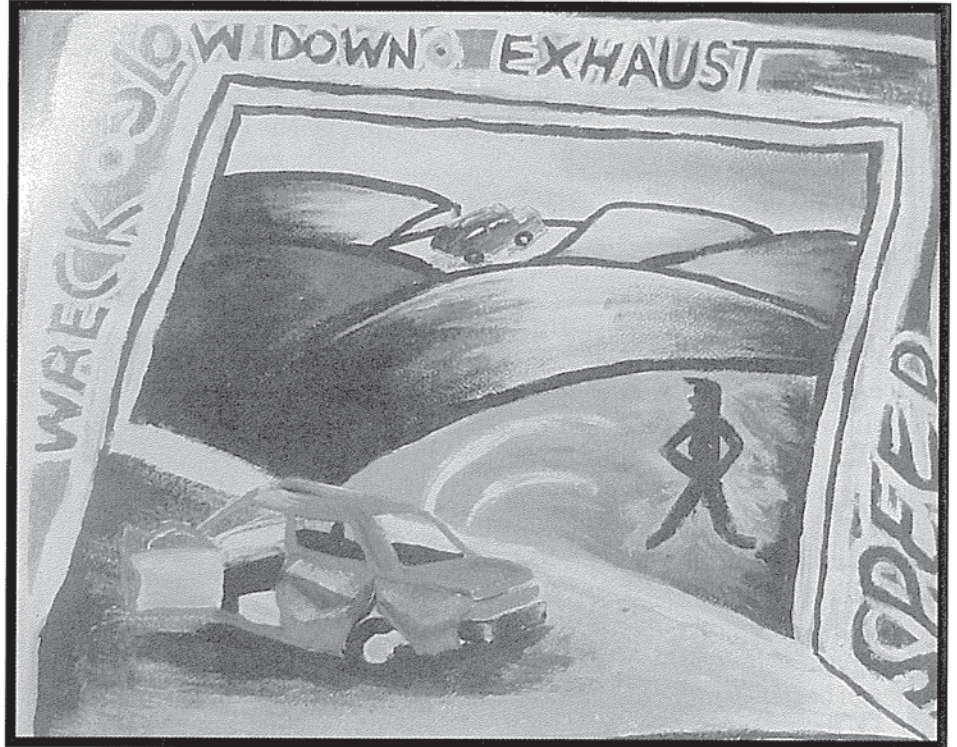

We have been very fortunate this year to have received a donation of \$1000 dollars from Lyndon Reed of the Mangawhai Village Four Square which we are extremely grateful for. This money has enabled us to continue to spread the message of S.A.D.D.

We were lucky enough to have the Fatal Vision team to help raise awareness around Drinking and Driving, with the aid of the goggles which simulate being drunk, while going around an obstacle course on the 4th November.

CULTURAL ACTIVITIES

HIP HOP

A group of over 20 girls, trained by Krystal Williams, were involved in Hip Hop competitions in Term 1.

As 'Pulse' the group participated in the Whangarei Museum and Heritage Park's Hip Hop Festival held in Whangarei on March 20th. The group performed for dances in front of a crowd of over 1000 people.

On March 25th, the group participated in the inaugural Tai Tokerau Secondary Schools Hip Hop competition held at Bay of Islands College. The group performed three dances, with 'Dei Hamo' gaining third place.

The group also put on a concert at Waipu in June, and participated in Te Tuinga.

Preparations for the Stage Challenge

HIGHLAND PIPE BAND

Bream Bay College is one of the few schools in New Zealand to have its own Highland Pipe band. Every Wednesday, pipers and drummers meet with their tutors (Fraser Sim and Keith Atkin on the pipes, and ?????? on the drums) to practice their skills. Several of the band have progressed to playing in the Waipu Highland Pipe Band. During the year, members of the Bream Bay College Highland Pipe Band performed at various functions.

In March, there was a special assembly where the four house banners and the Bream Bay College banner were piped into the school.

The house banners were carried in by the four head prefects, with Sheila Gabagat, the student representative on the Board of Trustees, carrying in the school banner. These students were

Bream Bay College Head Prefects and members of the Pipe Band prepare to pipe the banners into the college assembly.

accompanied by members of the Bream Bay College Highland Pipe Band, who also performed another musical item for the school after entering the Auditorium.

The four houses are named after the four shires in Scotland where many of our Waipu settlers originated. The shields form a

Link back to the College's Scottish heritage.

The banners were made by Mr Mike Perkins, the father of three current students. Thank you to the PTA for paying for the banners, and to Mr Hansen for the research required to find out about this aspect of the College's history.

CULTURAL ACTIVITIES

When the College returned in the beginning of May, a special assembly was held to commemorate Anzac Day. The official party was piped in by Grant Buckland.

In August, the pipe band performed for the visiting Japanese school.

Along with highland dancers, the pipers and drummers were involved in performing several items for Te Tuinga in Term 3.

For many years, Bream Bay College students have been performing in Highland dancing competitions at the Waipu Caledonian Games, and throughout New Zealand.

This year, Briar McGregor, along with Sarah Watson (BBC 1999 2004), and three other girls from Whangarei, received the ultimate honour of being selected to dance at the 2005 Edinburgh Military Tattoo.

The girls left for Scotland in July

and performed 2 shows each night during the Tattoo. Before returning home, the girls also had the opportunity to sightsee around areas of Scotland. Briar stayed with relatives in England and Scotland before returning home in September.

The girls before going to Scotland. Briar McGregor in the centre and Sarah Watson on the right.

TE ROOPU KAPAHAKA O WHANGA A TAMURE

Kasie Sammons, Brittany Teokotai and Vianney Wineti in full flight at the Tai Tokerau Festival held at Opononi Area School on 13th April 2005

Performing the haka at the Taitokerau Festival

Congratulations to all the performers for their participation in all events, both at the College, and in the wider community.

The Taitokerau Festival, held at Opononi Area School in the Hokianga was a highlight for the year, where the group performed along with many other Northland school Kapahaka groups.

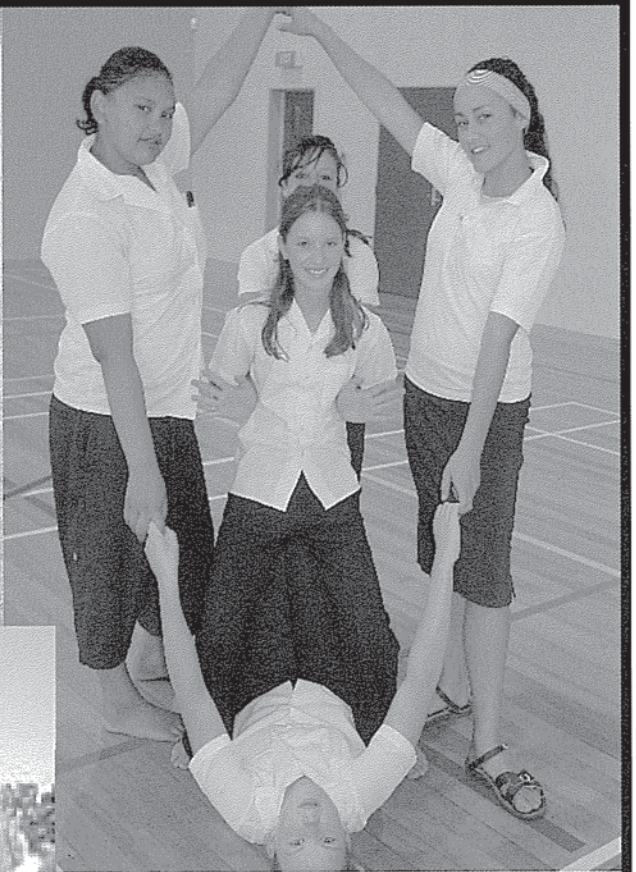

Thank you to all the group for the support at events such as Powhiri, prizegiving, cultural exchanges with visiting overseas groups, and otherhui within the community. A special thanks to the tutors, guitarists, parents and whanau who gave their time to organise wanaga for these tamariki.

The passing of Whaea Wendy Kake had a huge effect on all connected with the Kapahaka group. Wendy was loved and respected by all.

Moe mai te Whaea i roto i tou moenga roa.

Rowan Toia

THE BALL

Bernard Clyde, Danielle Pirihi, Vanessa Hollis, Glen Porteous, Terri Hines & Shayne Matenga

Standing in the doorway surrounded by a smokey haze drifting out from the gloomy glow-worm grotto - welcome to our Ball for 2005.

We were stunned by the transformations that had occurred. Dressed up in all their flash outfits it was hard to recognise many of our fellow students. Everyone looked great.

As we ducked through the smokey tunnel and entered into the main cavern the music from the DJ died down and the band started up to a loud cheer from the many dancers. All that dancing and posing for many photographs soon worked up quite an appetite making the delicious supper, catered by Mrs Gardner and crew, all the more popular.

Following shortly after the supper was the next most important part of the night

the prizes. Our winners were: Year 11 Prince Rory Taylor, Princess Nikki Cowan, Year 12 Beau of the Ball Elijah Rogers-Kake, Belle Natalie Walker, Year 13 King Jeremy Corbet and Queen Melanie Henderson in the photo to the right.

The best dancers for the night were Evan Delatour and Sheila Gabagat and the best dressed teachers were Mr Grady Trail in his gorilla suit, which not so surprisingly suited him very well and Ms Jenny Thornhill, who brought a bit of glow-worm to our grotto.

We would like to thank the Bookend and Orr's Pharmacy in the Ruakaka Town Centre, Waipu Stationery and Lotto, and Penny Goodall for donating some great prizes.

It all came together in the end and it was a night we'll always remember.

Emma & Jeremy

ROCKQUEST

Emily James, Brittany Teokotai, Hollie Smith, Laura McLean and Chloe McLean on stage at the Northland Smokefree Rockquest Finals

Bream Bay College rocked again at the Northland Rockquest finals with the Alcapones taking 3rd place and Brittany Teokotai, lead singer of Lyrical winning the best vocalist award.

We had 3 bands in the 14 band line-up for the finals. Bream Bay College has competed in the Rockquest since its inception 17 years ago. Prior to 1996 the College bands had to travel to various regions in Auckland to compete and would take buses filled with supporters down to cheer them on in exciting venues like the Auckland Town Hall, the Logan Campbell Centre, the Downtown Convention centre and various nightclubs. It was always hectic but great fun.

This year only three of the eleven musicians had been in the Rockquest before. Musical skills take many years to develop.

We wish to congratulate the bands from Whangarei Boys High School and Kamo High School who deservedly came first and second having displayed a good sense of all round musicianship.

The College was thrilled with the efforts of *Lyrical*, our mainly year 9 band of which Brittany Teokotai was the singer. The girls practiced constantly and knew their role in the finals was to back Brittany while entertaining the audience. Despite being first up on the night they engaged the audience and set the scene for an exciting evening. We look forward to their future achievements if they remain together.

The Alcapones, Evan Delautour, Corey Bridger and Jansen Morunga, a quirky punk band, with many lunchtimes of practice lifted their performance level to come third. They performed last

On the night and had the crowd rocking.

See Ya Doctor, Cameron Pepperill, Gary Smyth, Michael Humphries and Kurt Hopkins, the third Bream Bay College band, had a great time on the stage as they delivered their form of punk to an appreciative crowd of supporters.

While the judges deliberated the audience was treated to a performance by the winning North Shore band. The band was very sophisticated and their performance inspiring.

New Zealand music is certainly in good hands with events such as the rockquest nurturing our young talent by giving them the opportunity to perform and shine while using a sophisticated sound system with full stage lighting in a real concert venue and lastly doing it all in front of their peers.

HIGASHI EXCHANGE

Over the September holidays, a group of 22 students, staff and parents journeyed to Japan to visit our sister school, Osaka Higashi Senior High School. This exchange programme dates back to 1994, with Higashi and Bream Bay College exchanging visits on alternate years.

Day 1: Departed from Bream Bay College at 9.30am after a blessing from Rev Dunn. Travelled by bus to Auckland Airport. Our flight departed at 2.15pm a 10 hour flight in a Boeing 747 to Singapore. For many of the students, this was their first time out of New Zealand. The long flight was made bearable by the personal entertainment system for each passenger, where they had access to 60 movies and TV programmes and a range of computer games.

Arrived in Singapore at 8.00pm (local time). During the 4 hour stop in transit, most had a hot shower in the transit hotel, and then went looking through the numerous shops. Met up with Dion Gee's parents, who had arrived in Singapore on a later flight.

Day 2: Departed Singapore just after midnight on a Boeing 777 for a 6 hour flight to Osaka. Most took the opportunity to try to get some sleep.

After breakfast, the plane landed at Kansai Airport at 8.30 am, where we were met by two Higashi teachers who escorted us by train to the school. The first thing we noticed was the heat it was already 26 degrees, and it later rose to 31 degrees. The train trip took 1 hour to reach Kyobashi Station, our destination. A group of students met us with luggage trolleys to take our suitcases to the school, which was a 5 minute walk away.

We were taken to the Meeting Room where the first of our Japanese style meals was provided for us. The Higashi students arrived just after 1.00pm. After a welcome ceremony, students were introduced to their hosts, and departed for home.

Day 3 & 4: With homestay families for the weekend. A range of activities and sites visited included Universal Studios, Himeji Castle, the Osaka Aquarium, and sightseeing trips to Kyoto and Kobe.

Day 5: Monday, and the first day of school. The BBC staff were introduced at the Higashi staff meeting, where Mr Buckland made a short speech. Students went off to class. Periods 2 - 4

were spent learning about Japanese culture, including lessons in calligraphy. During periods 6-7, students were given lessons in basic Japanese.

After school, staff and students participated in a Japanese Tea Ceremony. After watching Japanese students perform the ceremony, all our students and staff were given the opportunity to make the tea themselves, and have it served to other members of the group.

