EDITORS NOTE

Once again the school magazine has been a labour of love. I am always excited to compile all the photos and articles of what the students of Bream Bay College have been doing throughout the year. It is also a joy to showcase the art work and creative writing that is produced each year by our talented students.

I would like to acknowledge the students and staff who contribute so willingly to this magazine and I am hoping that a newly created magazine committee in 2013 will come up with an even more fun and dynamic publication.

Enjoy the read!!

Sincerely Tracey Scott

PRINCIPAL'S REPORT

He mihi nui kia koutou katoa

It is a great pleasure to be here today to celebrate the achievements of our Seniors and to present my 11th Annual Report for Bream Bay College. 2012 has been another exciting year.

Academic

2011 was a very good year academically with the college being above national averages at NCEA levels 1, 2 and 3. Our roll based statistics for achievement are: Level 1 - BBC 74.2% vs 64.4% National, Level 2 - BBC 68.9% vs 67.7% National and Level 3 - BBC 66.7% vs 54%. Due to our unrelenting focus on academic coaching we can confidently tell you that our 2012 results will be significantly better than this at Level 1 and 2 and similar at Level 3.

We introduced Parent, Student and Teacher meetings (PST) which were well attended (87% and 83%). We still have a significant group of parents who would like to meet with subject teachers although their comments suggest that they would like more frequent information on progress or particularly lack of progress and this may be able to be achieved via other means such as email.

Having the Whanau teacher acting as a mentor has been a significant factor in our improvements. Real time predictive tracking is a second major contributing factor, with staff, students and parents now able to track movements up and down within diplomas and subjects both within the year and between years.

Thirdly our focus on both quality and quantity pass rates ensures that students achieve to their potential. A key target was to eliminate the drop off in quality and quantity rates as students move through the year levels, in particular the drop off from Year 8 to 9. We can report

that as at the end of Term 3 we have been successful in improving the percentage pass rate by .5% and having the quality rate only 2 points lower. We look forward to the final results for the year.

This year we awarded 4 Apprenticeship Scholarships in conjunction with the Waipu Anglican Opp shop and Bunnings. The scholarships were in the form of tools purchased through the school at very favourable rates from Bunnings and given to the apprentices. We will continue this for another 4 students in 2013.

The student diary "cost vs benefits" has been in question this year. As a result we will take our calendar fully online through PCschool Spider, our school management software, and provide each student/family with a customised calendar linked to their subjects which will also include assessment dates. This will be a work in progress for 2013.

The increasing success rate of our students' academically has meant that the college has had to seek additional sponsors for its 100+ club. From the original 18 Year 7 to 10 students we now have a predicted 68 students who will achieve this status this year.

2013 will see the exciting addition of specific GATE (Gifted and Talented Education) to our GATE students. We are excited about the additional benefits to both the students and the school as a whole. This again will be a major target area for 2013.

Co-curricular

The College continues to go from strength to strength in the co-curricular areas. The revised Blues system to a school wide Stripes system is now fully operational along with tracking reports. We have not met our aspirational target of all students gaining a year level stripe but are pleased to report that 130 year level stripes have been awarded this year to date.

Participation in Stage Challenge, inter-house activities, sports codes and concerts continues to grow from their previous high levels. Other exciting activities were the New Caledonia trip, sports exchanges, Shakespear camp, Market day, R Tucker Thompson trips, Higashi Senior High School visit and hosting the Nga Manu Korero speech competition.

Pastoral systems

The change to a completely vertical system for our Deans and Deputy Principals with enhanced roles for Whanau teachers was completed for the start of 2012. The benefits are significant with improved tracking of students in all areas and lower levels of pastoral incidents being reported in all houses. We expect these benefits to continue to improve as the DPs, Deans and Whanau teachers get to know their students and families even better due to more contact and the retention of more information from year to year. We have also improved our links with the RTLB (Resource Teachers of Learning and Behaviour) service which is contributing fresh ideas to help us solve particularly difficult problems.

We wish to thank the New Zealand Refining Company for its continued support by providing free access to drug dog sweeps for the college. We are pleased with the search results being clear twice and finding a single student both other times. Any students found are placed on Rubicon contracts. The College makes no distinction between so called legal highs (K2, Kronic...) and illegal drugs such as marijuana etc... in how it deals with substance use.

Staffing

The staff of the college have continued to work tirelessly for the students. There have been minimal changes from year to year and within the year although mid-year changes are always felt by the students. Mrs Sherilyn Bradshaw went on maternity leave, Mr Callum Waldron returned to England, Mrs Teresa Rehmann returned to Canada and Mr John Kramer became a RTLB. Mrs Foster returns from maternity leave in 2013.

Buildings

Very little has happened on the buildings front for the last 2 years but with the approval of our new 5 year property agreement we will begin work on upgrading all student toilets and the roofs of the Dental clinic and Boiler house. The last of our classrooms will receive internal facelifts also. The central prefabs will deliberately remain our last set of buildings to renovate as any significant money spent on them would prevent them being replaced when we do roll growth buildings in the central school area.

Grounds

The caretaker has taken on all areas of the grounds with the assistance of our painter. In spite of the fact the budget has not increased we are still achieving a better level of looking good all year round.

ICT

The wait for fibre for the College has been painful, with our internet becoming slower day by day due to increased demands. The fibre connection is sitting there ready to go waiting on a provider to give us service. We have contracted with Callplus for the service and are now playing a waiting game. The College has assisted staff to purchase Tablets and has a group of staff undertaking professional development in their use. We expect to go fully digital in 2014 and will explain what this means as next year progresses. The opportunities to enhance learning are exciting and limitless. The college will support Android, Windows 8 and Apple "bring your own devices".

PTA

The PTA has been active again in 2012 continuing its grounds work. The Horticulture block looks amazing and the gardens are now well established. The annual Fun Run / Walk fundraiser went smoothly and all in all the PTA is going from strength to strength. The efforts of our community and parents in helping our students achieve is both significant and appreciated by all members of our community.

Financial

The financial position of the college is healthy. Spending money on extra staffing has reduced capital expenditure on non-essential items and seen things like another new van or our proposed 27mx33m storage shed put on hold.

Board Changes

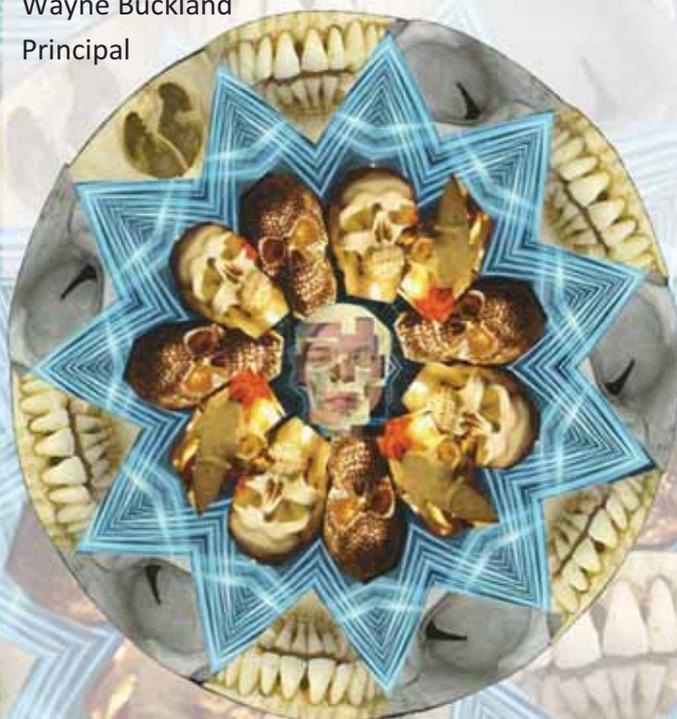

The Board of Trustees have completed significant changes to the way the school is governed in this last three year term. The College's charter, strategic plan, policies, policy format, triennial plan and number of meetings have all been changed or amended significantly. Tomorrow's schools devolved the power to run schools to the Principal and Board. The new political environment is placing considerable demands on schools and the Board to achieve

equity outcomes without appropriate resourcing. We look forward to members of our community standing for the Board in the elections at the start of 2013.

ERO

We were disappointed when the Education Review Office placed the College on a two year review instead of three. We are pleased to report that we have delivered all expected outcomes for ERO prior to them requesting them and that our overall achievements as a college are well above national averages in all areas. The role of a Principal is both varied and exciting. It has been a pleasure working with staff, students and the community to help ensure that Bream Bay College is a top performing school. I would like to wish all of our Senior students good luck in their exams (remember good luck is 80% prior work and 20% what happens on the day) and thank all of our Staff and Board for their efforts in making the College the place it is.

Board Of Trustees' Chairperson Report

It is with pleasure that I present to you, the Bream Bay Community, my annual report on behalf of the Board of Trustees for 2012.

The past year has been another busy, interesting and successful year for the college and it has certainly passed by very quickly.

We have had ERO visit the Board and Senior Management Team to follow through the Longitudinal Review process. Although at times this was time consuming, it has been good for the Board and College to be able to show progress where it was needed and to continue to improve on our strengths and work on any weaknesses.

The College's main focus this year was on Academic Coaching and Real Time Tracking of students' results. The focus was on the student Whanau teacher interface and the further enhancing of reports to add predictions in real time as well as cross referencing to previous year's results. Our Principal's expertise in the running of PC schools and the college's teaching staff have helped make a lot of information about our children's progress very accessible and up to the minute. Guideline booklets and the use of colour in the reports has improved the ease with which to understand the data provided.

The grounds and buildings at the College have continued to be maintained at a good standard which is great to see.

A big upgrade of the Horticulture area was undertaken by volunteers and the PTA. Thank you to Chrissy Were and her team who have done an outstanding transformation of the area. I know that the students and staff really appreciate the work that has been done and it is great to have the community support to achieve such wonderful results.

It is a requirement for me to report on the College's finances. The College entered the year in a healthy financial position. The reserves having been built up from money paid to the College through its efficient running of the Transport Network, which in turn administers the school bus runs and contracts. The money we make from this Network Group assists with projects that we may have otherwise forgone. The Board also chose to use reserves to fund up to one teacher over staffing allocation for 2012 and will fund up to .74 of a teacher over allocation for 2013.

Next year we will also start on our Capital Works Programme which will include Maths, Science block toilets, a new roof for the dental clinic and boiler room. An upgrade in AC Block of the Fabrics and Graphics and Arts and Craft block toilets. Then we will start on the Gym refurbishment.

The college is expected to finish the year with working capital exceeding two hundred thousand dollars. The audited accounts will be available early next year for anyone who wishes to view them.

I would like to acknowledge Megan Carran's work in regard to obtaining funding grants from the likes of the Lotteries Commission and Lion Foundation. Her hard work in applying for such funding helps to pay for school trips and sports gear including team uniforms. This kind of funding allows for more of our students to participate in the busy co-curricular activities that Bream Bay College offers.

Next year there will be the triennial elections for School Board of Trustees. Please take time to consider taking a place on the Board. It is a great way for you to contribute towards your own and your communities children's education.

One of the big questions for anybody involved in education is, "Why are we doing this?"

Most of us involved have asked ourselves that question at some stage. Answers to that question may be:-

.

"...to help our children become all that they can be"

"...to give our students a chance at a better life"

"...to make a difference for our kids"

As a Board of Trustees, our job is to govern, in much the same way that a company's Board of Directors do – by setting the goalposts and monitoring (not second-guessing, but keeping an eye on) the activities of the people we are responsible for. That means our teaching staff, our students, parents and care givers, and of course the Ministry of Education.

I find being a trustee is both interesting and rewarding, and I am a firm believer that if you wish to help your child's education, then it is best to be involved in it.

I would like to thank my fellow board members; Louise Wickham (vice chair), Glenice Andrews, Chris Donald, Derek Heiwari, Rose Waerea, and student trustee Mackay Crawley for his time and commitment over the past twelve months. It is a privilege to represent you all here today and I wish to acknowledge your collective wisdom and enthusiasm that you all share for the continued success of the college and the students. Thanks also to Rick Stolwerk for your time on the Board and to Annmarie Woods our Financial Officer and Beverley Webb our Board Secretary.