Day 6: Period 1 practice of cultural items. A few startled heads appeared from windows when Grant practised his bagpipe tunes. The concert was held at lunchtime in the courtyard. The students filed into the courtyard behind Grant, who played a

Grant piping the students into the lunchtime concert

HIGASHI EXCHANGE

The group in the Nara temple complex

march on the pipes. When they arrived on the stage, he played another tune, before joining the group to perform the action songs E Nga Iwi, and E Papa. Students went out several times into the audience to get volunteers to participate in repeats of E Papa. Mr Smith then led the boys in a haka. Volunteers were also sought out from the audience for repeats of the haka. That evening after school, the BBC staff and parents were joined by Higashi teachers in a

meal at a nearby restaurant. **Day 7:** After attending homeroom, the students and Mr Hansen were escorted to Kids Plaza Osaka a 40 minute walk. Mr Hansen had to take careful note of the route as he had to lead the students back without the escorting teacher. Kids Plaza Osaka was 3 storeys of hands-on science activities. While it was aimed at younger children, the students had fun spending the morning interacting with the various displays. After lunch in a large room with over 100

Victoria, Nicole and Grant with the deer at Nara

primary school students, the group headed back to Higashi. On the way over, they had spotted a long shopping arcade (it was the longest in Japan), and they spent the afternoon looking through a range of shops and having their photos taken in the photo booths.

Mrs Smyth, Mr Simons and Mrs Gibson had spent the day at Hiroshima. They had travelled down by Shinkansen (the bullet train), and met Mr Sato, the Japanese teacher who had taught at Bream Bay College last year. He took them to the Peace Memorial Park the site under which the nuclear bomb exploded. Mrs Smyth placed some of the paper cranes folded by BBC students during Peace Week at the base of the Peace Monument.

Day 8: While students attended classes in the morning, the teachers went by train to the Osaka Ceramics Museum.

After lunch, the group walked to Peace Osaka, in the grounds of nearby Osaka Castle. This was a museum showing the effects of the bombing of Osaka in World War 2, and the effects of other conflicts since 1945.

Day 9: Day trip to Nara. Met at school and travelled by train to Nara. Much of the journey was in a long tunnel that went under a mountain range. At Nara, we walked to the temple complex. Here there were a large number of deer wandering around the complex. Bags of rice cakes could be purchased and fed by hand to the deer. The first stop was at Kofuku-ji Temple, with its 5 storey pagoda that dates back to 1426. The pagoda was built entirely without nails. After a Japanese style lunch, we walked across to Todai-ji Temple. This temple houses a 16 metre high statue of Buddha, and dates back to 752. We then

HIGASHI EXCHANGE

Osaka Higashi and Bream Bay staff and students

walked back to Nara station and returned by train to Higashi.

Day 10: Along with 15,000 Japanese students, we attended the Osaka City Sports Day for senior high schools. The opening ceremony was like an Olympic opening ceremony, with a march past of the teams of the 21 schools attending, followed by displays from the massed brass bands, cheerleaders, dancers, and baton twirlers.

At lunchtime, non-competing students were allowed to leave. Most of the host students took the BBC students to Osaka Castle for a tour through the complex.

Day 11: The group met at 7.00am at Kyobashi station to depart for the airport. Farewells to the Higashi staff and families. Also, a farewell to Paula Cullen, who was staying on at Higashi for a 3 month exchange. Caught the train to Kansai Airport. Several of the homestay families travelled out with us. A final farewell before going through Immigration.

Coming in to land at Singapore, the plane flew in from the north, providing a good view of the Malaysian jungle. After transferring to our hotel, the group walked up to the Night Market at nearby Bugis Street for the first taste of shopping in Singapore.

Day 12: Walked down to Chinatown with its cheap clothes and electronics. Mr Buckland found a tailor and was measured for a new suit. Caught the free Singapore Stopover bus and travelled up to Orchard Rd, and more shops. Had lunch, and caught the Singapore Stopover bus back to the Singapore River, near Chinatown. Here we boarded two boats that took us on a tour down the Singapore River.

After dinner, we took a bus to the Night Safari. Here we boarded a tram and went for a 45 minute trip around the zoo, looking at all the nocturnal animals. This was followed by the Creatures of the Night Show. For us the highlight of the show was when the snake handler collected his 10 foot long python from a small chamber directly below where Sarah Hansen and Ruby Cumming were sitting. When the Commentator asked for a volunteer to hold the snake, Alex Corbet was selected to have the python draped around his shoulders.

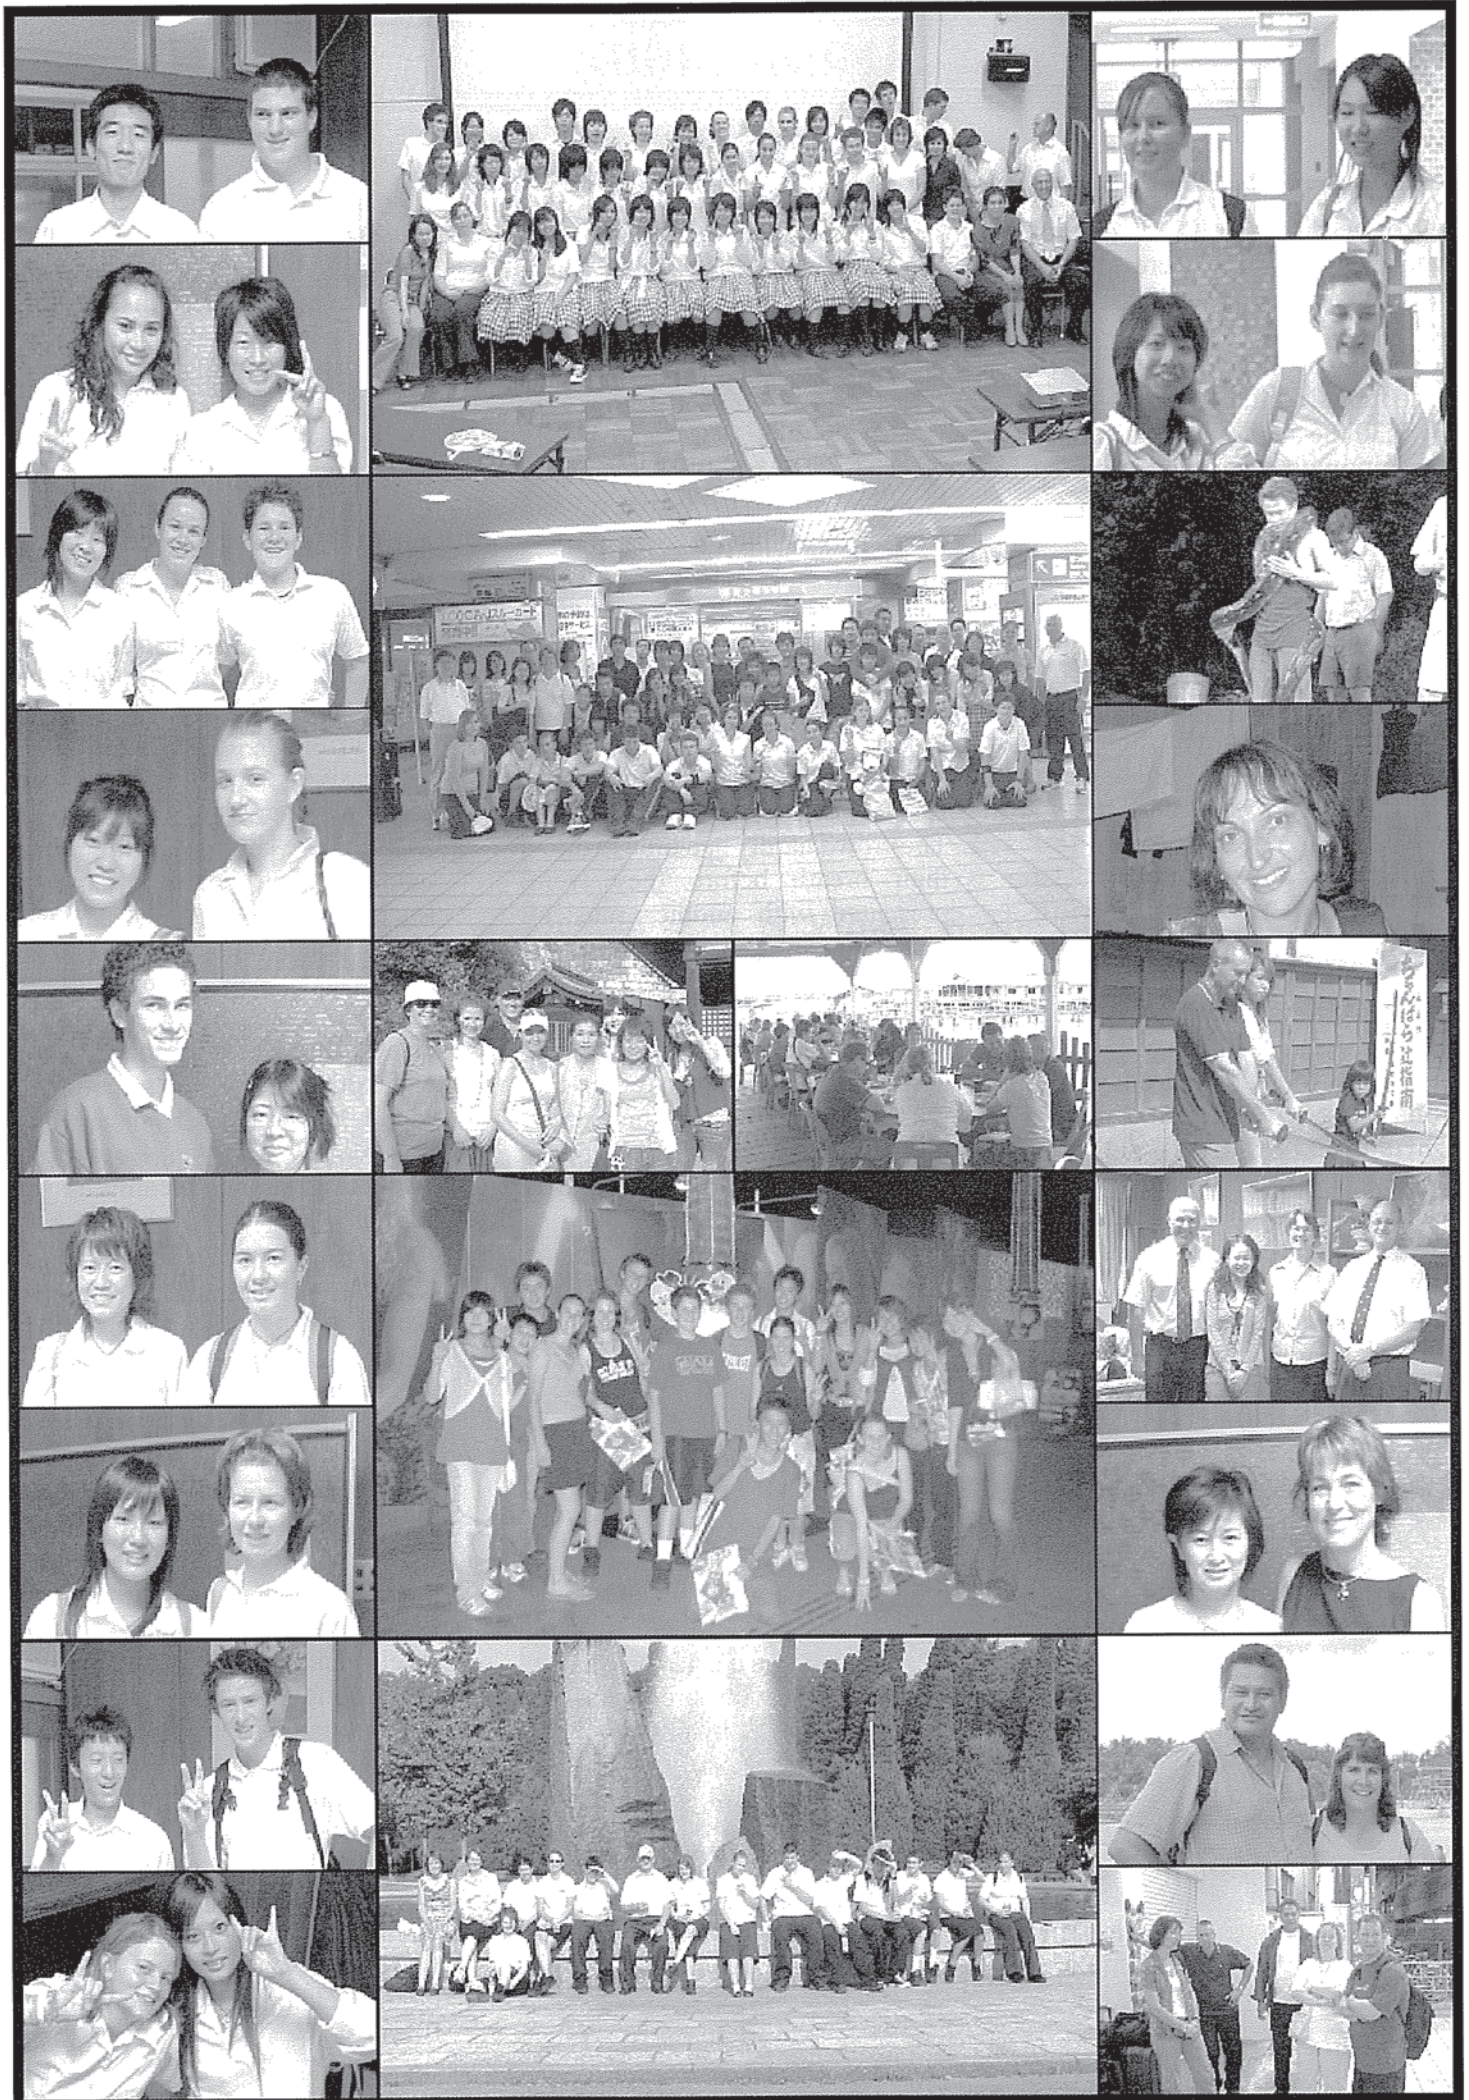

Day 13: Students walked to nearby Sim Lim Square and hunted for bargains in the electronics stores. In the afternoon, the group went on a tour to Sentosa Island. The three main attractions visited were the Sights of Singapore (a wax

museum showing the history of Singapore), Underwater World, and the Dolphin Show. Here Sarah was selected from the audience to pat one of the pink dolphins, an Dion was later selected to wade out into the water and get a kiss from a dolphin. The tour finished with a magnificent laser light display at the musical fountain. On returning to the hotel, the whole group had dinner in the restaurant, and celebrated Angela's 17th birthday.