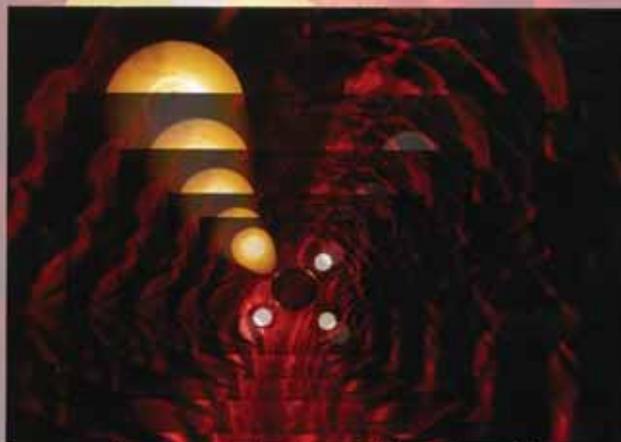

A report such as this would not be complete without acknowledging the school's Principal and his staff. Thank you Wayne for your leadership and for you and your staff's continued hard work and commitment to the success of our communities' children.

Finally to the students here today, I congratulate you all on your individual achievements that you have made this year, and I wish you every success for the future, whatever paths you wish to take.

Jaime Newton- 7th in the Senior Girls
Paul Linton- 10th in the Year 7/8 Boys
Kyle Levell- 8th in the Year 9 Boys
Kieran Swords- 10th in the Year 9 Boys

ZONAL SPORTS

ZONAL SWIMMING

On Thursday 23rd February Bream Bay College sent a team of 29 students to Rodney College to compete in the annual Zonal Swimming champs. Bream Bay College had an outstanding day with 42 -1st places, 6 - 2nd places and 5 - 3rd places. Bream Bay won 11 out of 11 out of 17 relays, including the Nash Relay for the third year running.

Congratulations to the Southern Zone Team! There were some outstanding achievements. Thanks to the parents/caregivers who came down to help timekeep and support the team. A big thankyou to Jo Cole for managing the team.

ZONAL CROSS COUNTRY

On Thursday 17th May Bream Bay College sent a team of 24 students to Otamatea to compete in the annual Southern Zone Cross Country Champs. The weather was on our side this year as last year it was cancelled due to thunder storms. The students achieved some outstanding results during the day with the most outstanding result going to Jaime Newton, who won the senior girls' race. Well done to all of the students from Bream Bay; they were a credit to the school.

Some of the results were:

- Sub Junior Boys – Paul Linton 2nd, Tom Norton 5th
- Sub Junior girls – Rochelle Goodmon 4th
- Junior Girls – Kelsi Levell 6th
- Junior Boys – Kyle Levell, Nathan Newton, Kieran Swords 3rd equal
- Intermediate Boys – Seyerus Miller 6th
- Intermediate Girls - Tessa Paton 5th
- Senior Girls – Jaime Newton 1st, Brooke Jones 3rd
- Senior Boys – Mackay Crawley 3rd, Leo Channings 5th.

Leadership camp

A raw bunch of recruits who had required their many and varied skills to be honed and the rough edges sanded so that they become a cohesive team, who supported each other, worked together and would lead the junior school forward to the final frontier.

They have survived the year and now will need all these skills to meet the next set of challenges that another new beginning puts before them.

Good luck, stand tall and remember
"If it is to be, it is up to me."

Mrs Dalgliesh

This year Bream Bay College sent a team of 10 students down to Auckland for a 5 day voyage aboard the Spirit of New Zealand. The team was made up of: Sam McNamara, Matt Jensen, Kodi Brown, Lucas Hargreaves, Brandon Munford, Samantha Carran, Anna Worthington, Stevie Bracken, Jemma Ferris, Jordan Kenney. The students were all competitive as this was a trophy voyage where all four schools on board compete for the trophy and challenge each other at various activities. Due to using the wildcard on the last day and some awesome team spirit, Bream Bay College also known as the Taniwha's won the competition. Overall the trip was a wonderful experience.

SPIRIT OF NZ

M PEOPLE CAMP

On Thursday 22nd of March, 23 M People left Bream Bay College and headed to the Waipu Cove Surf Club. We unpacked our things, and then began getting into the afternoon's activities. These included: a haka practise which proved to be a match between the girls and boys, writing of respect letters, Waiata practise, introduction to the camp song and the all important mediation training. In this training, we learnt about social constructionism and most importantly, as put by Ms Reynolds; "the problem is the problem". After dinner in Waipu, we returned to the surf club to be joined by Whaea Betty to discuss cultural safety.

Friday morning, we went for a swim in the freezing sea. Following this, we knuckled down to mediation training and role plays. After an example of a mediation scenario and how it should run, we split into groups and played out our own. We then came up with ideas of how we as M People could have a positive effect this year. That afternoon, we were given our respect letters, some of which were shared within the group. Despite the large number of M people this year, many people strived to write a letter to everyone. Next, we went outside and after a few spots we found the perfect place for our photo.

After everyone pitched in to clean up, we left the Waipu Cove Surf Club. It was clear that people had enjoyed themselves on the camp, yet had also gained many useful skills as part of being an M person. People grew to know each other despite moving in different groups, and this brought everyone closer together. The atmosphere on the camp was positive and optimistic.

Huge thanks to Ms Reynolds and Ms Mayne for organising the camp.

TE ROOPU KAPA HAKA O WHANGA A TAMURE

2012 has been a very busy year for our Kapa Haka Group.

Term 1 – One of the busiest times of the year for Kapa Haka is Te Taitokerau Festival in Kaitaia. The Group practised every weekend as well as the odd day during the week. By the performance date we were ready to go. There were 37 performers this year and they did us proud. All of their hard work finally paid off. Big thanks to all of our performers, and also the pleasure of listening/watching other schools perform. There is a lot of talent amongst us.

Kia rongo ai te waiata e waiata ana e ōna anō tohunga.

To hear the song that is sung by those who are masters of it.

Term 2 – We had another busy term with Ngā Manu Kōrero. Expectations were high within the roopu to perform with distinction as we hosted the Te Tai Tokerau Ngā Manu Kōrero Regionals for 2012.

We started with a Powhiri to welcome the 20 schools that were competing. A big thanks to Kahi Tipene who was the Master of Ceremonies for the 3 Days, also Marama Morunga who accompanied him. Rhadyn Teokotai was the man behind the curtain who made sure all the speakers were prepared before they took the stage, a huge job as you can imagine (as well as keeping Kahi sane throughout the competition). Thank you also to Ciara Swords who started as one of the task masters and ended up doubling as a timekeeper. Laura Andrews, Ella Stolwerk, Mackay Crawley, Noah Smith, Ben Lucas, Tivaan Doak-Smith, Jaydin Matiu, Phoebe Peita, Alex Joyce, Taylor Taurere, Mereaira Steadman & Roslyn Thompson all worked tirelessly with many exhausting tasks that had to be performed.

Congratulations to Kahi, Jaydin & Mereaira who performed at the Waipu Wearable Arts.

Nāku te raurau, Nāu te raurau, Ka ora te iwi.

With your basket and my basket the people will survive.(in this instance, the sharing of all cultures)

Term 3 – After the past 2 terms the pace with Kapa Haka performances moved to Te Tuinga and Music Night. The roopu built on previous performances and it was time for our juniors to step up as some of our senior performers were not available on Music night.

Ka Mau Te Wehi !!! (Awesome)

Term 4 – This term has just begun and we have just started practising again. Our work is never ending with their upcoming performances for the Ruakaka Garden Club, NIWA , prizegivings at the end of the term and of course the Waipu Pageant January 11, 12th 2013.It has been our pleasure to work with the awesome talent that has come through the Kapa Haka Roopu this year. They have all performed to the best of their abilities.

I would like to thank all of the Head Prefects who stood proud for their school this year and performed all of their duties for the Te Roopu Kapa Haka O Whanga a Tamure with distinction.

STAGE CHALLENGE

On Wednesday 20th June, 97 students (Years 7 –13) boarded the coach for Forum North to perform at the 2012 Stage Challenge competition. The theme was on the mental health of a teenage girl caught in a dark world of depression and fear. This production was totally student driven and told a story of how people with mental health issues were treated in the past compared with how it is treated today. Although we did not get placed, it was an amazing performance and we attained awards for Drama, Performance Skill, Choreography, Stage Use, Student Achievement, Visual Enhancement and Back Stage Crew.

HOUSE HAKA COMPETITION

This year's haka competition was truly a performance not to be missed. Judged by the school's Principal Wayne Buckland and local Bream Bay Trust's Phil Paikea and Sue Rudman, their task was not going to be an easy one.

It was very clear that houses this year were not going to hold back with their costume attire, their stage entry or their performances. House colours were on display from facial moko's to head wear and replica cloaks with the use of traditional Maori weaponry in performances and they were used well. It was a fabulous sight to see.

The atmosphere was electric and is surely an occasion not to be missed in 2013. The build-up to each house performing was met with the usual boisterous healthy rivalry, but true to Bream Bay tradition each house was cheered and clapped as they left the stage, leaving the audience with the memory of a great display of unity and competitive spirit. The pride that emanated from each house was a powerful and stunning spectacle of house honour, combined with the desire to become the year's haka winners made this the competition of competitions.

Congratulations to Inverness who won on the day. Well done to all the staff involved with supporting the haka and of course to the students who definitely showed their true colours.

Nga mihi kia koutou katoa.

CROSS COUNTRY

On Friday May 4th Bream Bay College held their annual school cross country. Over 300 pupils competed in the 2 events that were run. A walker's course, which took place via Ruakaka Beach, and the traditional cross country event that was run on Finlayson's Farm. Thank you to Graham Finlayson for allowing us to use his farm for the event, and to all of the parents and supporters that came along to cheer on the students. The performance of the day went to Mrs Susan Reynolds for showing sheer determination to finish the course.

As with any other year the house competition was very hotly contested.

Locked in a Room with Dracula

I realised he had locked me in. Since there was no way out I decided to explore the room and see if I could find an exit. I grasped the candle, headed forward and began to explore my new surroundings.

It was a large room furnished with heavy velvet red curtains with the family crest embroidered on it. The curtains receded from the height of the ceiling all the way to the end and gathered on the floor. I pulled away the heavy curtain and found a large tired looking window covered in dust. It was as if it had never been looked through before. Beyond; the great open ocean thrashed and looked as cold and miserable as ever.

I continued searching the mansion-like room. There were so many things such as an old painted portrait of what seemed to be Dracula shaking hands with William Shakespeare? This got me questioning! It can't be him; he's been dead for years and years. But this was not the only one; there was another with Dracula featured and drinking with King Henry the Seventh out of stone goblets. As I was moving along I stood on a rug, but as I drew the candle closer I realised it was actually a skinned mammoth! I jolted backwards. I was by now completely creeped out. I tried to forget everything and keep walking; the room felt ghost like and cold.

A shiver came over me, I turned, there was nothing there but then I noticed something beside the fireplace that I didn't seem to have noticed before; I walked towards it and looked closely at it... It was a coffin! That's it! I turned and sprinted for the door and started jolting the handle, twisting and turning, tugging and pulling, it wouldn't open! I started to panic even more which I didn't even think was possible.

"Don't be scared. It will all be over soon," said a calm, torturous voice from behind me. I shrieked and turned... it was him! His pale, ice-cold face was about an inch away from my face. He grabbed my arms and came towards me. Then it was black...

A Mysterious Shadow

Her perfectly painted red nails slid up the railing as she fluttered up the steps of the dance studio. She emerged from the darkness of an empty room, as the lights lit up the sleek wooden floor. The surrounding mirrors watched her every move. Her soft hazel eyes gazed at the blank canvas that awaited her.

With grace and elegance, she glided across the ground; every move calculated and precise. Her delicate movements were dainty like a swan, while her youthful face appeared composed and concentrated. Even her toes pointed perfectly, which matched the spiked, antique chandelier hanging above her, glistening with a dimmed glow.

The clicking of her red suede heels rung rhythmically through the room, startling the sleeping fantails in the ceiling. It seemed to mirror the ticking of the clock; which moved as precisely as she did. Time escaped her as quickly as she stepped, and before she knew it; the crisp, husky evening sky had been engulfed by complete darkness outside. The trickling rain faded into the background, but she did not notice.

Her beautiful brunette locks bounced energetically when she pirouetted. The spirals gave her sultry black dress an enchanting shape; almost like the way her tight curls draped over her face with effortless refinement.

Without warning, the tremendous wooden doors swung open thunderously! The latch creaked and the ancient, metal door-knocker clanged angrily against the wall. The shattering sounds echoed immediately among the gathering dust.

The wind and rain and thunder swept into the studio forcefully; shattering all the mirrors and tearing the framed photos right off the wall. Goosebumps

covered her body and fear sunk into her soul. She crouched, pulled her knees into her chest, and hid her face. She remained there, keeping silent, in anticipation of the unknown.

Abruptly, a mysterious shadow appeared in the doorway. Her piercing hazel eyes examined the figure, and her heart stopped...