Day 14: Up early to catch a bus that would take us across the border to Malaysia. A little bit of excitement when Alex found that he had lost the immigration card from his passport. He was led away by the Police to fill out another one. Luckily, Mr Buckland found the card on the bus and was able to give it to the authorities. After meeting up with our guide, the tour continued with visits to a pewter factory, orchid gardens, and then out to the fishing village of Kukup. After a boat trip among the houses built on stilts in the water and out to the fish farm, the group had a seafood lunch at the wharf restaurant. On the way back, the group stopped at an arts and crafts centre in Johore Bahru, before once again crossing the border into Singapore.

Day 15: The last day in Singapore, and the last opportunity to go shopping. Students spent the afternoon lazing around or swimming in the pool. A bus collected us at 6.00pm for the trip out to Changi Airport and our flight to New Zealand.

Day 16: Arrived at Auckland Airport at 10.30am, and travelled by bus back to Bream Bay.

MUSIC NIGHT

On October 27th, students performed in the 23rd Annual Music Night. There were singers and musicians from across the school, girls and boys juniors and seniors, with an overall standard of exceptional quality.

By 7:30 the auditorium was full to capacity with an expectant crowd and the show began with Sandra Cullen on top form as Master of Ceremonies.

Opening the show were a year 9 band called **Missing Link**. There was nothing missing from this polished sounding outfit however, and they really started things off with a bang. Josiah Abbott, Dean Gillingham, Kyle Taylor and Steven Walker combined brilliantly and played three tracks including one outstanding original.

Sidetrack had a hard act to follow, follow them they did and brilliantly. Sidetrack are a promising young band from year 7 consisting of Fraser Coutts, Christopher Smith, Siobhan Hayward, Briallen and Kezia McCabe. They played 'Lean On Me' complete with synchronised movement and bags of confidence. Alisha Castle, Natia Foote, Leeara Hall, Samantha Mani, Thomas Rihari, Johnny Lumsden and Laquita Brown were next to take the stage. They call themselves **Unity** and played two stunning original tracks, a combination of soulful guitar, rap, catchy melodies and phat beats. Wonderful stuff.

Next up, the **Jazz Group** performed two standards. Louise Chase, Samantha Thomson, Kyle Taylor, Devon Mason, Natalie Walker and Johnny Lumsden were every bit the modern jazz septet and Johnny was particularly impressive with some inspired improvisation on tenor sax. The first act was going swimmingly and with **Lisa**

Abbott's singers taking over the stage for a while, this was not about to change. First we had some beautiful harmonies from S. Callander, K. Sawford, M. O'Brien, T Abbercrombie, S. Ellis, J. Davies, R. Carter, R. McGregor, H. McCormick, G. Paikea, M. Gage, L. Nethercott, M. Thomas, N. Roberts, J. Gibson, S. Nethercott, S. Henry, S. Smith, S. Sparrow, H. Burrows and C. Archer. Then Chloe and Laura McLean with Rowan wowed the crowd with some lyrical dexterity on their own. Rowan continued to impress with a storming rendition of 'It's Raining Men' (a duet with Lisa).

The crowd hardly had time to draw their breath before they were presented with another musical feast. This time it was the turn of **12.5** to work their magic. Lewis Te Moananui, Grant Buckland, Sheridan Webb, Thomas Rihari and Emily Geddes cranked up the volume and let rip with some great music and had heads nodding and feet tapping throughout the auditorium.

A year 8 band, **2nd Phase** otherwise know as Pania Whare, Jessica Gibson, Demi Mitchell, Nicky Roberts, Samantha Ellis and Geneva Pearson, won the hearts of the audience with some excellent singing and rocking instrumental work. 'Just a Girl' brought the house down.

After achieving success in the Rockquest competition, **Lyrical** again demonstrated their musical skill and song writing craftsmanship with three fantastic original songs. Brittany Teokotai, Laura and Chloe McLean, Hollie Smith and Emily James are fast becoming one of the most experienced and talented young bands in the region. Towards the end of the first act Johnny Lumsden again took to the stage in what was turning out to be

quite a night for the young musician. This time he played the old standard 'Misty' on the flute, just one of the many instruments Johnny plays (he can also play alto sax, tenor sax, clarinet, French horn, trumpet, bassoon and piano). They call themselves **D.M.H** and there was an air of expectancy as the three young rappers Harlen Keepa, Maihi Panoho, and Dustin Morunga appeared on stage. Accompanied brilliantly by the ever solid Devon Mason on bass the band stunningly brought the first act proceedings to a close with four original tracks and some impressive vocal skills. The crowd went crazy with chants for 'more, more' but sadly time was ticking on and the lights came up for the interval.

The Second Act saw no let up in talent and sheer entertainment. Rory Morunga's dulcet tones could be heard early on as he made a very difficult song, 'Where's that Girl' sound very easy. He was then joined by Johnny Lumsden, Thomas Rihari and the impressive Jordon Marriner for a barbershop style arrangement of a Billy Joel classic.

Cameron Pepperell, Kurt Hopkins, Mitchell Webb, Michael Humphries and Evan Delatour went back to the golden age of metal with a hilarious (yet musically accomplished) **Metallica tribute**. 3 piece punk outfit **The Alcapones** (Evan Delatour, Corey Bridger and Jansen Morunga) kept energy levels and blood pressure up, performing two tracks including an outstanding original. The Alcapones had also won recognition in the prestigious Rockquest competition and it wasn't hard to see why. The second act however was dominated by the **Senior Music Group**. Namely Gary Smyth, Evan Delatour, Natalie Walker, Brook

MUSIC NIGHT

Duffield and Miguel Manzano. The group effortlessly swapped instruments and styles in what was a diverse and accomplished programme of music. From Kiwi anthems such as 'Slice of Heaven' and 'Sway' to low down, grinding funk in 'Play that funky music' fronted incidentally by Thomas Rihari, a singer with the stage presence and charisma of a seasoned professional.

Brook and Natalie Combined beautifully on the Crowded House number 'Better.' Both musicians sang, played keyboard and drums in a number of different songs. Gary swapped bass for drums continuously and played both exceptionally well. Evan, who was hardly off the stage in the second act demonstrating his ability in almost any capacity, rounded off the night in fine style fronting a great rendition of 'Sympathy for the Devil'. It was like watching Mick Jagger himself strutting around up there on stage.

The night was a huge success, not only did so many musicians play so many different styles of music but also the entertainment and professionalism was unsurpassed. The bands and singers performed exceptionally well, the songwriters were original and imaginative. Surely the result of years of infectious enthusiasm and sheer hard graft shown by Rose Waerea and more recently the expertise and musical guidance given by Mark Gordon.

Music is clearly in good shape at Bream Bay College, roll on next year!

DEBATING

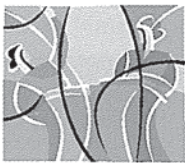

Year 9 & 10 Debating

The first debate for the year was on Thursday 12th May at Bream Bay College. It was against Whangarei Girls High, and the moot was "That Graffiti is Art".

Both schools had two teams competing with the Bream Bay teams being affirmative and the Whangarei Girls teams both being negative.

Bream Bay 1, consisting of Marina and Elle Macartney and Sheridan Webb, had a narrow win against Whangarei Girls 1 and Bream Bay 2, consisting of Ruby Cumming, Sophia White and Alisha Castle, had a narrow loss against Whangarei Girls 2.

Our 'outside' adjudicators, Patsy Montgomery and Lyall Philip both commented on how well the girls had done and gave them valuable tips for their future debates. Both these people gave up their valuable time and knowledge to help our young people and we are all very appreciative of their help, without which we could not hold inter-school debating competitions.

Year 9 & 10 Jack Richards Debating Competition

This year saw eleven teams from a variety of schools competing in this competition.

Bream Bay College was represented by two teams; BB1, consisting of Marina Macartney, Elle Macartney, Sheridan Web and Renee Bayer and BB2, consisting of Alisha Castle, Ruby Cumming, Sophia White and Emma Carran.

BB1 managed to argue their way through to the finals which

Bream Bay 1 Team: Marina Macartney, Elle Macartney, Renee Bayer Sheridan Webb

was hosted by the Whangarei Rotary Club on 27th November.

Unfortunately for us Whangarei Girls High managed to convince two of the three judges that their argument was the better one, and we came second.

However the highlight of the competition for us, was Elle Macartney picking up the Ray McCullum speaker of the night trophy.

Senior Speech Competition

Year 11 student Brooke Duffield was the winner of this year's Senior Speech Competition. She spoke strongly against the proposed Marsden Coal Fired Power Station. The topic was well researched and the judges felt Brooke had an excellent understanding of the issue.

Second equal were Sandra Cullen and Natalie Walker who both used persuasive language to appeal to the teenage audience. Sandra made an impassioned and humorous plea for students to get

involved and develop school spirit. The topic of Natalie's speech was about the importance of being yourself and not just following your peers.

Overall the judges felt the standard of speech was very high and other topics ranged from Harry Potter to Hip-hop.

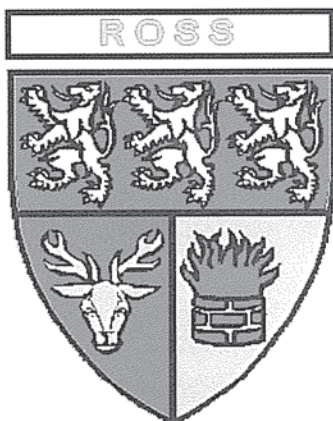

The Ray McCullum and the Jack Richards Trophy

INTERHOUSE SPORT

House Shields

The four houses are named after the four shires in Scotland from where the Waipu settlers originated. The shields form a link back to the College's Scottish heritage.

The symbols in the College Shield are Mt Manaia, the Scottish thistle, and the Endeavour. Mt Manaia and the thistle represent the bicultural history of the area, and the Endeavour is the link to Captain Cook, who named the area Bream Bay.

SWIMMING

The swimming sports were held on Friday 11th February at the College Pool in glorious weather. Over 100 events were swum, and 7 new records were set.

House competition was as fierce as ever with large numbers of students wearing their house colours, and various banners and flags flying. An addition this year was the provision of four large gazebos in the colours of each of the houses. Evidence of the house competition was

clearly seen during the inter-house relays, when students lined the sides of the pool to cheer on their teams. A live commentary on the PA system by Mr Bayer made it even more exciting!

Special mention needs to go to the following record breakers: **Rory Taylor** in the IB 100m breaststroke (1.38.17), **Reece Cole** in the JB 100m breaststroke (1.49.48), **Marina Macartney** in the IG 50m butterfly (38.78), IG 100m medley (1.24.98), IG 100m

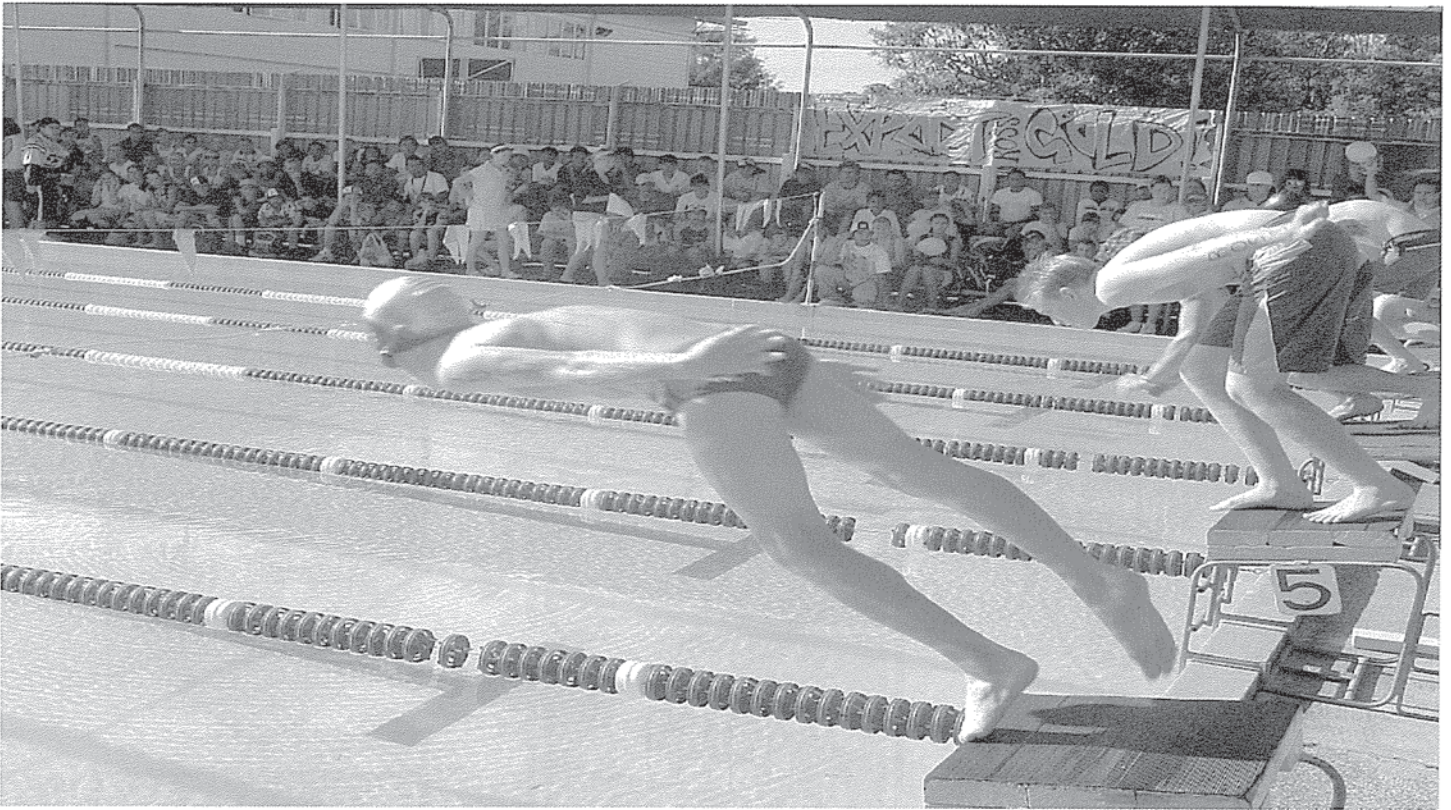

Winners of premier events were:

Rory Taylor: Fairly Cup 200m Open Boys

Marina Macartney: Fairly Cup 200m Open Girls

ATHLECTICS

The Athletics Sports were held on a glorious summer's day on Thursday 24th February. As the temperature climbed into the high 20's, participants, officials, and spectators were most appreciative of the shade provided by the numerous umbrellas and tents set up around the ground. A special thanks to Macsway for the loan of their large tent.