New Caledonia

On the 1st July 2012, ten students and five adults headed off to New Caledonia for one amazing school trip. The mornings of our first four days were filled with French lessons at a local school called Creipac. The afternoons found us shopping at local markets and shops and chilling at our hotel.

One afternoon we walked down to the aquarium and we got to see scores of tropical fish. On the fifth day we caught the Noumea Explorer bus around the city where we stopped off at the zoo and cultural centre.

The next day we ventured out on an awesome snorkelling tour near Amedee Island. We swam with turtles, sharks and sea snakes.

The dining in New Caledonia was tres bien! Our food choices ranged from crepes and hamburgers to tripe sausages and escargot.

Our hotel, Novvata Parc Le Pacifique, was fantastic as well. It was right on the beach and also had the biggest pool in Noumea. Overall, it was a fantastique trip and a fabulous experience!

Te Tuinga

Our showcase for Performing Arts 2012 was once again an awesome evening of Kapahaka, Dance, Music and Poetry. By the loud applause from the audience, it was easy to gauge its high level of success. A number of parents commented favourably as they departed the audience and we received some fantastic cards of candid and favourable feedback from our 3 Primary schools that attended the matinee.

Year 7 & 8 Report

What an amazing year for learning 2012 has been for the Year 7 & 8 department. It was great to see so many junior students participating at their best in our school swimming sports and athletics day at the beginning of the year. We kicked off Term one with learning about the Treaty of Waitangi and what it means for us as New Zealanders today. It was very interesting learning about New Zealand's history of two cultures joining together. We had a fabulous trip to Waitangi where we met the lovely Mrs Busby and the students got to role play being a part of New Zealand's history in the making.

Term two brought about many young entrepreneurs as the students set about creating their own businesses, forming business plans, carrying out market research, creating products and services to be sold on Market Day. The Year 7 & 8 Market Day was a huge success and the students raised almost \$3,000 as the main fund raiser for camp. Well done students and thank you to whanau and friends who came along to support the Market Day.

In term three we were all inspired by our national Olympic competitors while we followed the highs and lows of the London Olympic Games. Shortly afterwards, it was time for our own fun and games at Shakespear Lodge, Whangaparoa for the Year 7 & 8 biannual camp. Camp was four days of action packed, fun-filled adventure. The students got to experience a range of new activities such as mountain boarding and rock wall climbing. They also made new friendships, developed their self-confidence and gained new skills. A very big thank you to all of the parents and whanau who supported us prior to camp and also while we were on camp. Thank you also to the local Whangarei businesses for camp sponsorship and fantastic new sports gear. Your help and support was truly appreciated and the children certainly enjoyed the camp immensely.

Term four was a focus back on our local Bream Bay environment while we learned about sustainability issues facing our community. Bream Bay College students are great ambassadors for environmental sustainability in our local area and are very aware of the many environmental issues that need to be considered for a healthy, sustainable future.

Bream Bay College provides a wealth of extra-curricular activities for children to become involved, try out new skills and talents and also to extend themselves in their areas of strength. Many year 7 & 8 students took the opportunity to participate in a range of activities such as Stage Challenge, debating, Mathex, Kapahaka, Choir, Rock Quest, and a wide range of sporting opportunities at inter-school level, regional and Northland level. Well done to all of those students who got involved. Congratulations also to those students who received Stripes awards, Kia Maia and Tumuaki Awards, well done!

Finally, I would like to say a huge thank you to all of the Year 7 & 8 staff for all of your fantastic work throughout the year. Mrs Hayward, Mrs Matthews, Whaea Shelford, Mr Kramer, Ms Edge, Mrs Buckle, Diane, Natasha and Whaea Tau. It is a real pleasure to work with such a dedicated, passionate and professional team. Nga mihi nui kia koutou. We all look forward to another fun-filled year of learning in 2013 with a new intake of Year 6 students. We would like to wish this year's Year 8 students all the very best in their future endeavours at Bream Bay College.

Whaia te iti kahurangi, kit e tuohu koe, me he maunga teitei. Strive for the highest you can be, if you should bow, let it be to a lofty mountain.

Shakespeare Camp

All of the excited kids couldn't wait to get on the double decker bus. It was finally Term 3, time to go on our long awaited camp. We were all so eager to begin the fun and challenging activities so the bus ride didn't seem that long. Everyone was so happy after the long wait we were finally on the bus on our way to the Shakespeare camp in Whangaparaoa.

All of the students started their activities on the second day and ended it on the last. There were so many fun activities set for us; mountain boarding, archery, rock wall climbing, mountain biking, initiative exercises, multi-sport, orienteering, and teacher activities. We all learnt so much and had a great time trying out challenging activities and making new friends. We would like to thank the Year 7 & 8 teachers for organising the camp for us. We would also like to thank all of the parents who came on camp with us to help make our camp a truly memorable trip.

The procedures they used were Gel Electrophoresis and Polymerase Chain Reaction. These photos show them using pipettes to measure out 1000th of a millilitre of solution.

HORTICULTURE

Over last summer some members of the PTA spent many hours on a major upgrade of the horticulture block: levelling and rebuilding the garden area, painting and applying art work to the fence and recovering and upgrading the tables in the green house and shade house.

This has made a huge difference to the way the area is treated by the students and has greatly improved their level of involvement and achievement. The horticulture block is now an awesome place to be for students and teachers alike. Many thanks to Chrissy Were and her team.

Creativity and hard work are what combine into genius. Many conscientious students show that they have got what it takes to blend ideas and drawing skills to make credible products.

Year 9 start with personal logos, popcorn boxes and board games.

Year 10 design sweet packaging, soft drink labels and then a shed or creative workshop space. This is a taster for spatial (architectural) design in the senior school.

The Year 11 students study the work of Japanese paper sculptor Shin Tanaka. They then design packaging for an electronic device. Their second project moves in to furniture and product design.

Year 12 and 13 complete a spatial (architectural) and product design.

This is an exciting classroom to be part of. It's always bubbling with ideas.

FOOD TECH

It has been a fantastic year for all involved in Food Tech and Hospitality. The Year 7 and 8 tested out a range of muffins they designed and presented. The Year 9 groups participated in a 6 week Masterchef challenge which showcased their young talent. Amongst other topics the Year 10 students helped to make golden hokey pokey nuggets for the school ball (note the hygienic hair nets!) The senior students really enjoyed producing quality dishes and encouraging each other throughout the year. It is fabulous to see two senior students apply for places on culinary courses. I wish you well next year.

Ms Powell.

SOCIAL SCIENCES

This has been a very busy year with many successes for this department. Teacher in Charge of Geography Tony Baker, introduced a new course called Environmental Studies which is becoming very popular in all schools. Students planted trees around our local Dune Lake, heard about the local Godwits from a local environmentalist, and took part in many other discussions about the area. The inclusion of some outdoor education activities saw the student kayak their way to Waipu Cove. I hope this course has stimulated those students into becoming lifelong carers of the environment.

Also replacing Tourism was another new subject; Legal Studies taught by DP Alison Dalgliesh. This course is intended to assist our senior students become informed about various laws. To be ignorant is no excuse in law. From all accounts this course proved to be popular and worthwhile. For students intending to become Legal Executives this course would be beneficial too.

Robyn Weir, Teacher in Charge of Economics and Accounting reintroduced Business Studies into Year 12 this year and also ran accounting and economics classes for all levels too. Students worked in groups creating small business ideas and went off to various seminars to learn and share their ideas. This is what New Zealand needs; entrepreneurs with great ideas and the confidence to keep going if they believe in the product.

Big History classes this year and the changes to the curriculum meant Year 11 were taught nine topics from which they had to choose two from for their externals. There has always been choice in History, now there is more. The History boards continue to be a favourite with the students and each year they get better. There were many excellences awarded this year and two were sent off to the Young Historians Competition in Christchurch. They were: Sarah Buckland on the link between Renata Kawepo and William Colenso in New Zealand during the mid-1800s and Olive Grant on the American Troops in New Zealand during WW2.

Sarah Buckland's board came third place which was a huge achievement in a nationwide competition.

The judges of the competition commented:

"Presented as a display board, this work is striking in appearance. Upon examination, detailed studies of the significance of Colenso and Kawepo, as well as an examination of the historical links between the two impress the reader with the level of underlying research and quality of historical ideas evident in the work. "

John Cunningham and Rose Nathan taught in the Social Studies department adding their input this year too. Again I have found the topic of India to be the most popular as the students deal with the horror of the millions of child labourers, try and fail to understand the caste system and the Untouchables and enjoy the history and beauty of the buildings, festivals and food this huge country has given the world. Topics like this make Social Studies exciting to teach.

A Year 9 trip of 50 students to the Matekohe Museum on the topic *What Makes a Kiwi*, was enjoyed by all but I was unable to fit a Year 10 trip in to a very busy timetable. Auckland trips will resume in 2013.

Rose Waerea
HOD Social Science.

In 2012 BBC started up a new Year 12 Environmental Studies course. Throughout the year students were involved in freshwater investigations of the Ruakaka River and catchment, exploring peoples perspectives about Storm Water, looking at the impacts of climate change in NZ, and looking at the various types of plants and animals that live in our environment. Students were lucky enough to work alongside organisations such as The Whitebait Connection, Sustainable Coastlines, Bream Bay Coast Care, Northland Regional Council and the Department of Conservation. Highlights included students planting 700 native trees at the Ruakaka Dune Lake, and carrying out actions to enhance peoples awareness about issues facing the Ruakaka Estuary. Another key aspect of our course this year was building leadership and risk management skills in the outdoors.

ENVIRONMENTAL STUDIES

GEOGRAPHY

Geography at BBC had another very successful year with students taking part in a number of field trips around the district. The Year 11 Geography class visited the Abercrombie Dairy Farm in Waipu to look at sustainability and farming as a system. Each year Stu and Mary are happy to have BBC students along, and highlights included feeding the newly born calves as well as Mary's famous morning tea.

The Year 13 Geography class spent time in the field researching the various natural features found in the Bream Bay Coastal environment. Students measured waves, dunes, current and other elements of the beaches at Waipu and Ruakaka. Both of these field trips were for a Research internal assessment.

Unfortunately due to poor weather and an eruption, the Year 12 Geography class had to cancel its trip to Mt Tongariro. Instead students explored biosecurity threats in Northland and many focussed on possums in our area. Overall, 2012 was another huge success with all 3 classes engaging in some real Geography, both in class and out in the field.

YOUNG YOUNG ENTERPRISE

This was BBC's first time in a long time entering for the YES programme, where students have to run their own business and use their business knowledge to compete against other school business's around the country. This hands-on learning experience was A LOT of hard work but also a lot of FUN! The teams won several awards and appeared in the local newspapers with write-ups on their successes.

Below: Our two teams at the Trade Fair in Kerikeri, where Silver Lining (second picture) came second overall for their beautiful display.

ECONOMICS

Economics Level 1 has been a very successful year with students taking part in a trip, studying production choices made by McDonalds, and a fascinating visit to our local Port. Other interesting internal assessment debates included research of various groups views on the current Marijuana Laws in New Zealand, supported by an in-school visit from our local police constable, with a little show and tell involved!

The students have mastered excellent graphing skills and have displayed brilliant conversational skills involving economics and national/world politics.

The Gateway programme has involved over 40 students this year. There have been many varied industry placements – including Agriculture/Farming, Hairdressing, Panel beating, Sport/Gymnasium/Kickboxing, Health Promotion, Horticulture/Nursery, Childcare/Education/Teaching, Hospitality, Aviation, Retail, Building, Automotive/Diesel Mechanic, Forestry/Logging, Radio Promotions, Electrical, Veterinarian, and Equine! We are only limited by finding an employer willing to take on a student! Students MUST be motivated and hard working, and most of the students have achieved approximately 10 extra credits towards their NCEA as part of their Gateway placement. Placements take place during term time and in school holidays. We recommend around 5 days in the workplace and they must ensure they keep up to date with their school work. Some of our students have been lucky enough to receive references for their CV and even part time jobs!

We are very thankful to all of the employers who have supported our programme this year : Two Birds Café, Rowsells Panelbeaters, McKay Electrical, Jandals Bar & Grill, MoreFM, Wicked Takeaways, Waipu Primary, Ag & Earth, Pacific Motor Group, C3 Logging, Take Note Post, Celtic Curls, Ruakaka Motors, Northland Aviation Limited, New Zealand Refining Co. – I.T department, Roundhouse Kickboxing studio, Bream Bay Landscaping, Atlas Concrete, Kensington Fitness Centre, CLM Whangarei Aquatic Centre, Craig Cogan Builders, Rean Construction, Damian Dixon – Quad Farming Ltd, Northland District Health Board – Healthy Lifestyles team, Northsawn Lumber, Waipu Vets, Bream Bay Educare, Keith Andrews Trucks, Laser Electrical and Bream Bay Coastal Care Group & the Department of Conservation.