A feature of this year's competition was the increased numbers of students and teachers who got into the house spirit by dressing in a range of garments in their house colours. A spin off of this was also the increased numbers of students participating in the events.

During the day, one record was broken: **Elija Roger-Kake** in the SB Javelin (38.42 m)

Siabhan Hayward in the Sub-junior girls long jump

UNIHOCK - BASKETBALL - VOLLEYBALL - TOUCH

UNIHOCK

Unihock is an indoor version of hockey, played with plastic sticks and a soft ball. Teams are made up of 7 players with unlimited substitutions. Points are awarded, not only for winning the game, but also for the number of players that turn up for each team.

The interhouse unihock competition commenced at the end of March, and saw many fun and exciting games as both Juniors and Seniors battled in the Gym for supremacy.

Miss Kidd umpiring a round of Junior Unihock

Final Results

- 1st Inverness
- 2nd Sutherland
- 3rd = Ross
- 3rd = Argyll

VOLLEYBALL

This was probably one of the most exciting house competitions of the year.

The junior competition was very close with Ross and Inverness winning 2 games each and Argyll and Sutherland winning one game each. This meant placings were determined by the number of pupils participating in the event. First place went to Ross.

In the senior competition Argyll dominated winning all three of their games, with Inverness winning their other 2 games. Most games went to a nail biting finish with match point being made by both teams on several occasions. The winners of the senior competition were Argyll.

Final Results

- 1st = Ross
- 1st = Argyll
- 3rd Inverness
- 4th Sutherland

TOUCH RUGBY

This was probably the most well represented competition of the year and competition was fierce, partly due to the house competition being so tight and partly due to the popularity of touch in the school.

The junior competition was very close with Argyll winning 2 games and drawing one and Ross close on their heels, drawing 2 and winning 1. On any one day we had over 50 junior students representing their respective houses.

The senior competition was a real nail biter with Argyll and Inverness both winning their first two games and having to play off in the finals. At full time the score was 2 all.

Final Results

- 1st = Argyll
- 1st = Inverness
- 3rd Ross
- 4th Sutherland

BASKETBALL

The junior basketball competition was pretty evenly matched with Sutherland and Inverness both winning 2 games each, and Ross and Argyll both winning 1 game each. Over 50 students participated over each lunchtime that the event was run, and it was great to see so much team and house spirit.

In the senior competition Argyll dominated with TeNgaronoa Mahanga scoring the majority of their total 65 points, he put them into a league of their own. Sutherland came second winning 2 of their 3 games.

Final Results

- 1st Argyll
- 2nd Sutherland
- 3rd Inverness
- 4th Ross

CROSS COUNTRY

On Friday 13th May the annual school cross country was held. Over 220 pupils competed in the 2 events that were run. A walker's course, which took place via the Ruakaka Beach, and a traditional cross country event that was run on Finlayson's Farm. Thanks to Graham Finlayson for allowing us to use his farm for the event, and to all the parents who turned up to support their children.

Despite the forebodings indicated by the date the event went well.

The junior girls provided a nail biting finish. Nadya Worthy prevailed over her 2 close rivals in the last 100m, with a final sprint coming in ahead of Simone White and Elle Macartney.

In the senior boys event, Daniel McCully showed he was in a class of his own, coming in well ahead of the rest of the field.

INTERSCHOOL SPORT

SURFING

The Northland Scholastic Surfing Champs took place on 26th - 27th February at Sandy Bay. Corey Bridger and Richard Sims entered the bodyboard U18 section, with Corey placed 1st and Richard 2nd. Corey and Richard were both selected to attend the New Zealand Secondary Surfing Championships in Taranaki from the 25th - 30th April.

TENNIS

The Year 5 & 8 ASB Tennis Doubles Tournament was held at Springs Flat, Kamo in March. Four teams were entered with the pairing of Kelsey Power and Melissa Carran winning the Year 7 & 8 girls section.

RUGBY SEVENS

On the 12th February, a team participated in the Intermediate School section of the Northland Club Rugby Sevens Tournament.

The team played three games:
Game 1: Whangarei Int - lost
Game 2: Kamo - won
Game 3: Bay of Islands - lost

SQUASH

Individuals and teams Squash

On 29th July 14 students travelled to Whangarei squash centre.

The girls Sophie McClymont, Sandra Cullen, Tania Abercrombie and Zandalea Braddock competed in the individual's event. Sophie McClymont was the overall winner, gaining tournament champion of the day with Sandra Cullen winning the plate competition.

Senior boys Jarrod Gravatt, Steven Abercrombie and Kayne Gravatt competed in the individual boys event. Steven was runner up to the champion, gaining second place overall.

We also had 2 junior boys teams entered into the event, with BBC 1 beating BBC 2 in the finals playoff.

Congratulations to Sophie McClymont who won the Northland Junior Under 19 Squash title. This was an open event for both males and females. Sophie played 3 games and won all 3 convincingly. We wish Sophie all the best for playing in the NZ junior Nationals next term.

Sophie played as the top seeded Northland rep in Hamilton in October.

TRAP SHOOTING

Three of our five College Trap shooting team were able to attend round 2 of the Northland competition at Kaitaia Gun Club on 4th May. Our team were proud to wear their new red and black College shooting vests, kindly sponsored through the Caversham foundation grant. Although not gaining any first placings in the individual events the boys shot well.

SOUTHERN SWIMMING ZONE

SOUTHERN SWIMMING ZONE

On Tuesday 22nd Feb a group of 32 students went to Rodney College to participate in the Southern Zone Swimming Championship. Bream Bay College was the only school that was able to provide participation in every event. The students performed well receiving 5 first places:

Marina Macartney - 50m breaststroke, in which she also broke a zonal record and achieved a personal best time which qualified for Div 1 swimming.
Nadja Worthy -25m freestyle.
Melissa Carran -100m freestyle.
Richard Sims - 50m breaststroke, and **Sophie McClymont** - 25m freestyle.

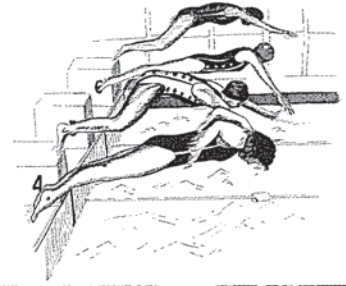

In addition, swimmers also received 17 second places and 17 third places. It was great to see so many of our students participating in a competitive environment and performing well.

SOUTHERN ZONE ATHLETICS

On Thursday 3rd March, a team of 46 students travelled to Dargaville High School to participate in the Southern Zone Athletics Championships. It proved to be a really successful day, and the team looked good in their new uniforms, and with the new tents in the Bream Bay College colours. Some outstanding performances which resulted in 1st places came from **Jake Moffit** in the SJB 300m, **David Dalebrook** in the SJB 800m, **Jordan Marriner** in the SJB triple jump, **Dylan Lynch** in the IB 800m, **Karam Tauroa** in the SB Discus, **Kelsey Power** in the SJB 300m, and

Elle Macartney in the JG triple jump.

In addition to these 7 first places, Bream Bay College athletes were successful in gaining 16 second places, and 13 third places.

Southern Zone Swimming Team

Southern Zone Athletics Team

CRICKET: BOYS 1st XI

The Boys 1st XI Cricket Team participated in the Wyatt Cup against other schools in the Lower North during Term 1.

This year the team has been in a rebuilding phase after losing several of their key players from last year. In addition, none of the players compete in regular Saturday competition play, as did most of their opponents.

Although the team went without a win, they did show steady progress throughout the competition.

Game 1: Dargaville High batted first and compiled a solid 233 runs for 4 wickets. Karam Tauroa 2/38, and Blair Young 2/47.

Bream Bay replied with 137; the best batting coming from Blair Young with 33 and Karam Tarau with 27. A win to Dargaville by 96 runs.

Game 2: A home match against Otamatea. Bream Bay losing by 8 wickets after failing to make a competitive score.

Bream Bay batted first and were all out for 84. Blair Young top scored on 29.

Otamatea reached 85 with the loss of 3 wickets. Karam Tauroa 2/21.

Game 3: Bream Bay was again at home, this time to Rodney College. Again, the boys failed to make a competitive score, and were all out for 87.

Rodney were able to chase down this score for the loss of only 4 wickets.

Game 4: The final game of the round robin series was against Mahurangi College.

Mahurangi batted first and scored 226 for 7. Karam Tauroa 2/48.

In reply, Bream Bay were all out for 97. Blair Young again top scored with 36 runs.

Statistics for the Season

Batting:

Blair Young	108 runs
Karam Tarau	41
Connor Power	20
Mane Abraham	20

Bowling:

Karam Tauroa	8 wickets
Connor Power	5

2nd Row: Dylan Lynch, Graeme Crawford, Troy Wheaton, Dylan Wright, Karam Tauroa
Front Row: Reece Cole, Chance Grey, Conner Power, Joshua Wells, Stephen Abercrombie
Absent: Mr Ian Duffield

CRICKET: GIRLS 1st XI

The Girls 1st XI participated in two competitions in 2005; the Otamatea Cup, an 8 a-side 20 over match played between teams from the Lower North, and the Leaf Cup, an 11 a-side tournament played over three days in March for teams throughout Northland.

Otamatea Cup

Game 1 vs Dargaville HS.

Dargaville batted first, and were all out for 59 Laura McLean 3/9, Hollie Smith 2/10, and Pania Whare 2/15.

In reply, Bream Bay scored 60 for 3 Hollie Smith the best batsman at 34 not out.

A win to Bream Bay College by 5 wickets.

Game 2 vs Dargaville HS

The return match played a week later was a much tighter game. Dargaville batted first and scored 93 for 6 Hollie Smith 3/30, Pania Whare 2/14, and Bayley O'Rourke 1/13.

In reply, Bream Bay College scored 90 for 5 Pania Whare not out on 29. The final over saw Bream Bay needing to score 6 runs to win. But a tidy final over from Dargaville resulted in just 3 runs being scored, and the win going to Dargaville by 3 runs

Leaf Cup

Game 1 vs Whangarei Girls

The first game in the Tournament was against the current champions, Whangarei Girls High School.

Whangarei Girls batted first and scored 315 for 3. Melissa Hollis 2/39.

In reply, Bream Bay were all out for 42.

Game 2 vs Mahurangi College

Bream Bay batted first to score 107 for 8. Hollie Smith 30, Pania Whare 17, Bayley O'Rourke 16.

In reply, Mahurangi scored 74 for 8. Melissa Hollis 3/23, Pania Whare 2/14.

Game 3 vs Rodney College

Bream Bay won this game by default.

Overall Position 5th

Statistics for the Season

Batting:

Hollie Smith	83 runs
Pania Whare	49
Laura McLean	28

SOCCER BOYS 1st XI

The 2005 soccer season brought our best results for a decade. We had an expanded squad of players, many of whom were playing Saturday football, and consequently we had competition for places. As well we had a good spread of ages from two talented year 13s down to a group of rapidly improving year 10s.

The squad:
Evan Delautour (captain)
Cameron Pepperell, Connor Power, Richard Sims, Daniel McCully, Dominic Fromont, Shogo Isomura, Jeremy Corbet, Alex Corbet, Dale Murray, Daniel Crawford, Graeme Crawford, Warren Dodunski, Ross Mooney, Dylan Wright, Dylan Lynch, Steven Walker, Stephen Abercrombie, Khan McDonald, Nathan Mulloy, Karam Tarau, Shane Cole.

The Southern Zone games were a cakewalk:

1. v Dargaville HS
win 3 nil
2. v Otamatea HS
win 8-1
3. v Rodney college
win 6-2
4. v Dargaville HS
win 5-2

With the flu and other commitments striking, Otamatea and Rodney both defaulted their return matches. Scoring 22 goals in 4 matches, team confidence was high, and on the basis of 6 wins and no defeats, we were propelled into the Northland playoffs. However there's a huge gap in standard between the two zones. Meeting Whangarei Boys in the final proved too high a hurdle. The boys fought gamely into a strong southerly and at half time were down 3 - 0, after missing a couple of close chances.

But at the break the wind died, and the intensity increased. BBC fought hard, but in the end were well beaten by a polished Whangarei Boys Team. Unfortunately we also had to default a play-off game against Kerikeri in the last week, and consequently were theoretically third in the Sport Northland Competition.