Elite Swimmers

Congratulations to the following students who qualified to swim in the NZ Juniors: Seth Faogali, Turanga Morgan-Edmonds, Isabelle Paton and Elle Swanson.

In NZ Division 2: Ruby-Lee Beckham, Elijah Purnell, Marco Rodrigue, Kieran Swords and Emma Wickham. And, in the National Age Group Champs is Haylee Jensen.

Kieran Swords, Elijah Purnell, Ruby Lee Beckham, Emma Wickham followed this by swimming at the subsequent NZ Division 2 Age Group Championships in Dunedin.

Kieran qualified in 10 events and making 9 finals, Elijah qualified in 8 events and made 2 finals, Ruby Lee qualified in 6 events and made 3 finals and Emma qualified in 8 events, she also recorded 7 personal best times.

Charlotte Colebrook

This year, Year 11 student Charlotte Colebrook qualified to compete for the Horse of the Year. Charlotte represented the school and competed in the St Peters Dressage and Show Hunter competition on her new horse 'Skunk' in March.

Scholastic Surfing Series

Bream Bay had Rhys Whittaker and Matt Jensen surfing in the final of the scholastic series. This was held at Mangawhai Heads on 20th July. Challenging conditions greeted the surfers with blustery on shore winds and wintery cold temperatures. But with a chance of being selected for the Northland squad this was not going to deter the surfers. Matt Jensen showed good form to progress to the semi final rounds. Rhys also showed some excellent skills picking off the better scoring waves and progressing into the final. Heading into the finals for Rhys there was just a few points separating 1st and 2nd places. Rhys finished 3rd and went on to make the 2012 Quiksilver Northland Surfing Team.

Vol.1 No.1

Year 7/8 Ten Pin Bowling Finals

On Wednesday 20th June we sent 5 teams of Year 7/8 students to compete in the annual 10 pin bowling tournament. It was a fantastic day with all the teams doing extremely well. The boys team, Bream Bay Titans, came 2nd on the day. They got through to the finals, held on July 26th and won the competition. The team were: Taine Shelford, Kasyn Lee, Scott Carran and Jordan Midwood. Scott Carran was top bowler for the team on the day.

Year 7/8 Tauraroa Sports Exchange

On Friday 27th July Bream Bay went to Tauraroa Area School to compete in their annual sports exchange.

The rugby was a very evenly matched game for the first half but Bream Bay College stepped the pace up and scored a few late tries making the final score 41-29 to our team. The netball was also another close game with the girls playing extremely well with a few new players being brought into the team. The final score was 11-11.

The football was a different story entirely with Bream Bay playing outstanding, using their skills and fitness to their benefit. They outplayed Tauraroa in all areas of the game which showed in the final score 9-0 to Bream Bay College

Year 7/8 Otamatea Sports Exchange

On Thursday 23rd August Bream Bay College hosted Otamatea High School in a year 7/8 sports exchange.

It was a fantastic day with all the students thoroughly enjoying themselves. It was a few years since Otamatea has been to Bream Bay so it was great to be able to host them.

The results were:
Hockey 17 – 0 to Bream Bay College.
Rugby 87 – 0 to Otamatea High.
Football 5 – 2 to Bream Bay.
Netball 18 – 12 to Otamatea.

Year 7/8 Netball

Waipu Black won the preliminary round in section 3 and were promoted to section 2 where they finished 3rd. At the Whangarei Netball Centre prizegiving they won the Team Sportsmanship Award, the Beazley Cup.

Shanae Doak Smith was identified as being in the top 10 players in year 7 & 8 and was invited to attend the high performance centre.

Girls Badminton

On Tuesday 30th October the Bream Bay College year 9/10 Girls Badminton team won the ASB Northland Secondary Schools Teams Badminton Competition. The girls played against Kaitaia, WGHS and Rodney. They won all their games throughout the day and went on to beat Rodney College in the finals winning all 4 games. The team were: Bili Moffat, Samantha Carran, Anna Worthington, Abbie Palmer.

SUTHERLAND

SUTHERLAND HOUSE REPORT

Sutherland has had a shake up this year! The change of systems saw us, Mrs Dalgleish and Mrs Buckle donning blue outfits in order to get into the house spirit! We are super proud of our house for 2012, and think all those in Sutherland should be proud too. We have logic, we have speed on land and in the water, we have amazing team support, we are A-m-a-z-i-n-g at unihoc, volleyball, general knowledge and maths, we are winners, we are blue, we are Sutherland, mighty might Sutherland!

Our house members have excelled in sports and academic activities, in class, for our house, and in outside of school activities. We have some prominent leaders emerging from our juniors, and again we saw Rebekah Callander and Heath Kewene taking on the responsibility of leading our Haka for the Interhouse Haka competition. We still don't know why we did not take out this competition!!! A big thanks to Mrs Watson for her choreography and pukana training, your expertise was not only appreciated, but rewarded with huge participation rates on the day!

For all those who survived to tell the story of hard words with Mrs Buckle and Mrs Dalgleish, we have loved getting to know all of you and the families of our members through academic coaching days and interactions, the best part of our job is going to be continuing to see everyone flourish. We would like to thank all seniors for their efforts in Whanau classes, the brotherly and sisterly role you are playing for the younger members is outstanding, some would say overprotective...And we believe this is why Sutherland is the best house in the school! We would like to thank Paige Carter and Kevin Mooney for their efforts as house leaders this year. For all our leaving and returning students alike in Sutherland, we are very proud of your input and effort in Sutherland and at Bream Bay College, we look forward to reminding you in years to come of your roots. Whatever you do in the upcoming years, be true to yourselves, be honest and respectful to others and strive to be the best you can be!

Mrs Buckle and Mrs Dalgleish

ARGYLL

ARGYLL HOUSE REPORT

We started off the year with fantastic results, winning the Athletics, Cross-country, and Basketball – and coming second in Touch. A BIG THANK YOU – to our prefects and heads of house, Jarin Nathan and Brooke Jones, for helping organise the students in these events. Ella Stolwerk also organised a sausage sizzle fund-raiser, which was managed by several of our students, including Sam Odendaal and Amelia Bradley.