However, we can take some positives from the season: Southern Zone Winners, and third in Northland, a youngish team with a lot of talent, and some talented play makers in Connor Power and Dale Murray. Most of the team will be returning and if we can generate some harder games early in the season, perhaps we could improve on this year's result. It will need more commitment, especially on fitness, and some specialist coaching assistance. Neither of which are beyond this group of boys.

Many thanks to Mr Ian Duffield for all his work with this team.

Daniel Crawford & Conner Power against Dargaville

SOCCKER GIRLS 1st XI

The Girls 1st XI played in the Meadow Fresh Soccer competition, with games being played on Wednesday afternoons. As it was a very young team, at the start of the season the girls decided on three objectives for this season

1. to have fun
2. to score a goal in each game
3. to win (if possible)

Game 1: Dargaville HS

An enjoyable game that flowed from one end of the field to the other.

Dargaville scored 6 goals in the first half to lead 6-0 at half time. Bream Bay came back to score a goal at the start of the second half, and then held out Dargaville until the last minute when they scored another goal.

Final result: 7-1 to Dargaville

Game 2: Otamatea HS

A very well drilled Otamatea team provided stiff opposition. The highlight for our team was when Nadya Worthy took a penalty. She tried the unusual approach of trying to kick the ball through the goal keeper rather than around her! She made up for this though, with a fine goal scored in the second half.

Final result: 5-1 to Otamatea

Game 3: Rodney College

A much closer game between two equally skilled teams. Bream Bay had more shots at goal, but found it difficult to get past the Rodney goalkeeper. Today it was the turn of Emma Knight to miss with a kick from the penalty spot it missed the goal altogether.

Turning around at half time with a 3-0 deficit, Bream Bay played a much better second half, with Nadya Worthy scoring a goal midway through the half. Final score was 3-1 to Rodney

Game 4: Dargaville HS

The return game against competition leaders looked daunting, with four regular

Bream Bay players out sick or injured, and a makeshift defensive line-up made up of girls that had been asked to play that day.

The game turned out to be the opposite. Bream Bay kicked off, and scored a goal within the first minute. Both teams traded goals, before Dargaville pulled ahead at halftime with a 5-3 lead. In the second half, Dargaville found more gaps in the defence, and were able to score another 3 goals. The Bream Bay girls, however kept trying, and were unlucky not to be able to score with several close attempts.

Final result: 8-3 to Dargaville.

Game 5: Otamatea HS

A much more even game than the first round. However, it was also the only game so far that Bream Bay College was not able to score a goal. Nadya Worthy came close on several occasions, but the smaller narrow field meant that she could be contained by the defence.

Final result: 2-0 to Otamatea.

Game 6: Rodney College

Rodney was unable to field a team for this game.

Final result: win to Bream Bay by default.

Game 7: Kamo High School

A game of two halves. Bream Bay kicked off with a strong wind at their backs. The tactic was simple put long kicks behind the defence and run onto the ball. Within the first two minutes this tactic proved effective with Nadya Worthy scoring the first goal. Continued pressure saw Melanie Henderson score two more goals to gain a halftime lead of 3-0.

The second half was the opposite, with much of the play in the Bream Bay half. Solid defence by Jacinda Watson and Madeline Smith kept Kamo at bay for most of the half. Although Kamo score two goals in the final ten minutes, Bream Bay was able to hang on for the victory.

Final result: 3-2 to Bream Bay

Game 8:

Goal Scorers:

Nadya Worthy	4
Melanie Henderson	4
Sammy-Jo Dodunski	1

HOCKEY

This year the College had five teams - 3 x Girls, 2 x Boys. Three teams played in the Collegiate Competitions, and two teams played in the JMC competition.

The girls are rebuilding this season after losing last year's core of more experienced players to the work force and tertiary studies.

Girls: Collegiate 1 - this team had a lot of girls who have not played hockey before, but their determination and efforts at practice has ensured that they quickly grasped the concepts of the game, and made the necessary step up to the skill level required.

Sheree Green and Hollie Smith both played for the Bream Bay Women's A team, Sarah Hansen, Jacinda Watson, Sara Sawford and Karla Sawford played for the Women's B team.

Final placing: 6th in Division 1.

Girls: Collegiate 2 - these girls have been together as a team a lot longer as most came through together from playing JMC. Team play improved as the girls started to understand the game. Improvement throughout the season resulted in the team coming through and winning their competition. Tegan Donaldson, Jessie Boyce & Rebecca Jones played for the Bream Bay Women's B team.

Final placing: 1st in Division 3

1st XI

The College 1st XI Tournament Team was chosen from the two

girls teams. It was not an easy task. The team was:

Sara Alison (Captain), Katie Goodall (V.C), Jacinda Watson, Sara Sawford, Sheree Green, Nikki Cowan, Lisa McKay, Sophie McClymont, Tegan Donaldson, Sheridan Webb (Goalie), Hollie Smith, Michelle O'Brien, Jessie Boyce, Laura McLean, Sarah Hansen, Renee Mrsich . The tournament was played in Auckland over Aug 29th -Sept 2nd.

Boys: Collegiate it's been a while coming, but the College has an enthusiastic group of boys who have come together to play hockey in the Collegiate Competition in Whangarei.

After an enlightening and exciting 1st round of competition, the boys were able to focus on skill/set plays etc so as to improve their knowledge on the concepts of the game.

Final placing: 1st in Division 2

1st XI

The boys also went to tournament over Aug 29th - Sept 2nd; the venue was North Harbour

The team was:

Graeme Crawford (Captain), Rory Taylor, Kyle Taylor, Christopher Smith, Pierre Huxtable, Jacob Earle, Ben White, Nathan Howe, Khan MacDonald, Josh Dunn, Aaron McAulay, Daniel

Crawford, Steven Dean, (Goalie), James Woolhouse (V.C) and Brent Woolhouse.

Many thanks to Cathie Watson and Jennie Thornhill for all their hard work this season.

JMC

In 2005, there were also two teams playing in the JMC competitions; a JMC 'B' grade girls team and a JMC 'B' grade boys team.

The girls team was coached by Paula Sawford and Greg Miller. It was great to see the skills and teamwork of the girls develop over the course of the season. Thanks to the Bream Bay Medical Centre for providing sponsorship for this team.

Final Placing: 8th in B grade.

It was a very young team with many boys still able to play JMC next year.

Final placing: 4th in B grade

RUGBY LEAGUE

1st XIII

vs Kamo High School

Unfortunately, Bream Bay came up against a bigger and more committed Kamo team, and suffered a convincing 0-60 loss.

vs Whangarei Boys High

Bream Bay played a more committed game than against Kamo. But in the end went down 18-32

vs Dargaville High School

The game was played in good spirit with both teams displaying good skill. Honours were shared in the first half with both teams achieving converted tries. Early on in the second half Brooke Gilmour scored a try, followed by another try, to man of the match, Lance Agar, his third for the game. The game was made safe when team captain Karam Tauroa crossed out wide. Dargaville scored another try just on full time but the game had already been clinched. The team as a whole played great football. Fairplay award went to Kyle Hool and player of the match was Lance Agar. Final score 26-22 to Bream Bay.

Kensington Tournament

This tournament was played over 2 days. The team lost the first game against Northland College. This was followed by a draw against Taipa, and then a loss against Bay Of Islands College.

As a result of the tournament, there were several boys selected in various representative teams:

Northland Secondary Schools

Blair Young

Evan Hall

Brooke Gilmour

Northland Under 15

Joshua Wells

Blair Young

Kyle Hool

Logan Cowan running the ball up against Kamo High School

Intermediate Rugby League Tournament

June 27-28th

Teams that entered were, Whangarei Intermediate, Kamo, Dargaville and Kaitaia.

The first game was against vs Whangarei Intermediate. Our boys started well, but were a bit intimidated by the size of the opposition; so a first up loss. The second game was against Dargaville. This proved to be good game to watch, with Bream Bay taking a well deserved win.

Last game of the day was against Kaitaia, who had the advantage of only playing one game to our two. The boys went well, but three games in one day was really starting to tell, and resulted in the second loss for the day.

On the second day of the tournament, there were another

two games.

In the first game against Kamo, team had a real team feel to it and they played the best game of the tournament, with an 18 all draw result.

The last game was again against Kamo, for 3rd and 4th position. A good even game in the first half, but the bigger Kamo team had the edge in the second half and came away with the win.

Overall Results:

Played 5

Won 1

Drew 1

Lost 3

At the conclusion off the tournament the Northland under 13 Rugby League Team was announced. Bream Bay players selected were: Jesse Epiha, Blake Grey, Denzel Murray, Tom Parr and Errol Lee.

OTAMATEA EXCHANGE

A glorious winter's day made for an enjoyable afternoon for everyone involved in the exchange. On Wednesday 31st August Otamatea High School travelled to Bream Bay College for its annual junior sports exchange. It was fantastic to see so many pupils from yr 7-10 involved in sport. The exchange involves hockey, soccer, netball and rugby being played at different levels.

Mixed Hockey

The first half ended in a 0-0 draw with BBC camped inside Otamateas territory for 95% of the time. BBC failed to convert 6 penalty corners due to good defense by Otamatea. The second half still saw BBC dominating but due to determination and 2 good break outs by Otamatea they scored 2 goals. Final score was a 0-2 loss to BBC. Many thanks To Rebecca Jones for refereeing the game.

Yr 7+8 Rugby.

Lots of intensive training payed off with a well disciplined team that took every thing and gave back more. Marred by a mix up with the starting time and a late arriving ref, we ended up playing 20 minute half game. Bream Bay College had the skills, but again lost around the break down. Poor passing and ball skills by Bream Bay let the visitors off time and time again. The visitor try was a present from every player in the Bream Bay team. Our skills were far superior and this resulted in a 19-5 win. Our scrum was excellent with Sean Mc Cully tight heading most opposition scrums.

Yr 9+10 Rugby

A hot fine afternoon on a freshly mown and marked rugby field was an ideal setting for our game of Rugby against Otamatea High School. The boys were keen for a run, and it turned out to be a good game. Even though our team has only recently been formed and we did not have the ideal build up, the skills, passion and enthusiasm soon showed as the game progressed. The forwards were run by Lance Agar at number 8, with Captain Blair Young calling the shots in the backs. In all, a good game, with a great base to build on for next year. A well deserved win of 36-7

Yr 7+8 & Yr 9+10 Netball

A year 7 & 8 team and a year 9 & 10 team were selected from Takahiwai and Waipu clubs to compete against Otamatea. Both teams played well with each player putting in 100% effort against strong competition. Sarah Morgan and Pania Castle were outstanding players of the day. Unfortunately both teams were outplayed by stronger teams with the final scores being in Otamatea's favour.

Thank you to the student umpires Angela Buckland, Courtney Hayward and Sandra Cullen who controlled the games.

Girls Soccer

The girls soccer team played a fast and exciting game against our visitors from Otamatea. Play seesawed from end to end. The visitors scored early with a well taken goal, but Bream Bay finally converted one of its many chances by Nadya Worthy. Right at the end of the game Otamatea scored through an own goal which bounced off shoulders

leaving our goalie no chance to save. Final score Ota 2 BBC 1. Player of the day Sammy-jo Dodunski

Boys Soccer

Conceding 3 goals in the first half meant the task facing Bream Bay Boys soccer team was huge. After an early penalty and two scrappy goals from the six yard box, Otamatea looked to be cruising to a crushing victory. However, the change of halves brought about a renewed vigour in Bream Bay's performance. They dominated both possession and territory in the last 30 minutes and were rightfully rewarded with a well taken goal after minutes before being denied by the cross bar. The final score of 3-1 to Otamatea does not reflect some huge potential in the Bream Bay team. Special mention must go to Dale Murray for his mature captaincy. Two youngsters to really look out for are Lillian Gublin and Tristan Kewene who have the skill and attitude to go a long way in soccer.

OTAMATEA EXCHANGE

Sports teams in action during the Otamatea exchange

- Top left: Trudy Chapman and Tania Abercrombie in the mixed hockey team
- Top right: Dale Murray with the ball in the boys soccer
- Right: Natia Foote contesting in the Year 9 & 10 netball
- Bottom left: Toby McLennan about to secure more lineout ball in the Year 9 & 10 rugby match
- Bottom right: A closely contested maul in the Year 7 & 8 rugby match

NORTHLAND SWIMMING

On 1st March, 11 students travelled to Bay of Islands College to compete in the NSSA swimming championships. All students competed in 4 events each. Competition was of a very high standard, and our students performed very well.

Some of our final results were, **Justin Henare** 1st in the SJB 100m Backstroke and 2nd place in the 100m Breaststroke. **Marina MaCartney** 1st in the IG 100m Breaststroke, 1st in the IG 50m Breaststroke, and 2nd in the 50 Backstroke.

Craig Platt 1st in the SJB 50m Butterfly.

Melissa Carran - 2nd in the SJG 50m Butterfly.

NORTH ISLAND SWIMMING

Marina MaCartney qualified for the division 2 New Zealand Swimming champs held in Hamilton from the 15-19th March. Marina swam in the 14-15 years 100m breaststroke and placed 12th in the North Island and 11th for 14 year olds nationally and in the 50m Breaststroke in the 14-15 year olds placed 7th in the North Island and 7th for 14 year olds nationally.

Marina MaCartney

NORTHLAND ATHLETICS

A team of 9 athletes qualified to attend NSSA athletics championships.

Outstanding performance came from **Karam Tauroa** 3rd in the Senior Boys Javelin, **Dylan Lynch** 2nd in the Intermediate Boys 800m, **Marina Macartney** 2nd in the Intermediate Girls 1500m.

Craig Platt, Marina MaCartney and Justin Henare all achieved 1st place at Northland Swimming

TRIATHLON

On Tuesday 22nd March, One Tree Point was the venue for the Northland Secondary Schools teams and individual triathlon.

Distances were; a 200m swim, 6km bike ride and a 2km run for the sub juniors triathlon, and a 400m swim, 10km bike ride and a 3km run for the juniors and intermediates.

A group of 8 pupils entered into the event, comprising of one team in the sub junior boys, and 5 individual entries.

Results: The Subjunior boys' team (Andrew Orr, Craig Platt and Reece Cole) finished first in the teams event.

In the Subjunior boys' individual competition Jordan Marriner was placed 1st.

In the Junior girls, Nadya Worthy was also placed 1st.

In the Subjunior girls, Madeleine Fuller was placed 3rd.

New Zealand Secondary Schools Triathlon

On 2nd April Nadya Worthy competed in the NZ Secondary School Triathlon Championships held at Lake Karapiro. Nadya completed a 300m swim, a 12 km bike and a 5km run in a personal best time, which resulted in a placing of 20th in NZ.

Successful triathletes - Nadya Worthy, Jordan Marriner, Shane Cole, Steven Walker, Andrew Orr, Madeline Fuller, Craig Platt, and Reece Cole

DEPARTMENTAL REPORTS

ART

Visual Arts

Visual arts students and teachers have had a hectic time this year, with some changes to the department, as well as our usual production of copious amounts of artwork.

Gael McKay has continued to teach in the junior department. Her quiet perseverance with junior classes in a practical situation has been very much appreciated, and we are grateful to Gael for her input, and her considerable expertise with these young students.

As in previous years, Peter Davies has put hours of extra time and effort into senior photography students as well as his official three hours per week tuition in camera and darkroom skills. Thank you Peter.

And another thank you goes to Catherine Collins who joined the troops to job-share with me, while I had partial leave of two days a week for this year.

Catherine came to us from Wellington Girls' College with a fine arts degree in graphic design. She has brought an exciting new slant to our department, and it has also meant that senior students and year ten students have had the advantage of help and advice from two teachers, which usually only happens in large schools.

We also enjoyed the input of Lucie McIntosh, a visual arts teacher trainee from the Auckland College of Education, who worked with us for the last four weeks of term three. Lucie was interested and involved with students throughout the department and we all enjoyed her presence.

At the end of term three we had a bit of an upheaval in the department when the junior and senior rooms were given a physical face-lift the first since the school was built. So now we have new floor to ceiling carpet/pin board, new shelves and cupboards and new lino through out the rooms. Believe us, it looks and feels a great deal better!

Junior Art

Year seven to ten students have drawn, painted and collaged, with artist studies and research to help guide their ideas.

As well as this, year eight students completed some large group paintings based on Kowhaiwhai and researched the artworks of well-known up-and-coming artist Tracey Tawhiao. Year nine students used 'Trees' for a theme to produce some paintings of a high standard, after first studying drawings and paintings by New Zealand artist Eric Lee-Johnson and international artist Jim Dine. And year ten students worked with a variety of two and three dimensional media, including multi-image prints, using woodcuts, dye, crayon and Indian ink with images based on traditional pacific island patterns as well as artist models Fatu Feu'u and John Pule.

They also made sculptures about the Ruakaka estuary.

Many thanks go to Lena Pumipi and Rachael for bringing their fine expertise into the classroom to teach students flax weaving techniques to use in their sculptures.

NCEA

Basically each NCEA level has three components to it- research, generating and developing ideas, and extending three ideas. As well as this a folio of work is sent for external assessment. This year we had year twelve and thirteen students enter NCEA in painting and photography, and for those who worked hard we are expecting good results. Next year we may offer design and printmaking as well, depending on numbers.

WELL DONE

*Congratulations and many thanks to our senior artists who took charge of the stunning ball decorations, using the theme 'Glow-worm Grotto.' With black polythene, white and fluorescent orange paint, and hundreds of party lights, and some huge ponga fronds we collected from a pine plantation about to be logged, they transformed our auditorium into a truly magical environment for dancing.

*Marina McCartney gained first place in northland competition organised by the Whangarei District Council Long Term Community Plan Division. Marina's artwork was titled 'No Keys' and will be used in the 2006 LTCCP document.

*Kate Crook exhibited her photographs in a local exhibition at 'Artform' gallery in Waipu.

Next year Catherine Collins will become a permanent addition to the troops and we are really looking forward to all working together to make our art department zing!

Well that's about it for now.

Judy Mitchell
HOD Art

ENGLISH

THE OLD COTTAGE

Summer days were always my favourite. Playing hide and seek, swinging into the deep serene creek, camping in the orchard, but I'll never forget the old cottage.

Birds flew in and out, rabbits hopped around in the long grass, even wild cats paid a visit every now and then. It was so quiet that shouting always made me cringe.

It had a rather eerie feeling about it but we weren't surprised, my Great Aunt Sullivan once lived there before she supposedly passed away of old age.

But everyone has their own suspicions about cottages, especially ones like our Aunts that were built during the war. The name 'Nicholas' was engraved above the door in a calligraphic style because the cottage overlooked the bay that Captain Cook once named "Young Nicks Head".

There was an old fort down the overgrown road along our favourite cottage. It was used to shoot the enemy while it was built as a camouflage so they wouldn't notice.

But one rather hot day when my aggravating Brother and I were sorting through some old clutter of my Aunts I spotted a crack down the side of the wall. As I neared it I found that it was the side of the door. I nudged the wall then SMACK! The door fell flat on its face revealing an unknown room full of packages.

I took a closer look, only to find that printed on the side of the package were the words 'DANGER, KEEP CLEAR' War Weapons!

Just as I went out of the room to tell my Brother, I heard a ear-shattering "BOOM"

I woke from my daydream and found my Brothers arm holding down his toy plane that had just desolated my clay model of a cottage.

It had taken me three weeks to finally finish my art project for school. I had been thinking up a story that could go with my model. This project was what we had to show to get into art school and mine had been ruined! But perhaps... If I started again....

I could do a monkey pit... And my story could start with.....

"The idea of writing about my Brother's birthplace rather inspired me....."

By Elle Macartney

MATHEMATICS

Maths is a subject which often suffers from bad Public Relations. Why is this? None of us could imagine a world without it. It is a beautiful and creative subject. It is fixed and timeless. It fascinates me more everyday as a teacher and my job along with my colleagues in the department at Bream Bay College is to make a positive difference to the maths learning of all students at Bream Bay College. I want all the community to develop a sense of 'Yes to learning Maths'. I include parents in this statement more later!!

2006 will be a pivotal year in raising the profile, regard, standards and success maths holds in the minds of all the Bream Bay College community.

The advances in technology and the positive impact it can have on teaching and learning in the Maths classroom will be central to the development of students progress in Maths at Bream Bay College. Engagement, excitement and academic progress excel when technology is used appropriately. I am determined to see all standards in the Maths classroom rise with all students at Bream Bay College. Technology, I am sure, will play a vital role in securing this.

The college has been investing heavily in the use of data projectors. When connected to a laptop and fast internet connection the world of learning opens many new doors for students.

During 2006 Bream Bay College will be collaborating in a government funded initiative with three other secondary schools in the local district. Its aim is to share ideas, to raise achievement through the use of technology in the classroom. It is my aim that the Maths

department at Bream Bay is soon considered as a centre of excellence in leading this exciting and worthwhile project.

I hope that during 2006 more and more students will make use of the internet to increase and boost their interest in Maths. There are literally millions of websites available but one of the skills we develop as teachers is to recognise resources that are more useful than others.

The styles of Maths teaching have changed and are constantly changing. To reflect this, the plan is to offer several open sessions for the Bream Bay community during 2006 to experience 21st century Maths lessons! The connection between good teaching and good support at home is crucial to high levels of achievement. One way I believe this can happen is for parents to experience the way learning happens today. I shall be expecting all parents to share in this opportunity.

Another area of development I feel passionately for is to cater for Gifted & Talented students. It's clear that specific opportunities should be made available to students whose expectation of challenge is uniquely placed. Developing students problem solving skills and investigational skills will be an area of focus in 2006. I am also hoping to establish a series of Maths masterclasses for students covering a wide range of ages. These will be aimed at pooling the mathematical talent of our students through a series of extra curricular activities. My aim is for maths at Bream Bay College to be the most respected and most popular subject. We need constant support of parents throughout 2006 in reminding students of the highest expectations in terms of coming equipped to learn and

prepared to learn. Remember 2006 is the year when all students say 'Yes to maths learning!!'

MATHEX Report

Bream Bay College once again entered teams into all age groups in the MATHEX competition. This annual competition, held at Whangarei Boys' High School, pits top mathematicians from all Northland schools in teams of 4. The main hall is filled to the brim with competitors, judges, teachers and parents and at the end of the final countdown one runner from each team runs up to their judge to collect a question. Physical speed is important but mental agility and cooperation far more so as teams hurriedly discuss solutions to their questions and get them marked. If correct, they are given another question and their points tally begins to accumulate.

All of Bream Bay's teams were a credit to the school and finished in admirable positions.

Highlights of 2005

April: Our first visiting band was Billy T K Junior and his band, fresh from Texas. I was disappointed in this concert as I didn't think the band communicated well to our audience of school kids. They were all good musicians but entertainers, no.

June: Vocal Teacher Lisa Abbott had success with her 30 member choir in the 'Big Sing' held in Whangarei. The group won 'Best Performing Act'.

August: Our next visiting band, 'My Life Story' were right up with the play. This band used modern technology to highlight how it is used successfully by bands today. They took photographs of the audience using their 'pics phones' and told the students to check them out on the bands website that night. Smart one! Later at the musicians workshop they used their computer to create new songs. Finally our musicians played or sang something, it was recorded and other instruments were added using the computer. All modern ways of making music these days. "The band inspired us to continue making original music" said Chloe McLean.

August: 2005 Northland Regional Rockquest Finals.

5 entries in the heats and 3 made it into the finals.

Lyrical (Brittany Teokotai, Chloe McLean, Laura McLean, Emily James, Hollie Smith), this mainly Year 9 band were excellent and lead singer Brittany won 'Best Vocalist' of the night!

'Alcapones' (Evan Delautour, Corey Bridger, Jansen Morunga), came 3rd with their punk-styled music.

Cameron Pepperill, Kurt Hopkins and Michael Humphries were the other band to make the finals.

August: Town Basin Winter Festival. Just as well our school was involved because after all the hype of who was going to be there; guess what. Just our bands turned up and they were excellent. People gathered around on the decidedly cool morning and listened with great interest to the following bands; Lyrical, Natalie Walker, DMH and the Alcapones.

September: Play it Strange National Songwriting Competition:

Music Tutor Mark Gordon, recorded 5 original songs and sent them off on CD for this prestigious competition. And.....DMH were initially placed in the top 20 which caused great excitement (this placing meant they would be recorded on next years CD which is sent to all schools and radio stations.

Recently the boys heard they came 11th (out of 320) which was wonderful. The group does all their own arrangements and lyrics.

September: Whangarei Music Competition.

Lisa Abbot's choir wins again due to their smooth sound and vocals melded together.

October: 23rd Annual Music Night.

Mark Gordon is leaving us at the end of the year, and as this was his second music night he was determined it was going to be a good one, and it was!! It was a beauty. I have asked our new music teacher from England, Will Most, to write up his thoughts on our end of year show. There were many highlights of the evening; from the polish of the junior bands, the sheer exuberance of the senior musicians, the professionalism of all the bands in their getting on stage - changing over etc, and finally, the wonderful audience, who listened with respect to all the musicians.

R. Waerea. HOD Music.

Lyrical - from left; Laura McLean (bass), Brittany Teokotai (vocals) Hollie Smith (drums), Chloe McLean (guitar), Emily James (guitar)

PHYSICAL EDUCATION

Thanks to the 2005 staff: Jenny Thornhill, Sarah-Jane Kidd, and Gemma Jackson, for their superb contributions to the Phys Ed programme. Their efforts have far reaching consequences in the development of a positive life long approach to participation in activity. The misconception that competitive success is the sole justification for involvement in activity represents a challenge. However, this PE Department is committed to the philosophy that involvement is everything.

The Physical Education Department is looking forward to the challenges of 2006, and wishes all students success in the pursuit of their personal endeavours.

2005 Highlights

Year 7 10 Programme: The Aquatics programme was structured around two concepts; GATE and Total Immersion. GATE is a programme that offers students the opportunity to achieve their potential. Total Immersion is an Aquatics programme that is based on balance, streamlining the Aquatic shape, and Kinetics. The dominant swim coaches use this principle and it was received with a mixture of confusion and enthusiasm by BBC students. I can only encourage students to structure their swim pursuits around this concept.

NCEA Level 1 Programme: 2005 was the first year that a full 24 credit course was offered. The academic requirements were not embraced with a high level of enthusiasm! The opportunity that method, structure, and organisation play in the pursuit of any performance goal, was not seen as a valued goal. To be fair to the students, I believe that it is a

difficult transitional step from Year 10 to NCEA Level 1 essentially a move from play to structure. But the course offers much more than 24 credits. I would encourage future students of this course to study the BBC Curriculum Booklet to gain a detailed understanding of the dynamics and requirements of senior PE.

NCEA Level 2 Programme: The highlight of this course would have to be the assessment associated with the trip to the Outdoor Pursuits centre in August. Miss Thornhill communicated that OPC had offered experiences in line with the original concept - the belief that an outdoor activity is of value when the participant is taken beyond perceived boundaries; essentially out of one's comfort zone. Summiting Mount Ruapehu and sleeping in snow caves were challenges that definitely extended the students involved. The essence of embracing challenge is not a curriculum requirement but certainly a positive life skill. The contribution that Miss Thornhill has made is an ideal example of the positives in Education extending beyond the curriculum.

NCEA Level 3 Programme:

The course was based around three elements: 1) Aquatics using the Arthur Lydiard approach to performance development;

2) Cycling with a focus on personal well being and the promotion of Female only Sport (the event was titled 'Be Sarah Ulmer' a 25km time trial); 3) the Public Health Issue of Obesity (population comparison of body mass index and percent body fat as reliable predictors of this condition)

A major benefit of having a small, quality class was the opportunity to discuss a range of philosophies associate with diverse topics. This represented the real privilege of teaching for me.