Highlight of the year was performing our new Argyll House chant at the end of the Athletics – well done to the Year 13's who came up with the awesome chant!

“Kakariki – GREEN MACHINE!”

The second half of the year, Argyll appeared to run out of steam, as we came last in Haka, Volleyball, Mathex and the Quiz! This will be our focus next year for improvement so Argyll can WIN!

A final Thank You to all our students and support staff who actively take part in supporting Argyll, we hope next year our you will encourage our new Yr 7's to follow in the same competitive spirit!

ROSS

ROSS HOUSE REPORT

2012 has been an awesome year in Ross House. Participation in all of the various interhouse and sports competitions has been fantastic. A definite highlight was the spine tingling Haka where we placed 2nd behind Inverness.

It has been great to have Anita Carr and Kurtley Watson as house leaders and thanks to these and all the other seniors who stepped up to help Ross out this year, including Jamie Thompson, Jaime Newton, Danielle Newton and Kelly Gillingham.

This is my first year in Ross house and I have been blown away by not only the talent and energy many of students have, but also by the nurturing and caring (not to mention hard working) Whanau teachers.

What's that old saying?

“ROSS IS THE BOSS!”

INVERNESS

INVERNESS HOUSE REPORT

Inverness house is in great shape and performed solidly all year. We like to think of ourselves as the House of love and the House with the least behavioural issues.

We started off blitzing the swimming pool with our awesome swimmers but did not make the amphibious transition to land and slipped back in the Athletics. We were competitive in the Unihoc, Mathex, Touch and Quizex.

A highlight of the year would have to be winning the school Haka. A huge thanks to Junie Shelford, Jayden Matiu, Rozlyn Tompson and Marama Morunga for their cultural guidance here.

Thanks to all those wonderful Inverness students who stepped up when it counted and to their Whanau teachers for their hard work and dedication.

We eagerly awaited the overall outcome of the house competition, to find the winners of 2012 were....
...Inverness!

Broken Brain

No, I cannot think,
I may need a drink.

Thinking about poems breaks my
brain

Really, honestly, it's driving me insane.

I soon came up with an idea,
Now my brain is finally clear.
I stare at the page that is right there...
Now I have forgotten my idea!

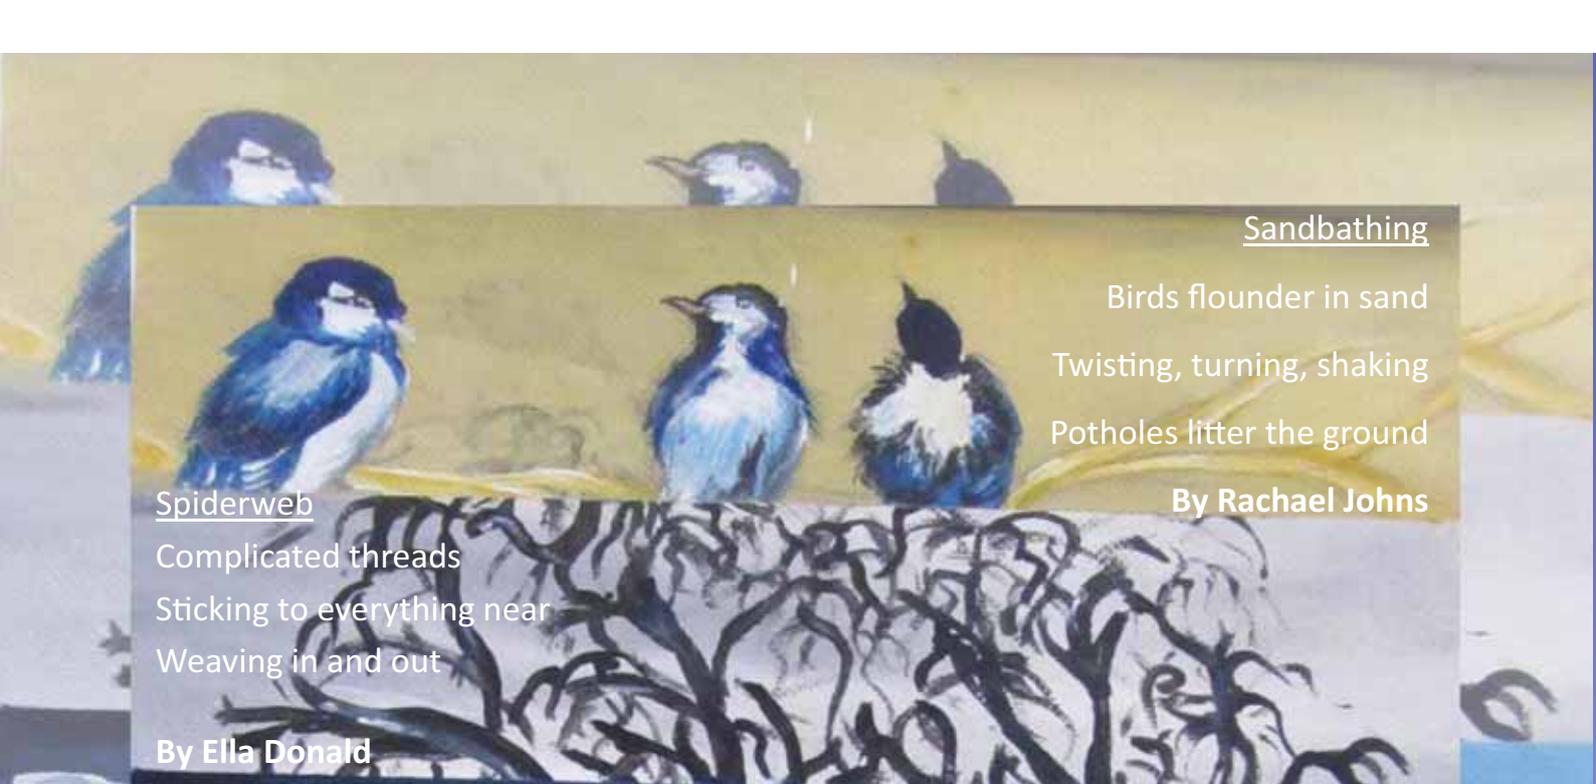

Poems are silly.
Now I can only think of the name Billy.

O! How I cannot rhyme,
I'm now wondering why poems aren't
a crime.

Now I look down...
It's like looking at a beautiful crown.
Nope. No crown, just many words,
As special as a flock of birds,
I have written a poem.