Ian Bunting
HOD Physical Education.

Outdoor Pursuits Report

From the 7th - 12th of September, students from the Year 12 Phys Ed class travelled to Turangi, along with Miss Thornhill and Mrs Fromont. We were all eagerly anticipating the adventures that awaited us at the Sir Edmund Hillary Outdoor Pursuits Centre.

We participated in a range of testing outdoor activities such as: bush-bashing, orienteering, the high ropes course, abseiling, caving, climbing Mt Ruapehu, and much more.

We worked as a group, learning about the environment, teamwork, communication, decision making, accepting challenges, facing fears, and, above all, having a fun-filled, unforgettable adventure.

Sandra Cullen.

SCIENCE

Year 13 Biology

Year 13 Biology students will fondly remember their trip to the estuary to survey and collect mangroves for their plant study, then later on to collect crabs for their animal study

Year 12 Biology

Field trips always form a memorable part of the school year. The Year 12 Biology undertook a fieldtrip early in Term 1 to collect data at Mussell Rock and Waipu Cove. The weather was great as we set out over the hill for a productive day at the beach. The morning was spent conducting a line transect for a population species and distribution study from the low tide mark to the high tide mark. There were a few people who got an early salty shower from the waves crashing over the rocks. In the early afternoon the biologist were conducting a population count. As the day rolled on and the temperature climbed, the students were happy to sit in the shade of the pohutakawa trees while conducting a very busy working lunch. They were still busy as the van was readying itself to go back to school.

Year 12 Physics

A lovely day was enjoyed by all when Mr Simons took the senior Physics students to Rainbows End in Auckland. Here, while

riding the roller coaster and other rides, the students were able to study force and motion! The Year 12 Physical Education students also tagged along to conduct numerous experiments about the laws of gravity and the effects of motion.

Year 10 Science

Mrs M^cCully escorted a group of Year 10 Science to the Auckland University for STEAM day. These students were exploring their future options for the next few years by learning more about the various branches of Science studied at higher levels.

Science Fair

There were over 100 entries in the annual Bream Bay College Science and Technology Fair. The standard of presentation has

been improving over the last few years. The school is lucky to have outside judges from the Northland Polytechnic coming to mark the exhibits...many thanks to Ross Scobie for this.

Students need to start working now on their next year's entry and put more effort into their research and collection of data. A good Science Fair project is not something that can be done the week before the event. Eleven projects were chosen to go forward to the Central Northland Science and Technology Fair sponsored by the New Zealand Refining Company. Samantha Ellis received a highly commended ward in 2005. Not bad for a year 7 student!

For those of you who are leaving ..have a nice life ... otherwise same place, same BAT channel in 2006.

Jessie Boyce, Elle MaCartney and Suzy Callander planting the year 9 native garden

SOCIAL SCIENCE DEPARTMENT

Bay of Islands Fieldtrip

On Tuesday 22nd March, a group of 85 Year 9 students, along with Mr Hansen, Mrs Chapman, Miss Frost, and Mrs Macartney, travelled to the Bay of Islands. As part of their study on the Treaty of Waitangi, students visited the grounds of the Waitangi Trust. Here the students watched the AV display in the Visitor's Centre, walked in the footsteps of Governor Hobson to the site where the Treaty was signed, and visited the Treaty House.

At Paihia, the group boarded the ferry for a trip across the Bay to Russell (formally known as Kororareka), the site of New Zealand's first capital. Here the group split into two groups; half visited the DOC information centre, while the other half went to Christ Church New Zealand's oldest surviving church. It was outside this church that fighting took place between British troops and Maori warriors the bullet holes can still be seen in the church walls.

After the groups swapped, they walked through Russell and up Flagstaff Hill, to the site of the flagpole that was chopped down by Hone Heke.

The objective of this trip was to take students to important historic places that they had been studying for the previous few weeks. There, they could gain a firsthand experience of being in those locations and further their knowledge on events that occurred at that time.

Onboard the ferry

Students outside the Treaty House

Taranaki Fieldtrip

On April 10th, forty-five Year 10 students commenced a three day fieldtrip to Taranaki entitled 'The Road to Parihaka'. The purpose of the fieldtrip was to enhance students' understanding of land issues that arose after the signing of the Treaty of Waitangi.

After passing through Auckland, the bus followed the route taken by the invading British troops. Travelling down beside the Great South Rd, the bus crossed over

the Mangatawhiri Stream and past the battle sites of Meremere, Rangiriri, and Orakau

Lunch was at Te Awamutu, formally a frontier town on the edge of the King Country.

After lunch, the bus continued on to Taranaki, and the motorcamp at New Plymouth.

On the second day, the group travelled south to Hawera, another area of fighting between Government and Maori forces. Sites visited there were the battle

Year 10 students at the Parihaka Marae

SOCIAL SCIENCE DEPARTMENT

sites of Turuturu Mokai, and the Tawhiti Museum.

From Hawera, the bus followed the route taken by government forces as they moved around the coast to attack Parihaka.

At Parihaka, after a powhiri, the students were addressed by kaumatua Mr Rukuwai, a great grandson of Te Whiti o Rongomai. He was able to provide a Maori perspective to the passive resistance movement that was led by Te Whiti at Parihaka. Students also had the opportunity of looking through the famous and historic settlement.

On the way back to the motorcamp, the group stopped at Puke Ariki (the museum in New Plymouth), where there were further displays on the Land Wars and Parihaka.

On the third day, the students packed up and made the 10 hour return journey to Bream Bay. A detour was made at Otorahonga so that students could visit the site of the Alexandra Redoubt at Pirongia. A further stop was made at Rangiriri where students were able to walk over a section of the Pa where the battle was fought. By using maps and diagrams drawn at that time, students were better able to visualise the events that occurred at the site.

It was a weary, but much enlightened group that arrived back at Bream Bay at 7.30pm that night.

Sitting on the remains of the earthworks at the Rangiriri battle site

Lisa, Sandra and Lydia at Sky Tower observation deck, overlooking Auckland City

Auckland Fieldtrip

In July, the Year 12 Geography students travelled down to Auckland as part of their study on Urban Settlements.

As the best way to see the structure of Auckland is from the air, the students travelled to the top of Sky Tower to gain the next best aerial view other than

by hiring a plane. After enjoying the 360 degree view of Auckland, and the sight of brave tourists jumping from the tower, the students conducted a survey of building heights in the Central Business District. This information was used the NCEA research exercise that was completed back at school.

After retrieving the van from the

depths of the underground carpark, the students travelled to Mission Bay for lunch.

The afternoon was spent driving through the Auckland suburbs, and observing housing ranging from the multi-million dollar houses on Paratai Drive, to the multi storied state housing blocks in Otara, and a range of industrial and recreational areas.

TECHNOLOGY

YEAR 7 & 8

This year our department consisted of the following teachers: Mrs Rowan Toia, Mrs Sandra Hayward, Miss Hannah Edge, Miss Gemma Jackson, Miss Victoria Burrows, and Mr Grady Trail.

Year 7 & 8 students continue to successfully contest College sporting events and competitions, resulting in representation at regional level for some of our talented students. Mathematics, Science,

and English competitions were also an opportunity for students to gain academic acknowledgements. The Blues Assemblies, held at the end of each term, recognised and commended many students for their sporting, academic, cultural, and service contributions and achievements.

All classes were involved in Prep (Primary Enterprise Programme) this year. This programme, which teaches students business skills,

will continue to be integrated into all curriculum areas in 2006.

The Junior Diploma has had a major influence on students' study habits and focus on tasks set in the various curriculum areas. Most students were motivated and excited about gaining maximum credits towards this award.

Rowan Toia

Winter Sports Tournament

Netball: A great day was had by all netballers. 3 teams competed, and of the 14 games played, only 3 games were lost. All players played with 100% effort thanks to awesome team captains and great team spirit.

Players of the day went to Demi Mitchell, Healie Hall-Goodhue and Madeline Fuller.

Soccer: A very successful day, Students played in excellent spirit and represented the school very well. They were well organised and friendly to other schools.

We had 6 teams of 6 a side. All teams played at least 5 games each with everyone having a number of wins.

Outstanding performances came

from Chris Smith, Tristan Kewene, Sammy-jo Dodunski, Karl Hines, Kelsey Power, Siobhan Hayward and Simeon Pumipi.

Players of the day: Sammy-jo Dodunski, Jake Malone, Jake Moffat, Rachele Cox, Hannah Mulloy, Garby Smith.

Rugby: A great day resulting in the 13 boys playing 4 games and winning them all convincingly. Player of the day was Sean McCully and only after a hard decision, as all the boys played excellent rugby. On the field the boys formed a back line from all rucks and mauls, which enabled the wings to run around the mass of the opposition, resulting in yardage and tries. Bream Bay

College stood out both in the Waipu RC JB6 jerseys and the rugby skills they displayed.

Table Tennis BBC had 4 teams of 2 players competing in the competition. A really enjoyable and competitive day for all, which involved all players playing singles and doubles games. Most of our students learned new skills especially in the refereeing of this game and in the etiquette of table tennis, such as acknowledging winners and losers. We won most of our games and also filled in for other teams where they were short of players. Emphasis was on gaining new skills, participation and making new friends.

Player of the day was Alex Boyd.

8GJ students at Food Technology

ANZAC Service wreath layers

Exotic Island

*Tropical jungle surrounding the tiny village
 The call of the hissing snakes
 The song of the exotic birds perched high in trees
 Chattering of the cheeky monkeys...
 Hidden by the shiny green leaves
 Sweet smell of pink and purple flowers
 Vines crawling up the frangipani trees
 Startling hibiscus flowers and monstrous banana palms
 Tepid water of the tropical rain
 Remembering my time in the Solomons*

Callista Gibbs

BMX riders

Mud

*Mud oozing, creeping slowly over feet
 Squirting between your toes.
 Watery, smelly, slippery, light brown.....
 Soft mud
 Hard chunks attaching to your feet.
 Sticky, dirty, squeaking mud
 The stench is overpowering
 Clothing that was once clean
 Ends up mud-coloured and stained*

YEAR 7 & 8 MEDIATORS VISUALISE A PEACEFUL WORLD

As part of their training as mediators, students from years seven and eight visualised and drew pictures depicting a school and a world where peace ruled. The job of the mediators is to be agents for peace in their classes and if needed encourage students to make use of the senior mediator team. The mediators are an essential part of the schools commitment to being a restorative school.

Pictured from centre and anti-clockwise.

Zandalea Braddock, Pania Castle, Rose Taylor, Georgia Boniface, Nicholas Murray, Tom Parr, Dominic Laiman, Ryan Donaldson, Kate Hansen, Sammy-Jo Dodunski, Ruby Wineti, Catarina Peeters, Pania Whare, Jessi Gibson, Nicky Roberts, Demi Mitchell, Sarah Housham, Zachary Woods.

Year 7 and 8 Mediators at their training course

JUNIOR PRIZEGIVING 2004

8GJ

Jorga Helleur commended in seven subjects; **Patricia Wyatt** commended in eight subjects; **Ricki Buisman** commended in eight subjects; **Sarah Housham** commended in nine subjects; **Takarei Flavell** second in 8GJ for Art; **Arlo McLaughlan** commended in seven subjects, second in 8GJ for Mathematics; **Jay Corkery** commended in nine subjects; **Darin Lemon** first in GJ for Year 8 Music; **Drew Tomson** -- commended in seven subjects, first in 8 GJ for Art; **Jack Malone** commended in ten subjects, second in 8GJ for Social Studies, Physical Education, Maori, and Art, first in 8GJ for Science; **Jessica Smith** commended in ten subjects, first in 8GJ for Social Studies, Year 8 Music, Mathematics, Maori, English; **Nadezhda Worthy** commended in ten subjects, first in 8GJ for Technology, Physical Education.

8GM

Pania Castle commended in five subjects; **Stephanie Humphries** commended in five subjects; **Teresa Larsen** commended in five subjects; **Jasmine Tuki** commended in five subjects; **Charlotte Hart** commended in five subjects; **Aryahn Pitman-Smith** commended in six subjects; **Tracee Schutt** commended in six subjects; **Simone White** commended in seven subjects; **Zachary Grant** commended in eight subjects; **Suzanne White** commended in five subjects; **Lianna Ritchie** commended in nine subjects; **Tom Parr** commended in five subjects, second in 8GM for Mathematics; **Phoebe Pickering** commended in seven subjects, second in 8GM for Social Studies; **Michael Elmes** commended in nine subjects, second in 8GM Maori; **Josiah Abbott** second in 8GM for Physical Education, first in 8GM for Technology; **Ryan Nethercott** commended in six subjects, first in 8GM for Mathematics; **Kyle Taylor** commended in six subjects, first in 8GM for Year 8 Music; **Georgia Boniface** commended in nine subjects, second in 8GM for Science, first in 8GM for Year 7 Music; **Dean Gillingham** commended in nine subjects, first in 8GM for Technology, Social Studies, Physical Education; **Amanda McAuley** commended in nine subjects, first in 8GM for Science , Maori; **Rebecca Parker** commended in seven subjects, second in 8GM for Year 7 Art, second in 8TC for Mathematics, first in 8GM for Technology.

8SH

Eli Paikea commended in five subjects; **Cheries Low** commended in five subjects, **Roxanne Carter** commended in six subjects; **Zara Kelly** commended in six subjects; **Cassie Wan** commended in six subjects; **Lydia Wells** commended in seven subjects; **Katy Mills** commended in nine subjects; **Natural Nelson** second in 8GM for Mathematics; **Jake McLean** second in 8VB for Mathematics; **Shawn Douglas** commended in seven subjects, second in 8SH for Maori; **Callum Gadd** second in 8SH for Year 7 Art, first in 8SH for Technology, Physical Education; **Callista Gibbs** commended in eight subjects, second in 8SH for Physical Education, first in 8SH for Technology, Year 7 Music; **Laura McLean** commended in eight subjects, second in 8SH for Science, first in 8SH for Technology; **Tania Abercrombie** commended in nine subjects, first in 8SH for Social Studies, Mathematics; **Corey Barker** commended in eight subjects, second in 8SH for Social Studies, English, first in 8SH for Technology; **Megan Tothill** commended in nine subjects, first in 8SH for Science, Art; **Rowan McGregor** commended in ten subjects, first in 8SH Maori, English, Year 8 Music; **Kayla Peters** commended in nine subjects, first in 8VB for Mathematics.

8HE

Julia Davies commended in five subjects; **Daniel Lane-Moor** commended in five subjects; **Nicola Roberts** commended in five subjects; **Kayne Gravatt** commended in six subjects; **Tristan Kewene** commended in six subjects; **Lindy-Rae Nethercott** commended in six subjects; **Stevie-Dee Nethercott** commended in six subjects; **Michelle O'Brien** commended in six subjects; **Emily Geddes** commended in seven subjects; **Emily James** commended in seven subjects; **Sophia White** commended in seven subjects; **Amber Cavanagh** commended in eight subjects; **Rebecca Lawson** commended in nine subjects; **Nicholas Murray** commended in five subjects, second in 8HE for Mathematics; **Demi Mitchell** commended in seven subjects, second in 8HE for Year 7 Art; **Dustin Morunga** commended in seven subjects, second in 8HE for Physical Education; **Leanne-Nicole Warren** commended in eight subjects, second in 8HE for Science; **Sheridan Webb** commended in ten subjects, second in 8HE for Social Studies; **Jessica Gibson** commended in seven subjects, first in 8HE for Year 7 Music; **Rachelle Cox** commended in eight subjects, first in 8HE for Technology; **Rebecca Hayward** commended in eight

subjects, first in 8HE for Year 8 Music; **Renee Bayer** commended in ten subjects, second in 8HE for Maori, first in 8HE for English, Art; **Emma Carran** commended in ten subjects, first in 8HE for Technology, Maori; **Gemma Coutts** commended in ten subjects, first in 8HE for Physical Education; **Elle Macartney** commended in ten subjects, second in 8HE for English, first in 8HE for Social Studies, Science, Mathematics.

8RT

Zandalea Braddock commended in six subjects; **Alex Epiha** commended in six subjects; **Simeon Pumipi** commended in seven subjects; **Wairere Thomas** commended in seven subjects; **Sharni Hart** commended in nine subjects; **Harlen Keepa** second in 8RT for Maori; **Samantha Bowler** commended in seven subjects, second in 8RT for Science, Mathematics, English; **Buckland Lewis** first in 8RT for Technology; **Anetta-May Cadogan** commended in seven subjects, first in 8RT for Year 7 Music; **Ruby Wineti** commended in seven subjects, second in 8RT for Social Studies, first in 8RT for Maori; **Phillip Epiha** commended in eight subjects, second in 8RT for Physical Education, first in 8RT for Year 8 Music; **Maihi Panaho** commended in seven subjects, first in 8RT for Science, Art; **Pania Castle** commended in ten subjects, second in 8RT for Year 7 Art, first in 8RT for Technology, Social Studies, Physical Education, Mathematics, English; **Ruby Wineti** most consistent girl in bilingual education throughout the year; **Maihi Panaho** most consistent boy in bilingual education throughout the year.

8TC

Dylan Earby commended in five subjects; **Blake Gray** commended in five subjects; **Michael Jones** commended in five subjects; **Gale Mita** commended in five subjects; **Henri Bouwmeester** commended in six subjects; **Suzanne Callander** commended in six subjects; **Saphire Henry** commended in six subjects; **Sun Lou** commended in six subjects; **Derek Elmes** commended in seven subjects; **Kyle Simpson** commended in seven subjects; **Tessa Hall** commended in eight subjects; **Andrew Orr** commended in eight subjects; **Karla Sawford** commended in eight subjects; **Catarina Peeters** commended in five subjects, first in 8TC for Year 7 Music; **Gilbert Costello** commended in eight subjects, second in 8TC Physical Education; **Kayne Lowry** commended in eight subjects, second in 8TC for Social Studies, English; **Madeline Smith** commended in nine subjects, second in 8TC for Year 7 Art; **Paul Williams** commended in nine subjects, second in 8SH Mathematics; **Reece Cole** commended in five subjects, first in 8TC for Technology, Maori; **Logan Cowan** commended in seven subjects, first in 8TC Physical Education, Art; **Kate Hansen** commended in seven subjects, first in 8TC Technology; **Jessica Boyce** commended in eight subjects, second in 8TC for Science, first in 8TC for Technology, Social Studies, English; **Chloe McLean** commended in eight subjects, second in 8TC for Maori, first in 8TC for Year 8 Music; **Aroha Chase** commended in nine subjects, first in 8TC for Science.

8VB

Guy Elmes commended in five subjects; **Jordan Hool** commended in five subjects; **Ryan Huia** commended in five subjects; **Jessica Williams** commended in five subjects; **Zachary Woods** commended in five subjects; **Ryan Donaldson** commended in six subjects; **Ashley Bradley** commended in seven subjects; **Hayden Draper** commended in seven subjects; **Jesse Epiha** second in 8VB for Physical Education; **Samantha Logan** commended in five subjects, second in 8VB Science; **Lauren Tapper** commended in five subjects, second in 8VB for Social Studies, English; **Maryelle Bowater** commended in four subjects, first in 8VB in Art; **Emma Penning** commended in four subjects, first in 8VB Technology; **Alyssa Suvalko** commended in six subjects, first in 8VB for English, Art; **Joshua Foote** commended in seven subjects, first in 8VB for Physical Education, Year 7 Music; **Lauren Fisher** commended in eight subjects, second in 8VB, first in 8VB for Technology, Social Studies, Year 7 Art; **Adaleena Nicholas** commended in nine subjects, first in 8VB for Technology, Science, Year 8 Music, Maori, English;

YEAR 9

9E

Steven Walker commended in four subjects; **Levi Pumipi** commended in five subjects; **Rebecca Jones** commended in six subjects; **David Chapman** second in 9E for Physical Education; **Somayne Ramsbottom** commended in six subjects, second in 9E for Mathematics, English; **Blair Young** first in 9E for Physical Education; **Tahu Kaiki** first in 9E for Mathematics; **Nicole Haraldsson** second in 9E for Social Studies, first in Health; **Kimberley Gadd** commended in five subjects, first in Health; **Debbie Morehu** commended in five subjects, second in Health, first in Electronics; **Jansen Morehu**

commended in eight subjects, first in 9E for Science; **Eyvonne Pirihi** commended in six subjects, second in 9E for Science, first in Music, Health.

9M

Adrie Weuring commended in four subjects; **Leeara Hall** commended in six subjects; **Marama Issac** commended in seven subjects; **Amy Bryson** commended in nine subjects; **Liam Gibbs** commended in four subjects, second in Art, second in 9M for Science, Physical Education, Mathematics; **Shane Cole** first in 9M for Physical Education; **Vianney Wineti** commended in six subjects, second in Text and Information Management, Trophy for first place in Performing Arts; **Amber Allen** commended in seven subjects, second in 9M for English, first in 9M for Social Studies; **Monique Bartulovich** commended in ten subjects, second in Health, second in 9M for Social Studies, first in 9M for Science, Mathematics, English;

9R

Jessica Epiha commended in four subjects; **Kylie Roberts** commended in four subjects; **Crystal Murray** commended in six subjects; **Kathryn Lawson** commended in seven subjects; **Nathan Howe** second in 9R for Science, English; **Ihipera Leaf-Peehi** first in Performing Arts; **Gavin McKenzie** first in 9R for Science, Mathematics; **Renee Mrsich** first in 9R for Social Studies, Physical Education; **Sara Sawford** first in Performing Arts; **Travis Peters** commended in four subjects, second in 9R for Social Studies, Physical Education, Mathematics, first in 9R for English;

9Y

Laquita Brown commended in four subjects; **Nathan Mulloy** commended in four subjects; **Khan McDonald** commended in five subjects; **Alexander Bunn** commended in six subjects; **Rebecca Kelly** commended in six subjects; **Michael Humphries** commended in seven subjects; **Tabitha Dunn** commended in eight subjects; **Holly Bone** commended in nine subjects; **Matthew Larsen** commended in ten subjects; **Sarah Hansen** commended in eleven subjects; **Sophie Malone** commended in ten subjects; **Letisha Nicholas** commended in eleven subjects; **Grant Buckland** commended in five subjects, second in 9Y for Mathematics; **Alisha Castle** commended in six subjects, second in Health; **Hollie Smith** commended in eight subjects, second in 9Y Physical Education; **Sarah Morgan** commended in nine subjects, second in French; **Alexander Corbet** commended in five subjects, first in Graphics; **Gemma Corkery** commended in four subjects, first in Materials Technology; **Warren Dodunski** commended in four subjects, first in Materials Technology; **Johnny Lumsden** commended in five subjects, first in Music; **Dale Murray** commended in five subjects, first in Electronics; **Daniel Crawford** commended in six subjects, first in 9Y Physical Education; **Ross Mooney** commended in six subjects, first in Music; **Paula Cullen** commended in seven subjects, first in Japanese, Text and Information Management, first in 9Y for Mathematics; **Natia Foote** commended in seven subjects, first in 9Y for Social Studies; **Ruby Cumming** commended in ten subjects, first in French, first in 9Y for English; **Sheree Green** commended in nine subjects, second in 9Y for Social Studies, first in Graphics, Art, first in 9Y for Science; **Marina Macartney** commended in nine subjects, second in Japanese, second in 9Y for Science, English, first in Electronics; **Rochelle Cleary** commended in ten subjects, second in Japanese, second in 9Y for Science, first in Materials Technology, Graphics;

YEAR 10

10E

Samuel Sneddon commended in four subjects; **Tarion Tamarapa** commended in four subjects; **Julian Thompson** commended in seven subjects; **Kyle Hool** second in 10E for Mathematics; **Chance Gray** first in Technology Electronics; **Dylan Lynch** second in 10E for English, first in 10E for Physical Education; **Kurt Hopkins** commended in five subjects, first in 10E for Science; **Gary Smyth** commended in four subjects, second in 10E for Social Studies, Science, first in 10E for English; **Mitchell Webb** commended in six subjects, first in Materials Technology; **Rory Taylor** commended in eight subjects, second in Art, second in 10E for Science, Physical Education, first in 10E for Social Studies, Mathematics.

10M

Ben McClure commended in four subjects; **Kate Penning** commended in four subjects; **Karl Andrews** commended in six subjects; **Brent Copeman** commended in eight subjects; **Graeme Crawford** second in 10M for Physical Education; **Annemarie Dalebrook** commended in five subjects, second in

10M for Science, Mathematics; **Teriana Maheno** commended in six subjects, second in 10M for Social Studies; **Sharon Callander** first place in Text and Information Management; **Christopher Alexander** first in Technology Electronics; **Nicola Cowan** commended in five subjects, first in Home Economics; **Stacey Boyce** commended in four subjects, second in Text and Information Management, Trophy for first equal in Performing Arts; **Tegan Donaldson** commended in five subjects, second in Enterprise Studies, Trophy for first equal in Performing Arts; **Stephen Abercrombie** commended in five subjects, first in 10M for Science, Physical Education, Mathematics; **Brooke Duffield** commended in seven subjects, second in 10M for English, first in Graphics, first in 10M for Social Studies; **Danielle Duffield** commended in seven subjects, first in Text and Information Management, Enterprise Studies, first in 10M for English.

10R

Dianah Patterson-Kane commended in four subjects; **Rachel Brears** commended in six subjects; **Casey Morgan** second in Text and Information management; **Terri Hines** second in Text and Information management, second in 10R for Social Studies, English; **Sian Hall-Goodhew** commended in seven subjects, second in 10R for Mathematics; **Bayley O'Rourke** first in Text and Information management; **Rachelle Bell** commended in five subjects, first in Home Economics; **Troy Wheaton** commended in four subjects, second in 10R for Physical Education, first in Technology Electronics; **Abby Potich** commended in six subjects, first in Art; **Samantha Bucknell** commended in five subjects, first in 10R for Science; **Jared Gravatt** commended in seven subjects, first in 10R for Science, Mathematics, Materials Technology; **Vanessa Hollis** commended in seven subjects, first in 10R for Physical Education, English; **Rachel Schutt** commended in seven subjects, first in 10R English.

10Y

Benjamin White second in 10Y for Social Studies; **Nathan Jones** second in 10Y for Science, Physical Education, English; **Steven Dean** second in 10Y for Mathematics, first in 10Y for Science; **Ryan McInnes** first in 10Y for Mathematics; **Dylan Wright** first in 10Y for Social Studies, Physical Education; **Regina Olliver** commended in four subjects, first in 10Y for English.

SPORTS AWARDS

Sheree Green Most Improved Hockey Player (Waipu DHS Hockey Cup); **Nicola Cowan** Outstanding Junior Netballer; **Kingston Edwards** Most Improved Fourth Grade Rugby Player; **Blair Young** Most Improved Rugby League Player; **Daniel Crawford** Moir Cup for Best Contribution to Junior Soccer; **Ross Mooney** Most Improved Junior Soccer Player; **Tania Abercrombie** Junior Girls Squash; **Jared Gravatt** Junior Boys Squash; **Paula Cullen** Junior Girls Tennis Singles; **Kayne Gravatt** Junior Boys Tennis Singles; **Morgan Maheno** and **Dustin Morunga** Junior Boys Tennis Doubles; **Renee Mrsich** and **Laura McLean** Junior Girls Tennis Doubles.

CULTURAL AWARDS

Dunn

Some Pearls of Wisdom

“When told you don’t understand the big picture – ask to see that big picture.”

“There are no alternatives to practice and experience.”

“Never take credit for an idea that is not your own.”

“When it rolls downhill, push it back up. When it gets thrown over the wall, throw it back.”

GOOD LUCK FOR 2006!
